WEDNESDAY SALE

\$100 Lots

\$5 Down and \$5 a Month

We have decided to offer the choice of lots in block 2, Tukey Heights, for \$100 each. \$5 down and \$5 per month. At this price we advise people not to take less than two lets. We have platted the property into tracts containing from two to four lots. The lots are only one block from boulevard and city water and a little over four blocks from street car. These \$100 lots are not located on the hilltop, but slope to the north and east. The soil is well adapted to gardening and fruit. At \$100 each they are the cheapest lots on the market today and will double in value when the boulevard is completed.

Sale commences at 2 o'clock on Wednesday, August 20, and lasts until 6 o'clock.

We sold on Saturday all of our \$300 lots in Epworth and now offer 10 west front lots on 36th Ave., south of Grand Ave., for \$25 each, \$10 down and \$5 per month. These lots are high and sightly, covered with cherry trees, and some of them are less than two blocks from the street cars.

To reach these properties, go to the end of the Ames Ave. car line and walk north on 36th St. to the top of the hill. A. P. TUKEY & SON

A unique display was held in Berlin a few weeks ago, an exhibition of washing and froning linens. Everything pertaining to washing and ironing, soap, starch, blue, washing machines, wringers, irons, ironing boards and practically every device for facilitating the work of the laundry were exhibited. The show was largely attended by women of every class, for in Germany wash day" is a monthly, rather than a weekly, affair and is dreaded in proportion by housewives. Another feature of the exhibit which attracted much attention was a display of sewing machines, every convenience, improvement and attachment besewing schools in Berlin where young, women were trained as seamstresses. introduction of the first sewing machine materially reduced this number and with such invention as steam sewing machines these schools have almost entirely disappeared. While a seamstress formerly averaged fifty stitches a minute by hand, the power machines make from 2,000 to 3,500 stitches a minute.
