BUSINESS BEING RESUMED

Minister of Interior Reports on Progress of Work at Valparaiso. ESTIMATE OF LOSS TWO HUNDRED MILLION This loss is for Valparaiso alone, as damage in Rural Districts has not been Reported.

VALPARAISO, Aug. 25.—The minister of the interior has sent the following dispatch to President Roosevelt at Santiago: Business is being resumed here. All classes of the population are taking part in the work of repairing the damage. Their tasks with the greatest zeal. If fresh meat is short it is obtained from the markets of Magellan to be sold. Many of the homeless people are in need of clothing. Provisions are running short, but are being obtained because the supplies have been retained here.

Estimate of Loss. SANTIAGO, Chile, Aug. 25.—A conservative estimate places the property loss at Valparaiso as a result of the earthquake and fire at \$200,000,000. The loss in the rural districts will be immense, as not only the residences of the landed proprietors, but the houses of the poor have been completely destroyed and in many places the bridges, fences and telegraph and telephone posts have been thrown down. No passenger trains have arrived here from Valparaiso since August 15. It is said here the extent of the disaster in the number of deaths and property destroyed is probably greater than was the case in San Francisco. Valparaiso is the great seaport of the republic and its commerce exceeds that of any Pacific port except San Francisco. The entire lower part of the city is completely destroyed and the loss of life is felt throughout Chile, as all parts of the country were represented there. Heavy rains are still falling at Valparaiso, making the misery still greater. Donations for the relief of the sufferers are arriving here from all parts of the world.

President Appeals for Aid. OYSTER BAY, N. Y., Aug. 25.—President Roosevelt today issued a proclamation appealing for aid for stricken Chile. The message was issued after a consultation with Acting Secretary of State Bacon at Sagamore Hill today. The proclamation reads:

A dreadful calamity has befallen our sister republic of Chile in the destruction of Valparaiso and other localities. We of this country are deeply sympathetic to the city of San Francisco struggling upward from the ruins in which a like catastrophe overtook it last year. We keep keenly in mind the thankful appreciation we then felt for the way in which the people of Europe, Asia and America came forward with generous offers of assistance. In the time of our own struggle to do to others as others last year did to us, we are reminded that the nation has already taken measures to collect any subscriptions that may be offered for this purpose and that they will be a generous response. (Signed) THEODORE ROOSEVELT, Oyster Bay, N. Y., August 25, 1906.

ARMY NEWS AND GOSSIP.

FORT RILEY, Kan., Aug. 25.—Colonel Fredrico de la Cruz, commander of the 11th Cavalry, arrived in Omaha today and will remain here for the rest of the week for purposes of observation. Colonel Monteverde was here during the maneuvers of 1905. The Fort Riley team decided conclusively that it has one of the fastest aggressions in the west, when last week it defeated the Missouri Hunt and Polo club's team by the tidy score of 7-4. The game between Missouri and the Fort Riley team was a series of games which was begun on Thursday afternoon at the polo athletic park with Missouri leading by a score of 1-0. The first day Fort Riley's first team defeated Junction City by a score of 2-1. The second period of the game was evident from the very first and when at the close of the second period the score stood 2-1, the Fort Riley team's favor the game was called. Saturday's game was naturally a draw, but a much enthusiasm was displayed on the side lines throughout the game. The Fort Riley team won through superior team work. On Sunday afternoon the same teams played exhibition games, with Missouri playing against the other two teams being defeated. Fort Leavenworth defeated Junction City and Fort Riley again defeated Missouri. The cooler weather of the last few days comes as a great boon to the sweating camp on Fort Des Moines, where over 1,000 regular and militia troops are now encamped. During the excessive heat, which continued for about a week, there were numerous prostrations among the Arkansas troops, none of the cases being serious, however.

The Eleventh regiment of cavalry arrived at the camp of instruction on Sunday afternoon and evening six trains. Three cars containing tents and uniforms went away and the entire regiment was orderly handpicked thereby. Colonel Earl D. Thomas commands the Eleventh, which was held at Fort Des Moines in order that its target practice might be completed. Lieutenant Colonel A. C. Sharpe, chief-of-staff, returns tomorrow to his headquarters county, Ohio, where he has been on duty with the Ohio militia during its annual encampment. Lieutenant Colonel C. H. Murray, Eleventh cavalry, has been acting chief of staff in the absence of Colonel Sharpe. Private John J. Suterka of the Twenty-ninth field battery was drowned while swimming in the Kansas river on Saturday morning. His body was finally found by comrades in a sand bar of the river on Monday morning. Interment with military honors took place in the post cemetery the same day. Suterka was a model soldier and was popular with his officers and comrades.

Major Richard W. Johnson of the medical department, on duty at the post, is absent in the east on a six days' leave of absence. Colonel Hall and Captain Farns of the Eleventh cavalry returned to Fort Leavenworth. Colonel Hall has been appointed commander of the service schools there, while Captain Farns will enter the staff college for this year's course. Captain John Conklin, artillery corps, who was here last year as adjutant of the First provisional regiment of artillery, has just arrived here from San Francisco for duty during the maneuvers.

Two battalions of the South Dakota National Guard and two regiments and a light battery of the Kansas National Guard arrive in the camp on Saturday afternoon and have since been engaged in the usual course of instruction. The following regular officers are now on duty with these troops, assisting in their instruction: First Lieutenant E. D. Warfield, Second Lieutenant C. W. Weeks, Thirtieth infantry; First Lieutenant J. H. Murray, Thirtieth infantry; and First Lieutenant Paul W. Beck, Thirtieth infantry, with Kansas.

The officers of the post entertained the visiting officers on Saturday evening with an informal dance in the post assembly hall. The Mesdames Hoyle, Parker and Lewis were in the receiving line. The dancing on Saturday afternoon was served in the post mess hall, under which were served beer and other light refreshments. Mrs. E. D. Warfield, Thirtieth infantry, and Mrs. C. W. Weeks, Thirtieth infantry, were entertained at dinner on Saturday evening. The October number of the World Today will contain an article on "The Service

BRYAN SPECIAL IS LATE

Train Reaches Chicago Behind Schedule Time and Program is Abandoned. NEW YORK COMMITTEE GETS INTO JANGLE Friction Between Factions Over Right to Lead in Entertainment of the Peerless Endangerer Success of Affairs.

CHICAGO, Aug. 25.—(Special Telegram.)—Owing to heavy rains, the Nebraska Bryan special was nearly two hours late, reaching Chicago this morning and will be the same getting away this afternoon. The receipts were to be given the Nebraska delegation this morning in Chicago by the Jefferson and Crooks clubs was abandoned because the change in time of the arrival of the special, but will be tendered the train on its return, when Bryan himself will be aboard. There was no undue excitement along the way this morning, except at one small station outside Chicago, where a number of people gathered when the train stopped and asked that Mr. Bryan come out and speak.

They were surprised to learn he was not in the United States and asked how long he had been out of the country. The carload of democratic mayors is attracting some attention among the Chicago papers and the officers themselves are the center of attraction at the depot.

CHICAGO, Aug. 24.—The Jefferson club announced tonight its list of speakers at the banquet in honor of William Jennings Bryan to be held at the auditorium September 4. Besides the address of Mr. Bryan, speeches will be made by Cato Sells, Iowa; John Temple Graves, Atlanta, Ga.; former governor Robert Taylor, Tennessee; and G. M. Hitchcock, Omaha, Neb.

Later on the tomatoes will come a little heavier. The factory is a combination and can handle both.

WONDERFUL GROWTH OF BOOT AND SHOE SALES IN ST. LOUIS

Five Years Records of Sworn Sales From the Office of St. Louis License Commissioner Show Officially Remarkable Business

Table showing sales figures for various shoe companies in St. Louis from 1902 to 1906. Columns include Year, Sales, and Profit.

Do you know that the wholesale shoe sales in St. Louis reached the enormous total of \$28,679,923.13 in the year closed June 30, 1907? This fact is shown in a statistical table prepared by License Commissioner Clifford from the sworn reports made to him by the wholesale shoe-houses of St. Louis. These reports form the basis for the assessment of the special taxes on merchants in this line of business.

The increase from year to year do not vary so much as one unfamiliar with these official figures would suppose. The period for June 30, 1902, to June 30, 1903, covers some of the worst days of our latest financial depression, yet the Hamilton-Brown company increased \$200,000 in its sales, the Roberts, Johnson & Rand increased \$1,000,000, the Brown company increased \$418,000, and the Peters company increased \$400,000, and the total increase was \$1,717,121.

In the following year, while the Roberts, Johnson & Rand company increased \$1,900,000, the Brown company increased \$292,073 and the Peters \$240,000, and the total increase was nearly \$2,500,000. The year 1905 finds these houses still growing. The total advance for the year is nearly \$2,000,000, which is not so great a rate as in previous years. But 1906 shows big advances, which makes for the falling off of the previous period. Hamilton-Brown advanced \$500,000, Roberts, Johnson & Rand, \$1,800,000; Brown company, \$600,000; the Peters company, \$400,000, and the entire lot \$4,300,000.

The story of it all is that these great houses are still growing and making St. Louis permanently the premier shoe market of America.
