Mr. Wiles purchased a relinquishment of the filing on his beautiful farm in 1864, and has since occupied the land. The best of re-freshments were furnished in abundance. Rev. Mr. Finch of Kansas and Attorncy Henry E. Maxwell of Omaha were among those who delivered addresses for the good of the occasion. PLATTSMOUTH-A pumber of young

of the occasion. PLATTSMOUTH-A number of young men visited the watermeion patch of George Meisinger southwest of Plattsmouth. When the boys hove in sight he greeted them with firing a shotgun in their direction which was loaded with blank cartridges. The boys changed their minds suddenly and commenced to retrace their steps, when Thayer Post and Nolan Manners were seen to reel and fall as though they had

Burns, Klers-tedt and Alvord, who have been selected as the appraisers to determine the value of the water plant, now owned by a private corporation, but to be purchased by the city, are examining the local plant pre-paratory to making their valuation thereon. It is expected the appraisers will agree on a valuation within a few days, and the president of the present water works com-pany is here to make arrangements for the transfer of the property should a satis-factory price be agreed upon by the ap-praisers. If the price is not satisfactory to the city, Mr. Burns, one of the ap-praisers appointed by the city, will figure on the cost of a new plant. GRAND IBLAND-The republican county company and all of the important lines of railroad doing business between the north Atlantic coast and the Pacific coast discriminate against Denver merchants and jobbers in favor of those of San Francisco and other Pacific coast points in the matter of freight rates. It is alleged that the defendant companies exact a rate on calico and some similar merchandise from Atlantic coast points to San Francisco and other Pacific coast points of \$1 per 100 pounds, on car load lots and \$1.50 per 100 on less than car load lots; whereas, to Denver and Colorado common points they charge \$1.79

praisers appointed by the city, will figure on the cost of a new plant. GRAND IBLAND-The republican county central committee met yesterday afternoon and fixed September 29, at 1:30 p. m., as the date for the county convention to nominate candidates for the legislature. It is ex-pected a red letter day will be made of it. Hon. Norris Brown, Hon. George L. Sheldon and other state republican candi-dates will be here. Arrangements are also under way to hold the senatorial conven-tion in this city at the same time. The county nominates two candidates for rep-resentatives and one for county attorney, and the senatorial convention will con-sist of delegates from Hall and Howard counties. As candidates for representatives and W. H. Harrison of this city and and A. E. Cuddfr, of Doniphan, John Alexander and W. H. Harrison of this city and and A. E. Cady of St. Paul. There are numerous candidates for representa-tives. A. C. Mayer is the only candidate for the nomination for county attorney. per 100 with no reduction for car load lots. On other clauses on merchandise, such as cotton sheetings, cotton duck, etc., the defendants charge a rate of 90 cents per 100 on car load lots and \$1.35 per 100 for a less amount than a car load; while the rate on the same goods to Denver and Colorado common points is \$1.79 per 100, irrespective of amount. It is urged that this is a case in which

the shorter haul is included in the longer and the charges to Denver are excessive, unjust, unreasonable and discriminatory. The complainant asks the commission to establish proper rates to Denver from Atlantic coast points and to order that

SLEEP

Did you, sleepless one, ever try a dish of **GRAPE-NUTS and CREAM just before bed?**

Sure you never did or you wouldn't train with the "sleepless squad:"

IT'S A BAD PRACTICE to load up the stomach with a promiscuous variety of rich, indigestible food at night because it "tastes" good.

STRENGTH WITHOUT BULK is a requirement of an ideal food for the last bite before going to bed. The food that is concentrated so that a sufficient amount for all purposes will not distend the stomach; the food that is practically predigested so the organs can, without undue effort, absorb it wholly; the food that contains the tissue-repairing and energy-making elements from clean field grain-that contains the Phosphate of Potash which combines, by vital process, with Albumen to repair the gray matter in brain and nerve centres-that's

TRY A DISH-about four heaping teaspoonfuls with cream, and a little sugar if desired, eaten slowly before retiring, if you're hungry, and note how well you sleep and how fresh you feel in the morning.

Hundreds of people from both Colfax and Butler counties came to spend the day and eat their dinners at the srounds. Many speakers addressed the crowd, Mayor Rathsack being one of thom. It was one of the largest crowds ever seen in Schuyler. NORTH PLATTE-Mrs. Caroline Welch has filed her sult in the district court of Lincoln county praying for a judgment for \$600 against the city of North Platte for a broken arm caused last February by fall-ing over a protruding hydrant. This is the first suit filed for several years in the dis-trict court of this county against the city of North Platte. NORFOLK-Albert Stark, an employe
