SIOUX CITY, Sept. 1.-Sloux City got off budly in the first inning of today's game with Omaha, but won out in the last half of the eleventh in a hair-raising finish, the score being 6 to 4. From the third inning to the close it was a royal pitching battle between Jarrott and Dodge. In the first Omaha made four runs in a hitting bee and an error by Weed. Sloux City in the last half scored one on two singles and a sacrifice. In the second, with two out Umpires: Lundgren and Noonan. and two men on bases, Sheehan smashed Sioux City, Campbell led off with a single; Sheehan, after fouling twice to sacrifice, hit a two-bagger; Noblit went out on an infield fly and Weed singled, scoring Campbell and Sheehan. Champs Win in Ninth.

DES MOINES, Ia., Sept. 1.—With the score T to 1 until the last of the ninth, the Champlons batted in two runs and won the game this afternoon, making it three straight. The Champs outhit the visitors at all times, but seemed unable to hit Zackert when hits meant runs. Several times two and three men were on bases and died there. In the eighth the Champs crowded the bases, but the Lincoin pitcher tightened and prevented a run. In the ninth, however, Magoon opened with a single, Wolfe followed with a double that put Magoon on third and Cicotte's single score: DES MOINES. AB. R. H. PO.

Pueblo Wins by Bunting.

Pueblo Wins by Buating.

DENVER, Col., Sept. 1.—Pueblo defeated Denver. 5 to 2, today by playing rings around the Grizziles. Unable to hit Stecher's curves out of the infield, Selee's men bunted and the Denver infield put up a miserably incompetent exhibition. Morgan pitched good ball for Pueblo and got his revenge on the local club, which refeased him to the tail enders. The score:

DENVER.

Harris Weakens at End of Five Hours' 'Hard Work and Three Runs Are Batted In.

BOSTON, Mass., Sept. L.—A new major reached first on an error, second on an out and scored on Josh Clarke's single. Philadelphia defeated Boston. 4 to 1, in a twenty-four innning game, lasting nearly five hours. An advertised double-header brought out a large crowd to the grounds, but it was impossible to play the second game on account of darkness. On only one occasion, so far as recorded, has this number of innings been exceeded. In 1891 n game between Fargo and Grand Forks at Devils Lake, N. D., lasted twenty-five innings.

The second longest game on record prior to today's contest was the Harvard-Manchester game of twenty-four innings, played in Boston common twenty-nine years ago. Only three major league games approach Only three major league games approach bases: the present record, each having lasted Umpire: twenty innings.

game in 1902, the second was a twent inning contest July 4, last year, and the third was today's game. Coombs pitched one of the stronges

games ever seen in this city, five time passing dangerous batsmen only to get th next man. He struck out eighteen men an was batted safely fifteen times. The pitch ing of Harris equalled that of Coombs fo twenty-three innings, but in the last inning he weakened after the Athletics had score and was hit for two three-baggers. The fielding was necessarily excellent, by the outfielding of Parent and Grimshav

was especially so. Philadelphia scored the first run in th third on two scratch singles and a stole base. Boston tied the score in the sixth on a three-bagger and a single. The visitors scored the three winning runs in the twentyfourth. Coombs struck out, Hartsel singled, Lord struck out and Hartsel stole second. Schreck singled, scoring Hartsel. Then Harris weakened and was batted for successive three-baggers by Seybold and Mur-

FIELD CLUB ENDS GOOD SEASON Base Ball Team Under Malone Makes

Fine Record.

The base ball Team Under Malone Makes

Fine Record.

The base ball season at the Omaha Field club was brought to a close a week ago by the defeat of the Real Estate men and was the ending of a most successful season, the team winning all games but one. This made the season by far the most successful of any in the history of base ball at the Field club.

While the tennis men and the golf players held the center of the stage, the base ball team went quietly along under the excellent management of Ed Malone and trimmed every team which could be induced to journey to the Field club diamond. The only defeat of the season was an early one to the strong Union Pacific shops team, a semi-professional aggregation of strong ball players, but this loss was atoned for later in the season by winning from the shops team when revenge was sweet. The last game with the shops team was a ten-inning affair and ended with the score?

To 6.

Manager Malone played no favorites with

Manager Malone played no favorites with his colts, but took on every team which had an off day. He did not pick the easy ones but played the best at all times, and won from such teams as the Dietz, the Sterlings, the Armours and others. He deserves great credit for making the team a winner, for on his shoulders rested the whole responsibility, he representing both the team and the Field club directors. A manager at the Field club directors. A manager at the Field club directors are difficulties, as there is no second team to play against and the only regular games the team plays are on Saturday's in the match games. Malong knows the game thoroughly and had the society chaps playing better inside base ball than any other team in the city.

Eddie Creighton was a great help to the team and plugged up a hole at third, which in previous years has been weak. Gordy's pitching has been gilt-edge and his work was responsible for most of the team's victories. Malone makes the claim that Johnny Murphy is the fastest amateur in town and says, 'Murphy is a brilliant fielder and has the best arm I ever saw, a good batter and in another year or so will be a wonder." Kelly was manager last year, Malone this and Paul Hoagland is to try it out next year. He will have to go some to keep up the record of the other two. to 6. Manager Maione played no favorites with

Score of Millionaires.

NEW YORK, Sept. 1.—Down a lane of gray brown earth which had all the softness of velvet beneath the tread of the flying thoroughbred hoofs, fifteen fleet two-year-olds raced madly today to a goal three-quarters of a mile away, where lay a stake of close to \$50,000. It was the nineteenth running of the Futurity at Sheepshead Bay and as a roar from nearly \$40,000 throats rent the air, Electioneer, a well named colt by Voter-Quesal, flashed under the wire a winner by three-quarters of a length.

Another champion had been proclaimed and William Lakeland, a horseman by pro-fession, who trains his bread winners himself and sleeps in the barn when necessary, had snatched the richest prize of the year from half a score of millionsires. At the winner's quarters was Pope Joan, the fastest filly of the year and the best of the trio which James R. Keene sent to the post to be played as favorites at the short price of 8 to 5. Demund, the Goldfinch colt, for which Paul J. Rainey paid \$45,000 early in the season, was third, beaten for second honers by the shortest of hards. colt, for which Paul J. Next came Yankee Gun, an added starter, Peter Pan, to which the frantic players of the Keene stable had pinned their faith; Yankee Gri, owned by C. R. Ellison; Bailot, added by Mr. Keene to take the place of Zambesi; Conville, one of the most widely tipped horses in the race; Horace E., the famous western colt bought by Roy Hainey for 125,000 with the Fruturity in view; Don Enrique, the Belmont representative; Kentucky Bean, backed from 20 to 1 down to 12 to 1; Old Honesty, the only 100 to 1 shot. In the stake: Altuda Oran, played by a few because Miller had the mount, and last of all. Pursiane, which opened at 50 to 1, and stayed there.

Field Weil Balanced.

It was one of the best and most truly run futurities ever seen. So well bunched was the field that a furlong from home anyone of the fifteen had a chance. But Electioneer was best. He never faitered under a sruelling drive, which began at the head of the stretch and lasted until the finish. Jockey Willle Shaw was in the saddle and never did a boy give a more skillfull exhibition of horsemanship.

He colket competition, the press match, Lieutenant Smith of Ohio, proved the victor.

Twenty-three teams competed in the Dry-den match, Each team consisted of eight men, who fred ten shots at each trange of 60, 800 and 1,000 yards. The ruies of the fational match were followed. Electioneer money seemed to pour in from every side and the layers were fairly swamped under the cloudburst of gold, silver and notes which were thrust upon

There was a delay of nearly eight minutes at the post. Then the webbing was sprung and away jumped Pope Joan. Peter Pan followed her for a few hundred yards, but the pace was too swift for him. Yankee Gun got away third and Horace E was fourth to show. Electioneer had been a bit unfortunate at the break, though the start was good for all. He was ninth as the timer's flag went down. Shaw took in the situation and acted with swift decision. He pulled Electioneer well to the outside and began a race which will live long in the memory of those who saw it. Clear of interference Electioneer set to work to overhaul his field. At the turn from the futurity chute into the stretch of the main track he was still lengths away from Pope Joan, who was already being halled as the winner. Demund was second, fighting the Keene filly at every step. Peter Pan was third and Yankee Gun fourth.

Shaw pulled his whip and at the first lash Electioneer jumped into a quicker stride. Horse after horse succumbed to his heartbreaking rush until just a few yards from the wire, his muzzle showed in front of Pope Joan. The record-breaking crowd roared its encouragement. Shaw placed the whip once more and the race was over. As Shaw returned with the winner to weigh in, he was greeted by a remarkable demonstration. Omaha may be in some danger of being displaced by the Mickeyites, who have crowded Denver out of their piace by about twenty points, but from this distance it looks as if Pa should hold his own.

Post season games are being talked of pientifully. The big games for the cup between the two leagues probably will be played between the two Chicago teams, at least many western fans are hoping they will. Post games will also be played between the teams of St. Louis, Boston and Philadelphia. The two New York teams will also probably get together.

GRAFTING ON CANDIDATES.

Minnesota Candidates Tell How They Are Held Up.

The matter of grafting on candidates has been taken up in St. Paul, where it is being vigorously discussed in the Pioneer Press and in letters written by candidates. One of the most interesting of these com munications is by Louis Nash, who declares himself against blackmatters and ad vocates a meeting of candidates irrespective of politics to protect themselves

A meeting of candidates of opposing polities to take measures to protect themselves NEW JERSEY WINS DRYDEN PRIZE against graft would be interesting, but it is very doubtful whether it can be brough about. None of the candidates wants to put himself in the position of being a "grouch," fearing that this reputation would lose him votes. None of them wants to take the initiative in a movement which travels out of his sphere as a candidate. Yet a great deal of good could be accomplished if the candidates would get together and appoint a committee to pass upon the merits of various "organizations," As the Pioneer Press suggests, it would be found that some of the worst offenders in politics are the churches. It gives an instance of a certain church which lined up all the candidates for office and coolly informed them that a contribution of \$10 a head toward wiping out the church debt was what was wanted and wanted right off. Churches and other societies have been known to resort to the "popular voting contest" to separate candidates from their money. The popular voting contest has nothing to do with popularity. It is entirely a matter of cash. Its success depends on getting the rival candidates for one of the well-paid offices to allow their names to be used and rivalry does the rest.

Fairs, programs, excursions, entertain ments are multiplied for the benefit of men who are seeking office, and the wiles used to separate each from a little mone; are various.

It is not to be understood that all in vitations to candidates are blackmailing attempts. Where a candidate is invited to a church supper or a social meeting which he is able to attend, and where he pays just what other people pay for the privilege, it is a decided advantage to him legitimate occasions of this kind are made the excuse for fake gatherings. Candidates are called upon to buy blocks of tickets for this, that and the other, and there is always the implied threat that if they do not purchase something dire will happen. The timid candidate is kept in a

state of perpetual scare. The problem is a difficult one to solve Probably the best that can be done is to build up a public sentiment against this kind of grafting which will strengthen candidates to turn the grafters down.

OUR TWO GREAT INDUSTRIES.

Flour and Ment at the Head of Manufactured Products. Wall Street Journal. In the five years between 1900 and 1900 the flour and grist milling industry increased its output 42.2 per cent. The value

ization the former is decentralized, in the

main, and the latter is highly centralized.

Their true significance appears in their relation to agriculture. Milling creates a demand for hundreds of millions of bushels of grain while the meat industry takes the other main product of the farm, live stock, in enormous quantities. Last year twelve leading grain markets took 763,000 .-600 bushels of grain, most of which went into the hopper, and seven packing house centers, including Chicago and the Missouri river markets, received 38,390,000 head of live stock all of which except a few

were destined for slaughtering. These facts bring out clearly the close connection which manufacturing has with griculture on the one hand and with commerce on the other. Manufacturing is a converting of values—raw material values in this case into commodities for commerce to place in the hands of the consumer. It is the business of the manufacturer to enhance the value of what his industry conof production and bring profits to his investment. With the materials of production abundant as they are today in the greatest grain crops of record, and the abundant live stock available these two industries, whose prosperity adds so much to the value of farm products, would seem to have a highly promising future before

Court-Martial for Brockman.

FORT LEAVENWORTH, Kan., Sept. 1.—
A court-martial will sit here today to try
First Lieutenant J. A. Brockman. Seventeenth infantry, a member of the infantry
and cavalry school and a native of isecrgia.
The War department recently has experienced difficulty in obtaining from army
officers answers to official communications
and those who have been dilatory have, it
is stated, been threstened with court-martial. The case of First Lieutenant Brockman is the first case of this kind to be
tried here.

Hartje Awaiting Decision. Hartje Awaiting Decision.

PITTSBURG, Sept. 1.—All rumors to the effect that attempts were being made to settle the Hartje divorce case before it went to a decision by Judge Robert S. Fraser were set at rest today by Attorney J. Scott Ferguson of counsel for Hartje, who said his client was simply awaiting the decision. Attorney John M. Freeman and Detective Gilbert B. Perkins have received threatening letters, said to be in a similar hand to that received by Mrs. Stocum during the trial. No name is signed to these letters.
