

VICTORY IN GRAIN RATES

Omaha Gets Concessions from Milwaukee and Northwestern in Northwest. LINES SAY THEY ARE BETTER THAN ASKED

Omaha has won another signal victory in the fight for better rates from territory to Omaha. The Milwaukee tariff is out with the new rates to and from South Dakota points, and the rates as published are even better than the road promised to give.

When the crusade to make Omaha a greater market was first started no grain was coming to Omaha from South Dakota. These rates had always been overlooked, for no firm had made an effort to get the grain of the Dakotas to Omaha and it had always sought the northern route, where the rates were better.

The roads claim they have done better than was asked by the Commercial Club and Grain Exchange. The complaint in chief was that the sum of the local rates through Sioux City was less than the published through rates, and this gave Sioux City an advantage over the Omaha shippers.

Rock Island's New Scheme. J. C. Shaffer & Co., elevator operators and grain buyers, have opened an office in the Board of Trade building and will apply for membership in the Omaha Grain Exchange.

This is regarded as a plan of the Rock Island to get a share of the grain business out of Omaha, of which traffic it has been deprived by boycott since it put in effect grain rates from the South Platte country discriminating against Omaha in favor of Kansas City.

Local grain men say this move may mean a price war, as the Rock Island is making a strong effort to break the boycott, and it is likely the new firm, in order to get grain for the road, will put out bids which will make the company no profit and will force other grain concerns to let it have a good share in the trade or do business without a profit.

BRYAN GETS HERE WEDNESDAY He Will Arrive in Omaha and Go to that Dear Old Lincoln.

W. J. Bryan and his escort of Nebraska mayors and other democrats, are scheduled to arrive in Omaha enroute to Lincoln Wednesday afternoon. The train is due in Chicago at 11 p. m. Monday, when Mr. Bryan will be entertained Tuesday, and the special train will leave Chicago Tuesday night. It left New York Sunday night.

Mayor Dahlin still has the larrikin which he made famous by insuring Bryan and several cab horses in New York, and sends word ahead that he will give demonstrations when he reaches Nebraska. The train will come over the Chicago Great Western, the same road used to Chicago, and Mr. Bryan, Mrs. Bryan and Miss Grace Bryan will have a car to themselves enroute.

Some of the "home folks" are making side trips to other eastern cities and still trying to keep up with the procession. The majority, however, are sticking right by Bryan and will be his personal body-guard all the way to Lincoln.

Some New York papers that have printed interviews with Omaha men denouncing the antics of Omaha mayor are gross misrepresentation of life in Omaha. Nebraska and the west have wired their local correspondents to send full particulars of the contemplated action of the city council in impeaching the mayor. While some of them think the mayor has not given a

NEW FLOOR FOR OLD VIADUCT Tarred Paper and Tight-Fitting Blocks to Be Laid on Tenth Street.

Repairs are in progress on the Tenth street viaduct and the old wooden floors, which have many out of repair, are to be replaced by new closely-fitting wooden blocks. The old floor allowed the dirt and rain to sift through until many of the heavy girders of the viaduct are rotten and will have to be replaced. The new floor will be water-tight, as a layer of tarred boards is put down, then a layer of tarred paper, and after the paving blocks are put in place they are tarred. The officials hope this new pavement will last for some time and cut off many of the heavy expenses incurred in keeping the pavement in repair.

Weed Cutting Crusade. Members of the Omaha Hill Improvement club will meet Tuesday afternoon at 4 o'clock for the purpose of cutting weeds. As an inducement to get every one out, it is announced that the women of the club are to give a banquet soon to which the weed cutters will be invited free, but for which all others will have to pay \$1 each. It is the purpose of the club to cut and weed out before the seeds ripen and fall.
