

EXCHANGE BACKS SHIPPERS

Will Help Lumber and Coal Men in Demarcation Fight. CONSIDERS ROAD'S ACTION INJUSTICE

The Grain exchange will back up the lumber and coal dealers in their fight against the enforcement of the new demarcation rules of the Western Car Service Association...

Another protested ruling is section 2 of rule 7, which says: All cars containing freight for a connection, when said connection is unobtainable...

Rules Same as Last Year. The two rules are precisely the same as those promulgated last year, but the difference in the situation is that the Car Service Association has proposed to enforce them...

Members of the Grain exchange consider their interest the largest in the city, as they handle 40,000 cars a year, and they are considerably wrought up over the action of the association...

"We can make nothing of it but rank injustice," said a grain man. "Suppose the Union Pacific brings in a car of wheat from Nebraska and gives it to the Burlington to deliver to an elevator on the latter's tracks..."

"It had been arranged to give the park commissioners a launch ride around the lake last Sunday, but the funeral of Edward Rosewater being held that day, it was postponed until 2 o'clock next Sunday..."

"The members are much encouraged over the spirit of the people in regard to improving Cut-Off lake."
