NO ESCAPE FROM HARRY REED Taxpayer is Pursued Clear to Manila by Douglas County's Assessor.

A tribute to the persistency of Assessor H. D. Reed is contained in a letter received by Mr. Reed from Mr. Murray Hayes, formerly of the adjacent general office, but now of Manila. Last June the assessor sent letters to all persons in whose names mortgages were listed and one of these was Mr. Hayes. His answer is as follows:

Dear Sir: Your letter of June 23, 1906, relating to tax on mortgages is received. I beg to inform you that I sold my home in Omaha and came to Manila, with my family, in May 1906, forfeiting my residence in Omaha.

Tired of Life Awful Suffering From Dreadful Pains From Wound on Foot—System All Run Down After Six Months' Agony—Not Able to Work—Completely Cured in Two Weeks

MIRACULOUS CURE BY CUTICURA REMEDIES

"Words cannot speak highly enough for the Cuticura Remedies. I am now seventy-two years of age. My system of late years had been running down. My blood was so bad that blood poisoning had set in. I had several doctors attending me, so finally I went to the hospital, where I was laid up for two months. My foot and ankle were almost beyond recognition. Dark blood flowed out of wounds in many places, and was so disheartened that I thought suicide was my only chance. I slowly leaving me. As the foot did not improve, you can readily imagine how I felt. I was simply disgusted and tired of life. I stood this pain, which was terrible, for six months, and during this time I was not able to wear a shoe and not able to work. "Some one spoke to me about Cuticura. The consequences were I bought a set of the Cuticura Remedies, and one of my friends—who was a druggist, and the praise that I gave after the second application is beyond description. It seemed a miracle, for the Cuticura Remedies took effect immediately. I washed the foot with the Cuticura Soap before applying the Ointment and I took the Resolvent at the same time. After two weeks' treatment my foot was healed completely. People who had seen my foot during my illness and who have seen it since the cure, can hardly believe their own eyes."

MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the unskilled Indian has learned the curative value of some of these and taught the early settlers their uses. The Indian never failed work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "popose root" for her, for that was their name for the female weakness. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," a skillfully made blood-purifying medicine that makes it more effective than any other medicine in curing all the various weaknesses and disorders of the female sex.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Dr. Pierce's Favorite Prescription. Tenders over the lower pelvic region, with backache, spells of dizziness, faintness, bearing-down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefits in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines put up for sale through druggists are full of opium, belladonna, and other powerful and dangerous poisons, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out" or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit. It restores the system, re-energizes and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Purgative, Mild, Harmless, yet sure.

Douglas county and have no intention of returning to a state of anarchy. In fact you have that follows one in this hot country and I'd like to know if I may hope to see you in the future. I have nothing of value in Omaha except a host of friends for me. WILBUR MAYER.

JOURNEY INTERRUPTED FOR DAY Too Much Liquid Joy Interferes with Plans of Mrs. Julia Kerr.

The plans fondly made by Mrs. Julia Kerr, 724 South Nineteenth street, to return to the "old sod" to spend the rest of her years, now that her husband is dead, and she is all alone in the world, were interrupted Tuesday evening, when the woman was removed from the Union depot, where she was about to take a train for New York, and conveyed to the city jail by the police, there to stay over night in the matron's department.

The aged woman, who is believed to be about 70 years of age, was brought to the city jail by the police, there to stay over night in the matron's department. She had been drinking heavily and was found lying on the sidewalk in front of her home, where she was about to take a train for New York, and conveyed to the city jail by the police, there to stay over night in the matron's department.

CRIME IS ON THE DECREASE Small Number of Cases Docketed Attributed to Severe Penalties Last Spring. Judge Sutton of the criminal branch of the district court is well pleased with the present condition of the criminal docket, the number of serious cases being unusually small. Within the next two or three days he will draw two jury panels of 120 each to serve the first six weeks of the October term of court. While the jail is well filled a smaller proportion than usual of the prisoners are held for trial in district court.

BLOW TO LOCAL ICE TRUST

Armour to Open Plant Which Will Relieve Congestion. KNOCKS EXCUSE FROM UNDER COMBINE. Packing Company Will Sell Ice to Big Consumers at Three Dollars and Half a Ton.

R. C. Howe, manager of Armour and company, announces that in a few days, the ice plant of that company at South Omaha will be put in operation and that he has already notified large consumers in Omaha, such as butchers and saloons, that he will have a daily surplus of about five tons, which he will sell in large lots at \$3.50 per ton.

This action will have the effect of releasing a like quantity of ice now held by local dealers and may have a marked effect upon the retail market, taking away from the ice trust, their last excuse for exacting prohibitive prices for their ice. Ice consumers are struck with the fact that conditions have failed to bear out the declaration of the ice trust magnates at the beginning of the season, when, to palliate their offense of raising the price almost to prohibitive figures, they announced their supply was so small it would be over. As a matter of fact statements have gone into circulation purporting to come from ice trust sources to the effect that the ice combine has ample stores still on hand with no danger of running out—and incidentally it has the vast surplus wrung from the people of Omaha by those extortionate prices.

A recent slump in temperature has had a decided effect on the output of ice daily, giving disappointment to the trust which figured a continuation of the warm days in August for most of September.

FRANK CURRIE'S CLOSE CALL Senator from Broken Bow Hero of a Bully Story, Told by R. A. Hunter.

R. A. Hunter, who owns a good slice of Custer county and who is selling off part of the county in bunches of 5,000 and 10,000 acres, entertained a group of people at the Merchants Tuesday afternoon, telling how ex-State Senator Frank Currie came very near being gored to death by a bull.

Currie happened in the yards where the branding was going on. He took up his position beside the fence. I told him to get on the fence, but he said he wasn't in any danger, the cattle were gentle.

ORGANIZATIONS PAY TRIBUTE

Hibernians, Letter Carriers and Bohemian Turners Adopt Resolutions. Various societies and organizations have adopted resolutions on the death of Edward Rosewater and they all breathe the same atmosphere of tribute to his energetic championship of popular causes which he, after mature study, conceived to be right; his devotion to duty in whatever form and his consistent activity in elevating the standard of citizenship. The Commercial club yesterday instructed its memorial committee to draw up resolutions. Here are those adopted by the Hibernians of Nebraska in state convention:

The death of Edward Rosewater removes from the activities of life one of the most remarkable, and in many respects one of the most distinguished men, of modern times.

Springing from a race, which like our own, has for centuries suffered from the unjust and perverse hatred of other nations, he has arisen from absolute obscurity to a position of prominence which commands the respect and admiration of the people of this republic.

Always foremost in plans for the public welfare, Edward Rosewater, and the great untiring efforts have been directed towards the uplifting of the human race, the amelioration of the downtrodden, and the establishment of reforms which would be beneficial to the state and nation.

Resolved, That these sentiments be spread upon the records of the Ancient Order of Hibernians in state convention, and that a copy be sent to the bereaved family of the deceased, and copies circulated to the press.
