Joplin and Webb City Play Remarkable Game, Ended by Darkness
JOPLIN, Mo., Sept. 5.—The Jobin and
Webb City teams of the Western association here yesterday played a twenty-inning, no-run game. Darkness stopped fur-

ther play.

The pitchers were Blaine Durbin, recenty purchased from Joplin by the Chicago National league club, and Elmer Meredith, who was a member of the Kansas City team when it won the pennant several years ago. Cowboys Get & Wallening. Cowboys Get & Wallening.

ARAPAHOE, Neb., Sept. 5-(Special Telegram.)—The Cowboy bail team from Prosser was defeated by the locals in a slow and uninteresting game today and at no time was the result in question. The battery work of both teams was good, but the general playing devoid of snap and especially the base running. The batting of Schoolover, who made three two-baggers in four times at bar, was the redeeming feature of the game, besides catching a good game as usual. Score:

The first outward sign of Contagious Blood Poison is a small sore o blister. As the poisonous virus becomes more firmly entrenched in the blood a red eruption appears on the body, the mouth and throat ulcerate, the hair begins to come out, glands in the neck and groin swell, copper-colored spots appear on the breast, back, etc., and the unfortunate victim finds himself diseased from head to foot. Mercury and potash do not cure Contagious Blood Poison; they shut the disease up in the system and remove the outward symptoms for awhile, but when the treatment is left off the trouble returns. Then the system being weakened from the action of these strong minerals the disease makes more rapid headway than before S S. S. is the antidote for Contagious Blood Poison. It cares permanently and certainly by going down into the blood and removing every vestige of the virus. It is free from all minerals, and while purifying the blood it builds up the entire system by its fine tonic effects. S. S. destroys every particle of the poison and removes all danger of transmitting it to others. S. S. S. cures Contagious Blood Poison because it is a perfect blood purifier.
