FORESTS OF THE PHILIPPINES Rare Woods Grow in Abundance

Sufficient to Supply the

Whole Country.

The natural growth of the Philippine forests is computed by Major Ahern, chief of the insular forestry bureau, to here started yesterday by terrorists who be 1,400,000,000 cubic fect-three times the were angered at the refusal of the inhabi- out for 1900 in the entire United States! At the present time, fully 39 per cent of the destruction of 177 houses. A boy per- this natural growth is going to waste, and the world is clamoring for the woods-

the ebonies, mahoganies, ironwoods, construction woods, all manner of precious woods, that need only modern methods, maximum of machinery and a minimum of handling to make Monte Christos of the needed lumbermen.

There are many millions of cubic feet in the forests of the Philippines that should be cut in order to properly thin out the dense growth; for instance, where there are three or four trees growing on a space required for one, that one so freed would put on more good wood each year than the four together. The question as to whether three hundred or three thousand trees should remain on an acre is where the real value of scientific forestry is shown. Then, too, there are many more millions of feet which reach maturity and pass on to decay, never thrilling to the woodman's ax. There are, however, very few companies in the Philippines properly equipped to handle large logs, and without master mechanics. expert gang bosses-in fact, all the skilled labor required-and without a full stock of the best supply material, it would be hazardous to move the large logs which must be cut and brought to market if the forests are to be properly exploited. A good price is paid in Hongkong for every

stick of timber from the Philippines, and the American lumbermen, with modern methods, can solve the problem, and in so doing they will not only help to educate the adaptable Filipino an to practical things, but will insure him cash wages, something unusual in Spanish days. -The World Today.

Bryan discovered many years ago that he could make his political prominence pay. He is a shrewd advertiser and in his way a clever business man. He has discovered that so long as he is a candidate for president and a possible nominee, gifted with the ability to weave flowing sentences into well rounded periods, the public will come to hear him at so much a head. He is in politics because it helps the gate receipts. Like the sciresses who have discarded the stoler diamond dodge for the greater publicity of a divorce suit. Mr. Bryan will quit polities because it helps the gate receipts and the scire search do the state of the stoler diamond dodge for the greater publicity of a divorce suit. Mr. Bryan will quit polities just as soon as he discovers that some other form of advertising will bring more dollars to the box office when he is an nounced to appear on the stage. Mr. Bryan's fraud last I owed my election to the national committee to fraud in the Springfield convention of two years ago and that the Peoria convention of the year which refused to do his bidding was and that the Peoria convention of the year which refused to do his bidding was and that the reconvention of the greater the form at issue, namely. Mr. Bryan's desire that I reas from the national committee to the therms. The roll call was 1,608 against Mr. Bryan's request to 570 for it. This result ough to be, I think, in the view of any sober-minded person.

Challenge to Mr. Bryan.

Challenge to Mr. Bryan. To test Mr. Bryan's boasted sincerity a little, I challenge him to this: If I hold my position on the democratic national com-mittee by fraud. I ought to resign. If Mr. Bryan has faisely accused me of profiling by fraud, then he ought to quit running for president, because no man is fit to be a candidate for that high office who goes out in public and lies about any member of his party. Therefore, I propose that Mr. Bryan and I put the issue as between us up to the men who sat as delegates in the Springfield convention of two. years ago.

In the Springheid convention of two years ago. Those delogates are still living in Illinois, they can all be found. Mr. Bryan said that a majority of them were opposed to me for national committeeman; he has said that he had at St. Louis letters from more than haif of those delegates in which they repudiated the action of the conven-tion which resulted in my becoming ns-tional committeeman. Let us poll those delegates. Let us have this poll made under the direction of the chief lustice of the supreme court of Illinois. If the ma-jority of those delegates will support Mr. with us. A door would have to be placed between the bookkeep ers' room and the old private office of the treasurer, the latter being used as an office by the judge. Judge Redick's present office

The third plan calls for the removal of the county clerk to the county treasurer's by the auditor and of the scavenger department by the county commissioners. The the county clerk's office to the assessor.

A number of property owners in Mayfield. Haloyon heights and Bowling Green and asked that a road be put in from Dodge street to Benson, a half a mile east of what is known as Wolf's road. It would

be one and three-quarter miles in length and the cost of grading it would amount to about \$2,700. The matter was referred to the committee on roads. The question of raising the salary of

Frank Dewey, deputy county clerk, to \$12 was settled by appointing him custodian of voting machines at a salary of 125 month. His present salary as deputy clerk is \$100 a month. The board was of the opinion some one ought to be employed the year around to look after the machines and Mr. Dewey has considerable to do with them now. It was decided to make him responsible for the machines and give

San Francisco Clearings Increase

BAN FRANCISCO, Sept. 7.-The bank clearings of Sen Francisco registered again for the week ending at noon Thurs-day over the corresponding week of last year of \$3.341.211, or 25.3 per cent. The California promotion computing cent. The California promotion committee which secured the data reports the figures for week as 340.0° or winst \$25.002.837 for same week last year.

Sugar from Philippines.

SAN FRANCISCO. Sept. 7.-The West-ern Sugar refinery yesterday paid into the custom house \$7,5% duty on raw sugar brought from the Philippines on the British steamer Seminole. The total duty was \$109,576, but \$5,059 was paid at Manila as ex-

old began to have eczema on his face, spreading quite rapidly until he was nearly covered. We had all the doctors around us and some from larger places, but no one helped him a particle. The eczema was something torrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I had to bandage his limbs and arbas: his scalp was just dreadful. I arms; his scalp was just dreadful. I used many kinds of patent medicines before trying the Cuticura Remedies, all to no avail.

all to no avail. "A friend teased me to try Cuticura. At last I consented, when my boy was three years and four months old, having had eccems all that time, and suffering untold misery. I began to use all three of the Cuticura Remedies; the Cuticura Soap helped as well as the Ointment. He was better in two months, in air months ha was well the Ointment. He was better in two months; in six months he was well; but I gave him the Cuticura Resolvent one year, — using twelve bottles, I think, — and always used the Cuticura Soap for bathing, and do now a good deal. He was four years old before he was well, and his skin became per-fectly fair when cured. I give you per-mission to publish this letter for I am always glad to do good when I can. I think I have told you all there is neces-eary to tell." Mrs. R. L. Risley, Oct. 24, 1905. Piermont, N. H. _Complex External and Internal Treasent for gray
