Opening Values Are Lower on Increased Selling to Realize. MONEY SITUATION IS DISAPPOINTING Do Not Have Expected Effect on Call Lonns.

Deposits by Sub-Tressury Against Shipments of Gold from Europe

NEW YORK, Sept. II.—Prices of stocks gave ground in today's market and the increase in volume over yesterday was regarded with disfavor in favor of the preponderance of selling in the orders executed. Speculative operators were of two minds in trying to explain the movement of prices. The one supposition was that the easier rate for call money was taken advantage of to realize profits by previous purchasers. The other was that the easing of the money rate was less pronounced of the money rate was less pronounced than had been hoped for and gave less promise of permanence owing to the con-tinued causes of drain upon the New York

of the money rate was less pronounced than had been hoped for and gave less promises of permanence owing to the continued causes of drain upon the New York money supply.

Recent buyers of stocks on an advancing scale are generally recognized to be of a class that possessed sources enabling them to ignore the ordinary extrencies of the money market and to proceed to act on their confidence in the future value of stocks. The campaign of millionaire operators on this basis must recognize the small chance of a general demand for stocks during the actual period of stringent money as a medium of realizing profits. Notwithstanding the pertinacity with which stocks have been held by the powerful spatulators in control of the market it has been the common expectation, therefore, that any easing of the money rate would find large holdings of stocks for sale on any new demand. It is evident also that, measured by the actual engagements of gold already secured for shipments to New York, the previous estimates by the active speculators in stocks were extravagant. The actual gold movement, therefore, even with its alievisting effect on the money situation represents a disappointment to this element in the market. The actual payments by the sub-treasury in placing of government deposits against gold engagements amounts, for the two days the order has been in effect, to \$12,250.00. This does not include some of the gold ascured last week in London and which was shipped for New York on Saturday, thus falling without the privilege offered by the treasury department for holding government deposits on engagements made after Monday. Such shipment therefore will not become available for New York bank reserves until the arrival of the gold next week. The same is true of Australian gold on the way. On arrival of a shipment of over \$1,000,000 today, when added to the gains from the sub-treasury, in the sub-treasury makes a gain sufficient to make up the deficit below the legal reserves of the bank, but does not provide an imposing surp

LONDON, Sept. 11.—Money was in good supply today but a shade dearer. Discounts were firmer, some brokers doing business only subject to a change in the bank rate on Thursday. Trading on the Stock exchange was dull, while the withdrawals of gold were responsible for the downward movement in consols and kindred securities, which made further progress today. Foreigners were in active sympathy with Parls. Americans were not materially benefited by the large gold exports from this side and showed only fractional gains over parity in the forenoon, with small transactions.

OMAHA, Sept. 11.—Bank clearings for to-day were \$1,561,949.55 and for the corre-spending date last year \$1,512,843.19.

Good fleshy feeders, the kind that have been selling freely right along, were again in good demand this morning. The fact that speculators succeeded in cleaning out practically everything that they purchased yesterday made them quite hungry for fresh cattle again today. There were also a good many country buyers, which heiped things materially. The result was that everything in the way of good fleshy feeders sold freely, at good strong prices. When it came to the common and medium kinds it was a different story. As has been noted time and again in these columns, the country is not buying to any great extent the common feeders or stockers and as there were quite a good many of that kind of cattle in the yards the Representative sales:

SHEEP—There was a very liberal run of sheep and lambs here this morning, the barn being comfortably filled. As usual of late feeders were the principal buyers and they were strongly in evidence right from the start. Some of the heaviest feeders in the country were present and the market became active and strong feeding lambe especially showing strength. Feeders lambs in some cases actually acid higher than yesterday. The most of the desirable feeders changed hands in very good season and the market was strong from start to finish and very satisfactory to the selling interests. and the market was strong from start to finish and very satisfactory to the selling interests.

On the other hand fat sheep and lambs were not in such active demand, packers appearing to feel that prices during the last few days have been most too high and that it was time for a reaction. With this in mind they were not such strong bidders as they have been during the last few days and the market accordingly languished for want of buying support. The trade on fat stuff might be described in a general way as slow to a little easier. Unfortunately quite a number of the sheep were caught in a heavy shower of rain, which came up very suddenly, while they were being yarded. This did not help their selling properties in the least. WHEAT PRICES ARE NOW THE LOWEST IN YEARS.

Clearances of five million bushels a week indicate that foreigners want our wheat and believe prices are low enough.

The Stock Market Continues to Occupy the Center of the Stage.

Low priced railroad industrial issues offer excellent opportunities for conservative investment.

PRICES FOR THE CEREAL HAVE AGAIN BEEN POUNDED TO A NEW LOW LEVEL FOR DECEMBER DELIVERY. BUSINESS HAS BEEN LARGE, HOWEVER, AND THERE ARE SIGNS OF A MUCH LARGER OUTSIDE INTEREST TAKING HOLD OF THE LONG SIDE. THE LATE BREAK HAS BEEN BROUGHT ABOUT MORE BY FEAR OF A LARGE SPRING WHEAT MOVEMENT IN THE NEAR FU-TURE THAN FROM ANY ACTUAL MOVEMENT OF THIS KIND-AS A MATTER OF FACT THE RECEIPTS OF NEW WHEAT TO DATE AT MINNEAPOLIS AND DULUTH ARE LESS THAN ONE QUARTER OF THOSE OF A YEAR AGO THE BIG PREMIUMS BEING PAID FOR CASH WHEAT BY MILLERS AND ELEVATOR CONCERNS LEAD US TO BE-LIEVE THAT THESE INTERESTS WHO ARE USUALLY VERY WELL INFORMED AS TO YIELDS AND QUALITIES OF THE GRAIN IN THE DIFFERENT LOCALITIES ARE THOROUGHLY CONVINCED THAT THE PRESENT LOW LEVELS ARE UNWARRANTED BY THE CROP PROSPECTS AND THE GENERAL PROSPERITY AND HIGH PRICES RULING FOR ALL OTHER FOOD STUFFS.

THE LIVERPOOL CORN TRADE NEWS HAS THE FOLLOWING TO SAY ABOUT THE FOREIGN VIEW OF THE LATE BREAK ON THIS SIDE—BROOMHALL SAYS: "THE DECLINE IN AMERICA HAS AT LENGTH CEASED AND THEIR MARKET SEEMED DISPOSED TO RALLY AFTER THE SOMEWHAT STARTLING FALL OF THE LAST FEW WEEKS. WHETHER THE DECLINE WILL PROVE TO HAVE BEEN JUSTIFIABLE OR NOT, REMAINS TO BE SEEN. WEEKS. WHETHER THE DECLINE WILL PROVE TO HAVE BEEN JUSTIFIABLE OR NOT, REMAINS TO BE SEEN. IT IS, OF COURSE, POSSIBLE THAT THE AMERICAN OPERATOR, FOR THE TIME BEING WHOLLY UNDER THE INFLUENCE OF IMPROVED CROP PROSPECTS ON HIS OWN CONTINENT AND IGNORANCE, OR OBLIVIOUS, OF THE BAD STATE OF THE CROPS IN RUSSIA, MAY HAVE IN GOOD FAITH MARKED DOWN THE PRICE OF WHEAT BY ME PER CENT, BUT WITH A KNOWLEDGE OF THE CLEVER MACHINATIONS OF AMERICAN SPECULATORS ONE HAS A DIFFICULTY IN RESISTING A LURKING SUSPICION THAT THE MOVEMENT MAY PROVE TO HAVE BEEN ENGINEERED FROM THE CHICAGO OR MINNEAPOLIS PIT. ANYWAY, THERE IS NOW SOME EVIDENCE THAT THE PRICE HAS REACHED A POINT WHICH IS UNACCEPTABLE TO THE ACTUAL GROWER OF THE ARTICLE, FOR WE FIND THE MOVEMENT IS CHECKED AT THE SOURCE. LAST WEEK'S TOTAL RECEIPTS OF WINTER WHEAT BEING OVER 1,000,000 BUSHELS LESS THAN THOSE OF THE PRECEDING WEEK AND BUT LITTLE OVER THOSE OF THE CORRESPONDING WEEK OF LAST YEAR OR OF THE BAD CROP OF 1804." THE CORRESPONDING WEEK OF LAST TEAR OR OF THE BAD CROP OF 1804.

THIS SAME AUTHORITY SAYS THAT THE ESTIMATED TOTAL IMPORTS OF EUROPEAN COUNTRIES OF WHEAT AND FLOUR, AS WHEAT FOR 1906 WILL BE 66,000,000 QUARTERS OR 525,000,000 BUSHELS, AGAINST ACTUAL IMPORTS LAST YEAR OF 64,640,000 QUARTERS OR \$11,000,000 BUSHELS. THUS WE SEE THAT THE IMPORTING COUNTRIES OF EUROPE WILL NEED FULLY 11,000,000 BUSHELS MORE THAN LAST YEAR. WITH RUSSIA, BY FAR THE LARGEST PROVIDER, PRACTICALLY OUT OF IT THIS YEAR, THE BURDEN WILL NATURALLY FALL ON THE UNITED STATES AND CANADA.

OUR EXPORTS SO FAR THIS FISCAL TEAR HAVE REACHED 24,250,000 BUSHELS, AGAINST ONLY 1,750,000 BUSH ELS LAST YEAR AND AT THE PRESENT RATE BIDS FAIR TO MAKE EVEN A BETTER SHOWING IN THE NEXT TWO

THERE ARE SO MANY IMPORTANT INTERESTS CONNECTED WITH THE TRADE WHO AT THIS TIME HAVE A VITAL INTEREST IN KEEPING PRICES DOWN AND THEY HAVE BEEN ABLE TO DATE TO DISCOURAGE BULL SPECULATION. THE MILLER, THE ELEVATOR MAN AND THE FOREIGN IMPORTER ALL HAVE A COMMON IN-SPECULATION. THE MILLER, THE ELEVATOR MAN AND THE FOREIGN IMPORTER ALL HAVE A COMMON INTEREST IN KEEPING THE BULL SPECULATOR FROM INTERFERING WITH THEIR PLANS, AND THEY WILL ALL BE FOUND STRETCHING A POINT TO CONVINCE THE "ORLD THAT WHAT THEY WANT TO BUY IS REALLY SO PLENTIFUL THAT THE CHANCES FOR A RISE ARE BOTH EXTREMELY SLIM AND EXCEEDINGLY REMOTE. TO THAT POLICY MAY BE LARGELY ASCRIBED THE HEAVINESS OF THE THRESHING RETURNS AS CURRENTLY REPORTED FROM THE SPRING WHEAT TERRITORY, NOTWITHSTANDING THE RELATIVELY POOR CONDITION OF THE CROP AS REPORTED BY THE WASHINGTON AGRICULTURAL AUTHORITIES ON AUGUST 16. IT IS ALSO RESPONSIBLE FOR THE QUIETNESS OF MILLERS IN THE WINTER WHEAT DISTRICTS WHILE THEY ARE SECURING SUPPLIES FROM THE FARMERS IN THEIR RESPECTIVE NEIGHBORHOODS TO THE STOPPAGE OF THEIR MOVE. MENT TOWARD POINTS OF COMMERCIAL DISTRIBUTION. THE SAME DESIRE TO BE FOR SPECULATORS AND SCARE AWAY BUYERS MAY BE TRACED TO BUYERS OF THIS CLASS, IN THE DAILY REPORTS EMINATING FROM EXPORTERS OF NO BIDS FROM ABROAD WITHIN FROM 1 TO 2 CENTS OF THE MARKET IN THE FACE OF EXPORT CLEARANCES OF OVER 5,000,000 BUSHELS LAST "EEK AND VERY NEARLY AS MUCH THIS WEEK.

UNDER THE CIRCUMSTANCES, AS HERE OUTLINED, WHEAT AS AN INVESTMENT PURCHASE APPEARS PROMISING FOR ULTIMATELY SATISFACTORY RETURNS. Stocks THE STOCK MARKET CONTINUES TO BE THE CENTER OF THE BULLISH ACTIVITY. THERE IS, OF COURSE MORE OR LESS IRREGULARITY CAUSED BY THE DESIRE OF PROFESSIONAL SCALPING TRADERS TO SECURE PROFITS, BUT THE GENERAL TREND HAS BEEN TO-

WARD HIGHER LEVELS.

AS REGARDS THE PHILADELPHIA INCIDENT, THE TENDENCY WILL BE TO THROW A WET BLANKET ON REAL ESTATE SPECULATION, WHICH HAS BEEN GOING ON, IT MIGHT BE SAID, AT TOO WILD A PACE IN MANY CITIES. THAT THE MARKET DID NOT REACT MORE THAN IT DID, CONSIDERING THE WEEK'S EVENTS, IS A MATTER OF CONGRATULATION AMONG THE BULL ELEMENT, AND SHOWED THAT THE SITUATION IS WELL CONTROLLED BY LEADING WEALTHY INTERESTS. A VAST AMOUNT OF REALIZING HAS BEEN INDULGED IN CONTROLLED BY LEADING WEALTHY INTERESTS. A VAST AMOUNT OF REALIZING HAS BEEN INDULGED IN AND UNTIL THE MONETARY SITUATION EASES UP OPERATIONS MUST NECESSARILY BE LIMITED, BUT WITH THE DISTRIBUTION OF LARGE DIVIDENDS AND INTEREST PAYMENTS THIS MONTH, IT SHOULD HELP OUT MATTERS, AND THERE IS A POSSIBILITY OF SECRETARY SHAW MAKING ADDITIONAL DEPOSITS IN THE NATIONAL BANKS. SENTIMENT IS BULLISH, ESPECIALLY ON THE BETTER CLASS OF STOCKS, AND UNDER THE LEADERSHIP OF UNION AND SOUTHERN PACIFIC, ST. PAUL, ATCHISON AND UNITED STATES STEELS, THEY ARE EXPECTED TO MOUNT TO HIGHER LEVELS, WITH POSSIBILITIES FOR AN ENHANCEMENT OF VALUES IN THE PECTED TO MOUNT TO HIGHER LEVELS, WITH POSSIBILITIES FOR AN ENHANCEMENT OF VALUES IN THE COPPER STOCKS. THE ELIMINATION OF REBATES UNDER THE NEW RATE LAW MAY CREATE BEARISH CAPITAL ON THE INDUSTRIALS, BUT WITH THE LARGE AMOUNT OF NEW BUSINESS THAT HAS MADE ITS APPEARANCE IN THE STEEL TRADE FOR 1871 DELIVERY IT IS A REFLECTION FOR ALL MINOR CONCERNS, CONSIDERING THAT STEEL IS THE COUNTRY'S BAROMETER FOR BUSINESS, FOLLOWING ITS GREAT CROPS. RAILROAD THAT STEEL IS THE COUNTRY'S BAROMETER FOR BUSINESS, FOLLOWING ITS GREAT CROPS. RAILROAD THAT STEEL IS SUCH AN IMMENSE, THE CANADIAN PACIFIC WAS A REVELATION AND IN ALL DIRECTIONS THERE IS SUCH AN IMMENSE VOLUME OF TRAFFIC THAT ITS REITERATION HAS BECOME NEARLY STERMOTYPED. THE BEAR ELEMENT IS AGGRESSIVE AND MORE THAN EVER INCLINED TO CONTEST ADVANCES, AND WILL NATURALLY CREATE A LARGE SHORT INTEREST IN MANY STOCKS. IT MEANS A GOOD TRADING MARKET, AND, AS THERE IS NOTHING IN THE SITUATION THAT CAN BE REGARDED AS PESSIMISTIC, ASIDE FROM THE STRAIN IN MONEY, IT WOULD APPEAR AS IF GOOD BECURITIES COULD BE TAKEN ON WHENEVER HAM-THE STRAIN IN MONEY, IT WOULD APPEAR AS IF GOOD SECURITIES COULD BE TAKEN ON WHENEVER HAM-MERED DOWN SHARPLY WHILE THERE ARE INDICATIONS THAT MANY OF THE LOW AND MEDIUM PRICED RAILS AND INDUSTRIALS WILL COMMAND MORE ATTENTION.
