

LUTHERAN SYNOD CONVENES

Grace Church is Comfortably Filled at the Opening Session Wednesday Evening.

NUMBER OF CANDIDATES FOR MINISTRY

In Addition to Ministers of This Synod, a Number of Prominent Figures in the Church Are to Be in Attendance.

The thirty-fourth annual convention of the Evangelical Lutheran Synod of Nebraska began last night at Grace Lutheran church and will continue until Sunday. The synod is composed of forty-seven ministers and one delegate from each of the forty-seven churches in the district. It is expected all of the ministers will be here and many of the lay delegates, though few have arrived as yet.

After the opening session at the opening exercises of the synod. The assemblage was most representative, comprising all members of the synod in the city, special representatives of international societies affiliated with the church, together with many lay members of the local churches.

Rev. J. E. Hummon of the Kountze Memorial church led the services and after the singing of the Gloria Patri by the congregation, delivered the scripture lesson which was taken from the eleventh chapter of the Book of Revelations, first to fifteen verses. Rev. M. L. Melick then outlined the program of the synod's meeting on Thursday and introduced the president of the synod, Rev. J. D. Lowe of Beatrice, who delivered the sermon.

Rev. Lowe's sermon was a masterly presentation, showing the wonderful growth of Christianity during the last century. His sermon was replete with statistics comparing the strength of the Christian nations of the present day with the declining numbers and popularity of the so-called heathen religions, wherein he referred particularly to Japan as being a peculiar example of a former heathen nation which is now practically within the Christian fold. He also gave the history of the Lutheran Church in a concise manner, dwelling upon the part this church had taken in the propagation of the Christian faith in foreign lands.
