

Our Present Store.

Brandeis Removal Sale

The New Brandeis Store.

Monday will find a store full of great money-saving bargains awaiting the crowds that come to take advantage of this great sale of all removal sales. Omaha people have learned that Brandeis never announces a sale filled with bargains unless every promise can be fulfilled.

This is not an offering of a handful of goods under regular price, Brandeis' Removal Sale means the absolute sacrifice of every dollar's worth of merchandise in our building before moving into our new store with an all new stock.

Women who are careful buyers and want to make their purchasing money do the greatest service are not overlooking this long expected chance to buy seasonable high grade goods far below real value. Hundreds of matchless bargains Monday.

TWO WOMEN IN TROUBLE
Fair Cases Cause of Fraud Order Being Issued by Postoffice.

HINDOO LOVE CHARMS IN THE CASE
Mrs. J. T. Cornish of Gem Novelty Company Spurns Her Alleged Connection with Unlawful Enterprise.

Hereafter any mail addressed to the Gem Novelty company or to "Professor H. Kalo," will be returned to the postoffice where it was posted, bearing the mark "fraudulent." Should it be impossible to locate the writer, the same will go to the dead letter office with the same glaring notice written on it.

This is the result of an investigation made by Postoffice Inspector Moore, which is based on the charge that the Gem Novelty company and "Professor Kalo" are using the mails to secure money under false pretenses. Incidentally, should either the manager of the Gem Novelty company or "Professor Kalo" pass up a money order to the Postoffice department to be cashed the same will be repudiated by the paying clerk. Such is the fraud order issued by Acting Postmaster General W. S. Shallenberger and received by the postoffice here Saturday morning.

Mrs. J. T. Cornish, who resides over 823 North Sixteenth street, is the manager of the Gem Novelty company. "Professor H. Kalo," which may not be Mrs. Cornish's business name, is said by Mrs. Cornish to live in Council Bluffs. She knows nothing of the professor, she said, merely being acquainted with him. Both get their mail at the Omaha postoffice, through separate boxes.

Hindoo Love Charms.
It is alleged that at least one of the parties against whom the fraud order runs has been selling Hindoo love charms, guaranteed to produce love at first sight, all for \$1. It is also charged that for a stipulated sum at least one of the parties agreed to send out spirit pictures of the person the victim is to marry. It is claimed a thriving business has been done and it has taken Inspector Moore something over three months to get his case worked up. It was the intention to have the last fed-

eral grand jury look into the matter, but this was not done.

Mrs. Cornish is a vivacious, good-looking young woman and refused to believe a fraud order had been issued against her.

"I know no such order has been issued," she said, with much spirit. "How could there be? I am only selling jewelry, and everyone who buys from me gets his money's worth. I have defrauded no one. I merely know 'Prof. Kalo.' You know we mail-order people do get acquainted, but I think he lives in Council Bluffs. He may have sold those love charms, I don't know, but I merely sold jewelry, and every person who bought got his money's worth. Do you know what's back of all this? Well, I'll tell you. Someone has found out I was making 15 cents a month more than my expenses and so he has filed charges against me. It's all right. Someone will have to sweat for this."

While Mrs. Cornish denied she knew anything about the business of "Prof. Kalo," she smilingly agreed to send some of his literature to the newspaper offices as soon as she got hold of any of it.

WEST Q PAVING BIDS OPENED
County Commissioners Plan to Do First Work Under Inheritance Tax Law.

Bids for the paving of West Q street out of South Omaha were opened Saturday morning by County Judge Leslie in the presence of the county commissioners.

These were the first bids to be called for by the commissioners under the inheritance tax law providing for the use of the tax for the permanent road purposes. About 15,000 cubic yards of dirt will be moved and the contract will amount to over \$2,000. The grading will be done this fall in order to give the road-bed time to settle before the paving, which will be done next spring.

These bids were opened and referred to the road committee for tabulation: Dan Hannum, 23 cents per cubic yard; W. M. and J. W. Williams, 26 cents; Ed Miller, 29 cents; Whitney, Landin & Verner, 34 cents; Turner & Kracht, 38 cents.

For the first time in years the commissioners allowed the bills of the month preceding the date of allowance. All of the claims filed up to September 10 were acted on Saturday in accordance with the new plan to pay up monthly.

A protest from the Douglas County Medi-

DEATH CHARGED UP TO BOYS
Complaint Filed Against Youths Who Release Car That Kills Man.

KNIVES USED IN THE DEBATE
Man Who Tells Socialists They Should Work is Made a Chopping Block.

It is highly probable that A. B. Hines, Eighteenth and California streets, will hereafter curtail his oratorical abilities and leave his political opinions to himself when talking to strange men of an opposite political faith. Friday night Hines met two strangers in Jefferson square and entered into a heated argument with them as to the merits of the socialist party. The men said they were socialists, but he did not profit by the warning. Hines made the statement that if the socialists would work more they would find fewer grievances to worry over and also talk themselves hoarse trying to convert their fellow men.

The strangers then proved that they were not only socialists, but anarchists as well, and proceeded to carve Hines up with a knife. Dr. Harris dressed Hines' wounds at the city jail, which were found not to be serious.

OUR LETTER BOX.

Sinabugh's Record.
OMAHA, Sept. 15.—To the Editor of The Bee: A word with reference to the record of W. W. Sinabugh, our present county attorney, so far as I am officially acquainted with it. Having been a member of the county board for two years and chairman of the board for the last year, I am in a position to know the value of his service to the people of this county and to the county board, and I consider the county very fortunate in having so faithful and efficient an officer. His advice on legal questions to us, as a board, has had much to do in putting this county on a cash basis. His opinions, so far as I know, on the many legal questions constantly arising have been correct without exception. We have never found him wanting. We have not paid out \$1 for special counsel under his administration. He has represented the county in many important suits in the district court and in the supreme court and has been remarkably successful. He represented the county in the United States court in the suit by the Omaha Water company to enjoin the collection of some \$23,000 in taxes and was successful. His opinions on the many new questions under the scavenger tax law have thus far been proven correct. He was successful in the supreme court in the primary case and in the inheritance tax law case, which he was the first to enforce and has brought into the county treasury already about \$7,000 for permanent roads. Nearly every case that he has taken to the supreme court where there was a fighting chance he has won. He intends to bring suit to recover uncollected fees, he informs us, but it will be impossible to do so before the experts now checking over the officials' books have completed their work, that he may know what is due the county. As to the collection of marriage ceremony fees, he is assisting the county attorney of Saunders county in a suit in the district court already begun there to determine whether those fees must be accounted for by the county judges, and if he finds the suit is not speedily pushed there he intends to bring an original suit in the supreme court to test the question. His splendid success in the criminal courts is well known. I understand that it

is the first term for a long time that special counsel has not been employed.

If we should employ special counsel I know of no one better qualified than our county attorney because of his experience. I believe that he is a faithful and efficient official. I can see no reason for misrepresenting the facts by any person and I believe by inquiry of any fair-minded person in a position to know my statement will be confirmed. Yours truly,
FRED BRUNING.

SEMINARY OPENS NEXT WEEK
Attendance Will Be Larger Than Last Year—Some Students from Other Seminaries.

The Omaha Theological seminary will begin its sixteenth year of school next week and the faculty is preparing for a larger enrollment than last year. Some of the new students will come from other seminaries.

The faculty will meet Wednesday morning to receive entering students. The opening services will be held Thursday evening at 8 o'clock in the chapel of the institution, and an invitation has been extended to all friends of the students and school to be present. Prof. J. J. Lampe will deliver the address to the students.

TICKET AS WHOLE IS SAFE
Most of Republicans Will Win, Is Opinion of Frank Jouvenot, Now of Lincoln.

Representative Frank Jouvenot was in Omaha looking at the tall buildings and attending to business Saturday. Mr. Jouvenot is now located in Lincoln.

"The republican ticket is a winner, I think, with very little trouble," he said. "The fight, of course, will be on the legislative ticket. George Sheldon will materially strengthen the ticket and will help the legislative ticket. In a number of counties, however, I have heard of trouble and it will mean a fight."

Peace-maker is Improving.
Harry Haynes of Avoca, Ia., who was injured in a shooting scrape in that city Friday, was brought in his car Friday night and taken to the Clarkson hospital. It is reported that Haynes took the part of the peace-maker in a quarrel and was shot in the thigh for his trouble. The wound is an extremely serious, however, and Saturday morning he was reported to be doing nicely at the hospital.

Strike at New York.
NEW YORK, Sept. 15.—The officers, firemen and deck hands on some of the Standard Oil company's fleet of fourteen tug boats in New York harbor went on strike today for an increase in wages. Some new men were put in the place of the strikers, the officers said.

WRITE
S.S.S. OUR PHYSICIANS

While we have the utmost confidence in the curative powers of S. S. S. in all blood troubles, yet we realize that in some cases causes unknown to the patient often hinder the best effects of the medicine. For this reason we have maintained for many years a branch to our business known as "Our Consultation Department." This department is composed of regularly graduated and licensed physicians who have made blood and skin diseases their special study, and who are employed solely to advise and help, without charge, those who use S. S. S. Thousands of people have been cured of blood and skin diseases of every kind by the use of S. S. S., and many of those who, perhaps, at first did not find the results entirely satisfactory, wrote our physicians a full statement of their case, and a little advice hastened the cure. We have nothing to sell you, and the only reason for wanting you to write to us is that we may use every effort to see that you get the best result from the medicine. You can then help us by advising your friends to use S. S. S., which you will know from experience is all we claim for it. You can write with the assurance that all correspondence is held in strictest confidence, and that our physicians will give you helpful advice without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.
