

DEATH IN DIRTY WATER.

Drinking Water in September Apt to Be Impure.

Many People Use Pe-ru-na to Prevent Ill Results.

A Polluted Reservoir.

Mr. S. A. Doolittle, 253 East 2nd street, Corning, N. Y., writes: "I cannot speak too highly of Peruna, as a tonic and cathartic cure in whatever form, or wherever located."

During the month of September the drinking water, especially of cities, is apt to be polluted.

To supply water to a large number of people, rivers and lakes must necessarily be drawn upon.

These places become more or less stagnant during September. Hence the water is impure.

The result is a prevalence of Typhoid fever and bowel diseases.

The natural and surest remedy is to change from polluted to pure drinking water.

This cannot always be done, however. Many people are wholly dependent upon such drinking water as the city may furnish.

Their systems are therefore contaminated with disease germs. Some of the people so contaminated fall easy prey to disease.

AFFAIRS AT SOUTH OMAHA

Jury in Case for Sunday Liquor Selling Fails to Agree.

SEWER CONTRACTORS ARE SATISFIED

Have No Objection to Use of Reinforced Concrete Except in Tunnels, and There Plain Concrete is to Be Used.

The police force of the city and the city attorney yesterday made an attempt to secure the conviction of J. G. Lasco on a charge of having sold or given away liquor on Sunday, September 9.

Contractors are Satisfied. There appears to be but little foundation for the report that Contractors Hanson & Craig were dissatisfied with the resolution of the council favoring the use of reinforced concrete in the construction of sewers.

BUFFALO BILL HOME SOON

Wild West Showman Will Return to Nebraska in October from Europe.

Harry Jordan has just received a letter from W. H. McCune, who is with Buffalo Bill's Wild West show. The letter was written from Coblenz, Germany, and Mr. McCune says, among other things, "We see by cable news that Edward Rosewater is dead. Too bad. Another pioneer gone."

I have seen nothing but work since I saw you. The business is keeping up. The show took in \$10,000 at Luxemburg and turned away almost that much more. We close September 21, and sail from Antwerp September 22 on Zealand Red Star line. We go on three boats, Colonel Cody and Indians on the Zealand, myself on the Philadelphia, alone with cowboys, Mexicans, Japs and others. We arrive in New York one day ahead of the Zealand. I meet Colonel Cody and Indians and take charge of Indians until they reach Pine Ridge.

I will be in Omaha October 5 or 6, as we land in New York October 1, bearing accidents. Colonel Cody is in good health. We all will be glad to get home.

PURSE RETURNED BY MAIL

Lost Pocketbook is Sent Back to Owner with Contents Intact.

A few days ago John Hoodhart and his wife, who live at Florence, came to Omaha to do some shopping and took lunch at Bennett's. They carried a valise containing several articles of wearing apparel and a large pocketbook containing papers which were only valuable to the owner.

After finishing their lunch they discovered that the valise had been stolen. Saturday morning Mr. Hoodhart received a bulky package in the mail containing the pocketbook with all the papers untouched. There was a return card on the package stating that if it was not delivered within ten days to return to 1704 South Twenty-fifth avenue.

AGED MAN DIES IN HIS BED

J. H. Spear is Found Dead in Room at the White Front.

J. H. Spear, aged 64, was found dead in bed in his room at the White Front hotel, 109 Farnam street, Saturday morning at noon. Mr. Spear was a resident of Iowa, where he owned considerable property, but had resided at the hotel for over a year, having a law suit against his son in this city in which he was interested.

Mr. Spear went to bed as usual Friday night but did not come down to breakfast, and when he failed to show up for dinner the clerk of the hotel, C. B. Cummins, became alarmed and went up to his room, where he found him dead. He had evidently died some hours previous and his death is believed to have resulted from heart trouble, having had trouble of that description for some time. The body was removed to the office of county coroner.

DAHLMAN IS STILL TALKING

Our Jim Continues to Tell How He Will Annihilate the Ice Trust.

Mayor Dahlman intimated Saturday morning that the denouement of the Eckerman-Ransom-John Doe ice drama would be enacted next Monday morning. Just what the mayor's program is he, for obvious reasons, did not care to divulge, but those who know him best declare he will make good his recent statement that he would take summary action if the ice company continued to refuse to supply ice in such as the Eckerman and Ransom cases.

The way the mayor talked, Saturday morning, brings back dark days for the coming week. But they are not jumping in the sun just yet. Citizens in Bemis park are securing their seats in advance.

WRECK STOPS MOTOR CAR

Union Pacific Train Jumps Track in Front of McKee's Latest Cyclone.

Union Pacific passenger train No. 11 was wrecked near Waterloo Saturday morning. Immediately in front of motor car No. 9, which was returning from a test trip to Grand Island under the pilotage of W. R. McKee, superintendent of motive power and machinery, No one was hurt.

From a cause that could not be determined the train jumped the track a mile east of Waterloo at 8:45 a. m. and ran a quarter of a mile on the ties, tearing them up badly. By 11:30 a. m. it was back on the track and started for Omaha.

Mr. McKee had counted on being in Omaha at 1 p. m. Saturday, and had he pursued the course he adopted a day or two previous with car No. 8 he could have carried out his schedule. That was to run his motor in front of the Overland Limited. The accident caused much surprise, but McKee succeeded in keeping his car a safe distance in front of the limited train, one of the fast trains of the country.

The United States Government Says. In a report of the Department of Agriculture. "The chief uses of food are two: (1) To form the material of the body and repair its wastes, and (2) To furnish muscular and other power for the work the body has to do." Malta-Vita builds up the body, repairs its waste and yields muscular and other power to the greatest extent because it supplies the body with every required food element and is easily digested. Scientists say the fourteen food elements in wheat are the identical elements of which the tissues and cells, bones and brain, blood and muscle of the human body are composed and with which they must be replenished if life and strength are to be sustained. Malta-Vita contains every nutritive element of the best wheat. It is the whole of the wheat, thoroughly cleaned and cooked, mixed with pure barley malt extract, then rolled into water-fakes and baked crisp and brown. The cooking of the wheat gelatinizes its starch and the malt extract, an active digestive agent, converts the starch into maltose, or malt sugar. Maltose is valuable food for the weakest stomach digests it without effort. Physicians recommend it and Malta-Vita is rich in it. Malta-Vita is pure, clean, appetizing and wholesome. Eat it with milk, cream or froak milk. No cooking, always ready to eat. All Grocers. Now 10 Cents.
