> Demands Chief Cooper's Scalp. Rev. Samuel Batten of the first Baptist church secured the passage through the Ministerial association this morning of a resolution demanding the resignation of Chief of Police Peter Cooper. This action is demanded because Lincoln has a proscribed district and Rev. Mr. Batten thinks the evil place should be wiped out. Since he became the head of the police department Chief Cooper has succeeded in eradicating the evil in blocks in the city and has drawn tightly the lines around the burnt district. Recently this man Batten, who announced upon coming to Lincoln two years ago that he had been known as the 'rubbering rector" wherever he lived and he intended to go after evil in this city, recently visited a number of houses of ill repute and it is said he bought a bottle of beer in one of them. He now demands the houses be closed and that first Chief Cooper be beheaded.

At the ministerial meeting Mayor Brown ook issue with the minister, holding that Lincoln was as free from the social evil as any town of its size in the country.

The Boyd county land cases, which have been in the courts for a number of years, are about to be settled by the purchase of the land from the state by the settlers at the appraised value. Land Commissions Eaton, who has just returned from that county, brought back the information.

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting ele-In this way it cures blotches, pimples, eruptions, scrofulous swellings sores, or open eating ulcers and all

humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomor bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indi-gestion, or dyspepsia and their attendant

derangements.

The best seeds known to medical science for the circ of the above aymptoms and conditions as attested in the writing of leading leachers and machinary of all the several schools of medical machine, have been skillfully and harmoniously combined in Dr. Pierre's Godden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mall a postal card request to Dr. R. V. Pierce, Buffalo, N. EACH MEMBER AGREES TO PLATFORM

Will Exert the Utmost Care in Order that Sanctity of Altar and Home May Be Pre-

served.

The Ministerial union of Omaha met Monday morning at the First Congregatioral church, after its summer vacation, with Rev. A. S. C. Clarke, D. D., presiding. and about twenty ministers present. The principal feature of the session was the report of the committee to which had been referred the matter of "Customs and Laws on Marriage and Divorce." The report was submitted through Rev. E. H. Jenks, D. D., the other members af the committee being Reys. J. W. Conley and H. C. Herring. This committee was appointed at the last meeting of the union, held June 18, and was the result of a conference held by lergymen at that meeting.

The report stated, in effect, that each minster should definitely decide as to his part in the performance of the marriage ceremony and that in the opinion of the committee this matter should be made the subtect of discussion at a special meeting to be hereafter decided upon.

Ministers Pledge Themselves, The committee recommended the following pledge, the ministers signing such portions of it as agreed with their convictions.

The great and growing menace to the purity and stability of the home is found in improper marriages and multiplied divorces, and, realizing my responsible relation to the mater as a minister of the gospel, destring to join in a collective movement for remedying the evils, I sign my name below in declaration of my purpose.

my name below in declaration of my purpose.

1-To make careful inquiry of persons seeking to be married as to previous marriage, etc., in order that I may judge of the propriety of officiating.

2-To require in the case of strangers that their reliability be vouched for by someone in whom I have confidence.

3-To solemnize no marriage where I am convinced that either party is unfit for marriage by reason of age, ill-health or vicious habits.

4-To marry no divorced persons within one year from the granting of the decree.

5-To refuse in every case to re-marry a divorced person whom I have reason to believe is the offender against the former marriage bond.

6-To refuse to marry a divorced person

and belief the other party was guilty of 8-To refuse in all cases to re-marry a divorced person

It is understood that in all the above cases the re-marriage of persons divorced is excepted. The report of the committee was received

and placed on file and the first regular meeting of the union in October was decided upon as the special order for the discussion of the report.
