ONLY MAKES HALF AS MANY HITS

Locals Get Five Against Visitors' Ten, But They Are Made at the Right Time to Bring Rons.

Omaha won a ten-inning contest from the Mickeyites at Vinton street park Monday n spite of the fact that the game went to xtra innings, that it was "ladies" day," hat it was pay day, that Pop Eyler was in he box, that Omaha made two errors and Ancoln none, that Omaha made five hits and Lincoln ten, and that Davis was giving Pop Eyler all the corners. The Rourke amily won the game by the score of 2 to 1 n spite of all the above mentioned opposition in a game which was well worth the price and time and which was full of interat from start to finish. The entire ten indags were played in one hour and twenty minutes, which must be a record. It was played so fast the street car company did not know the game was over and did not get the extra cars down until the people

had all gone home. Although Lincolnites made ten hits off MoNeeley in seven innings they were able to cash in but one run, which showed Mac on to second and Bassey hit one against was pitching some ball, and that run was Pop Eyler's shins and was safe on first made from a base on balls and an error. After the seventh inning they could not connect safely for Mac had settled down and it was only a question of time until and the game was over. the Rourke family would cross the plate with the run which would win the game.

Lincoln started out in the first inning as if it was going to do things to the Rourkes, for Quillin hit safely and David- day, and there were many women in Omaha son followed with a double which looked who did not see Davidson. If they are unas though it was going to bring Quillin able to go to the park this week to see him home. The ball, however, hit the fence and they can see his likeness by watching Paul sounded back to Bassey, who nailed Quil- Spadoni at the Orpheum, for they are built

Salt Creek's First Run. The first run was made by the men from Salt Creek in the fifth inning, when Steen Howard, 2b. walked and Rogers tried to sacrifice. Dolan had plenty of time to catch Rogers at first, but he tried for the runner at second, threw wild and Steen was perched on third by the time Weich had tossed the ball into the diamond. Eyler struck out and Ketchem flew out to Autrey, but Quillin was there with his third hit and brought Steen home. That was all Lincoln got, but McNeeley got in several tight holes later and was saved by magnificent fielding by the Rourkes. Autrey got several balls which woked impossible. Welch scooped one right off the ground after a hard run and Howard copped a good one.

Omaha's first run was a simple affair. Welch simply took his little bat and knocked the ball way over the right field fence. This was in the last half of the fifth, the same inning in which Lincoln had scored. The teams then played along until the tenth before either side could score, although Lincoln made two hits in the sixth inning and two in the seventh.

The windup came in the last half of the tenth inning. The Lincolnites had been retired with no other damage than a booted ball by Herman Long after two were out.

Beer is an Aid

A Well Known Physician Says it Increases Activity of the Stomach and is Good Food.

Dr. I. M. P. Smithwick of La Grange, N. C., who is prominent in the medical profession of his state and an analysis of the state and analy on food values, agrees with other emi-nent physicians that beer, is a wholesome beverage, beneficial to the health In a recent interview Dr. Smithwick said: "I believe beer to be a great benefit by aiding digestion and assimilation. I think it is of food value to the human organism, not only on account of the vegetable and cereal ingredients it contains, but also on account of the small percentage of alcohol present, which aids digestion by increasing the activity of the stomach."

Doctors say Pabst Blue Ribbon Beer is the beer to drink, the most healthful It is richest in the food value of which Dr. Smithwick speaks, because brawed only from Pabst exclusive eightday malt and choicest imported hops. All physicians say, "the richer the malt, the more wholesome the beer." Pabst exclusive eight-day malt is the richest malt made, because grown from the best selected barley and grown slowly, without any unnatural development. It retains in Pabst Beer all food elements of the barley in pre-digested form. Malt which is grown by the usual four-day process loses the vital food strength of the barley, and beer made from four-day malt cannot be rich in food value.

Pabst Blue Ribbon is the superior of all beers in food strength, purity and cleanness. It is aged for months before leaving the brewery and is the best beer to the taste, most refreshing and satisfymade, because grown from the best se-

the taste, most refreshing and satisfy-

Diefs Through With Sage.

OMAHA, Sept. 17.—To the Sporting Editor of The Bee: The Dietz Athletic association would like to make a statement through your columns to Mr. Sage of the Sterling baseball club, who appeared with another glorious proposition published in your Sunday morning paper. Inasmuch as Sage falled to meet the £56 deposits which our club placed in your hands Saturday, the 15th, to bind the proposed game to be played at our park September 22, we are inclined to think this second outburst of his is nothing more than another foolish dream, similar to his first one. It has been the general opinion throughout our club, and by a large majority of those who attend our games, that it would be a safe bet at 3 to 1 that Sage would never meet the first money, and we feel now that to come forth with another acceptance and should Sage happen to have better success with his friends, the game would be a detriment to our park rather, than a drawing card. Mr. Sage's plea as to not having the same line up used in our Diefa Through With Sage.

last game is looked upon as a joke. He made no effort to change the arrangements in this respect with our manager, which could have been easily done, and if you cared to do it we could explain to the public just why Sage took water and falled to meet his own proposition. As it now stands, we facily refuse to make any more arrangements signed by this association with either Sage or the Sterling baseball club, but if he is still itching for a game, he can probably arrange one with nine players from our own club for a purse just double the size of the first one, the game to be played on neutral ground. Furthermore, we are booked for September 30, closing our season with the Lee Glass Originals.

1. Two-base hit: Tuttle. Game Advanced One Day.

INDIANAPOLIS, Sept. 17.—No game here today. Game scheduled for today advanced and played yesterday. OPENING OF BOWLING SEASON Large Crowd At Association Alleys to

Witness Event. The formal opening of the league bowling season last night attracted a large crowd to the association alleys. Before the bowling commenced Dave O'Brien made a little speech and Mayor Dahlman also delivered a characteristic talk, both also delivered a characteristic talk, both of which were received with appliause. A band discoursed music during the evening and light refreshments were served from a temporary buffet. Altogether the opening of the season was the most auspicious in the history of the league and there is every indication that the interest in bowling will be at high tide this winter, particularly as the preliminary games inbowling will be at high tide this winter, particularly as the preliminary games indicate that the teams are evenly matched. The Metz boys won first blood by taking two games of the match, but the Storz team pulled out the last by a margin that nearly evened the total plus. Cochran was high man with o.8, and Anderson had the best single game with 226.

COUNCIL BLUFFS, Ia., Sept. 17.—I hereby challenge Mr. Hedglin of Boelus.
Neb., to run me a footrace of one hundred yards' distance for a purse of \$500 a
side. The race to be run in Council
Bluffs, Ia.; the start to be by pistol shot;
a penalty of one yard for each false start
by either contestant. Hands allowed over
the mark in starting. Race to be run
not later than ten days after this challenge is accepted. The defi to remain open
for one week for Mr. Hedglin's acceptance. Foot Race Challenge. lenge is accepted. The defi to remain open for one week for Mr. Hedglin's acceptance.

I shall concede to Mr. Hedglin the privilege of selecting any parties in Council Bluffs or Omaha to act as stakeholder and to referee the contest. He can also select the "pistol firer." The one he so designates will be satisfactory to me. I shall select a judge at the starting line and the start must be satisfactory to my judge. The judge I select at starting line and the start must be satisfactory to my judge. The judge I select at starting point to have full control and the recall of the men if start is not satisfactory to him. This decision to be given immediately after the pistol is fired.

Articles of agreement will be forwarded Mr. Hedglin for his signature, providing he sees fit to accept this challenge in the time designated by sending "fifty dollars" to the "sporting editor of The Bee." I have this day deposited in his hands &e to show I mean business. This money, 100, to be deposited with final stakeholder when agreed upon. Twenty dollars expense money to be allowed Mr. Hedglin is not satisfied to accept these conditions or have the race come off in Council Bluffs. I shall run him in Grand Island, Neb., accepting the same conditions I propose, to him. Mr. Hough is twenty years of age.

Hough is twenty years of age. HARRY HOUGH. Selee put in a new pitcher and heat the Sioux Sunday in the second game.

Pop Eyler was getting his when Jupiter Pluvius stepped in and saved the day for Ducky Holmes.

The Chicago Nationals will now leave home, but they have enough of a lead to be out of danger.

Pueblo is credited with a double-header off Sioux City Sunday. It won one and was given the other on forfeit.

With the exception of Des Moines the Western league teams are not so far apart. Omaha comes along with a percentage of 515 and Pueblo last, with a percentage of 506. That is not a bad showing, but Des Moines has such an overwhelming lead as to spoil interest in the pennant race, for there is no such race. Selee deserver great credit for the great showing he has made against such odds. His team lost nearly every game the first third of the season.

Purpose Now.

Health Commissioner Connell's communication to the city council assembled yesterday afternoon in the committee of the whole, recommending that the city veterinarian have as part of his duties the inspection of dairies and that a food and meat inspector be appointed, was filed on the grounds that the city does not have the money necessary to carry out Mr. Connell's plan. Mr. Connell insisted that he could so arrange the bealth fund that there would not be any overlap, but that assurance did not have the effect of securing favorable action. When the health commissioner left' the council chamber he declared he would appoint the inspector anyway, the council to the contrary notwith-

Mr. Connell's recommendations were largely based on the recent inspections made by City Veterinarian Ramacciotti, who found many dairies in a deplocable condition, fifteen such places in East Omaha being particularly in need of attention. Councilman Davis intimated that the health commissioner has not been as zealous in the matter of the larger dairies, which receive milk from points as far remote as 200 miles and where the cows were out of local jurisdiction.

The health commissioner is now working n a revised general health ordinance he intends to introduce soon.

City Veterinarian Ramacciotti made the startling disclosure Monday morning that one cow in a herd of nineteen owned by Hans Clausen at Fifth and Locust streets, East Omalia, was suffering with tuberculosis. In his report to the health commissioner the veterinarian stated that the cow's temperature was 104%, that she was breathing heavily and that one-third of a lung was consolidated.

Rock Pile Bill to Pass.

Councilman Bedford's rock pile ordinance received favorable consideration at the hands of the general committee and will be in shape for passage this evening. The councilmen decided to take no action regarding the complaint of Rasmus Peterson who protested against the erection of a building by Peter Iler at Second and Pine streets on the grounds that said building occupied a public street which had never been legally vacated and that the using of the street discommoded Mr. Peterson. In view of a pending suit in the district court the council thought best to keep hands off.

Pavorable consideration was given an ordinance making it a misdemeanor to throw scraps in the sewer inlets and another ordinance instructing the Board of Fire and Police Commissioners to have the patrolmen arrest offenders who throw rubbish in streets and alleys between Leavenworth on the south, Nicholas or the north, Twenty-fourth on the West and Eighth on the east.

Ardelle's time in the first mile when chased out by Vista Boy, was half a second lower than her old mark. After being nosed out by Italia in the middle heat the Gears mare won the deciding mile in 2:05%. Her winnings amounted to \$2,125.

The contest for the Columbus purse of \$3,000 for 2:08 troiters developed into the fastest three heat trot of the year. Mainsheet, driven by Myron McHenry, won the first two heats and reduced his record to 2:064. Oro was given a winning drive in the third heat and finished a neck ahead of Mainsheet, who sold favorite in the pools with Gold Dust Main a strong second choice. Mainsheet won \$1.354 of the purse.

Owassia, selected to win, had no difficulty in taking the 2:13 pace in straight heats, but it was impossible to finish the fourth race, the 2:12 trot, in which Colonel Patrick was first choice. Summary:

S.S. S. FOR THE BLOOD

The demand for S. S. S. has steadily increased since it was first placed on the market until it is now recognized as the greatest of all blood purifiers. It has won its way to success because IT CURES DISEASE, and there are few homes where "S. S. S. for the blood" is not a household saying. As the blood is the very life of the body, nourishing and supplying strength to every part, disease in some form is sure to follow when it becomes contaminated. Eczema Acne, Tetter, Boils, Pimples and the various skin affections are due to an over-acid and impure blood-supply. Rheumatism, Catarrh, Scrofula, Chronic Sores and Ulcers, Contagious Blood Poison, etc., are all deep-seated blood diseases and will continue to grow worse and more dangerous as long as the impurities and poisons which produce them remain in the blood. In all blood disorders S. S. S. has proven itself a perfect remedy, and well earned the right to be called the greatest of all blood purifiers. It goes down into the circulation and forces out all poisons, impurities, humors, and unhealthy matter, and makes this life stream rich, pure and health-sustaining. S. S. S. reaches inherited blood taunts and so eariches the circulation that diseases of years standing are permanently cured. It contains no harmful minerals and is nature's real blood purifier.
