VETO FOR LIGHT CONTRACT

Mayor Announces He Will Refuse to Sign the Document.

SPECIAL MEETING TO CONSIDER VETO

Indications Six Who Originally Voted in Its Favor Will Stand Pat and Carry It Over the Mayor's Veto.

Mayor Macrae will return without his official signature the lighting contract with the Citizens' Gas and Electric company, passed at the meeting of the city council last Monday by a vote of six to two. That this was his intention was stated by Mayor Macrae last evening. As the city council does not meet in regular session until October 1, Mayor Macrae stated he would on Monday issue a call for a special meeting Tuesday night at which time he will return unsigned the contract, with his reasons for so doing.

At the meeting last Monday night when the contract was approved and the mayor instructed to sign it by a vote of six to two, Mayor Macrae's remarks indicated that he would refuse to attach his official signature to the document and would leave it to the council to pass it over his veto if it saw fit to do so.

Mayor Macrae takes the same position as Councilman Wallace, which is that in his opinion Council Bluffs should not pay more per arc lamp for its public lighting than Omaha does. The recent conference between President Nash of the lighting company and Mayor Macrae, the latter stated last evening, had not tended to induce him to change his opinion and consequently he would decline to sign the contract.

Whether the six councilmen, Fleming, Hendrix, Knudsen, Maloney, Smith and Younkerman, will stand by their vote of last Monday and pass the contract over the mayor's veto remains to be seen. Councilman Knudsen stated yesterday when apprised of the mayor's intention to veto the contract that to date no one had convinced him that he had erred in voting for the measure and intimated that unless he changed his mind before Tuesday night he would certainly vote the same as he did last Monday. The other five councilmen, it was stated last evening, had decided to stand pat and vote for the contract.

Glass Broken in Peculiar Manner.

One of the large plate glass windows in the office of the Citizen's Gas and Electric company on Pearl street was broken yesterday afternoon in a peculiar manner. Charles T. Stewart was passing in his large touring automobile, when an outside wheel passed over a piece of wood lying on the street. The piece of wood, as if flung from a catapult, flew up and over the automobile and against the window, breaking a large hole in it. The remarkable feature of the accident was that the piece of wood was on the outer side of the automobile and in order to have struck the window must have performed a regular somersault over the machine and its occupants.

DRY GOODS FIRM QUITS BUSINESS

Illness of One of Partners Given as Reason.

The A. E. Hunter company, the big dry goods firm on Pearl and Main streets, closed its doors last night at the end of the day's business and will not reopen them until Saturday morning next, at which time a closing out sale will be begun and continued until the entire stock is disposed of.

The reason for the firm deciding to go out of business is primarily due to the enforced retirement from business of John Beno on account of continued ill health. Unable longer to give the business any attention owing to his physical condition Mr. Beno decided to dispose of his interest in the firm. W. A. Maurer, not being as he terms it a "dry goods man," decided that he did not care to continue in the business without Mr. Beno, and Mr. Hunter, the third member of the firm, although he could secure the financial backing requisite to continue the business, also decided that without Mr. Beno he did not desire to go on with it.

The business was originally started by Woodbury & Culver. Later Mr. Woodbury bought out Mr. Culver and formed a new company known as the W. G. Woodbury company. About a year ago John Beno, W. A. Maurer of this city and a third party bought out Mr. Woodbury, and shortly after Mr. Hunter joined the firm, the name of which was then changed to that of the A. E. Hunter company.

Rev. Dr. Walters Returning.

Rev. Luther M. Walters, D. D., who has been called here from Los Angeles, Cal., on account of the serious illness of his son, E. H. Walters of the firm of Walters & Wadsworth, and exalted ruler of the Council Bluffs lodge of Elks, was pastor of the Broadway Methodist church of this city during the years 1877, 1878 and 1879. The visit of Dr. Walters to the city recalls a memorable incident in the history of the Broadway church. The church during Dr. Walters' pastorate was heavily encumbered with debt and he decided before leaving his charge here to clear off this debt. By a purely personal campaign Rev. Walters succeeded in raising the entire amount and the lifting of the debt was celebrated in a unique manner. Permission was granted Dr. Walters to erect an immense tent on the court house grounds and there on Sunday morning in July, 1879, with Bishop Andrews presiding, the money was poured in by those contributing and announcement made of the lifting of the debt which had embarrassed the congregation for fifteen years. The remarkable feature of Dr. Walters' successful campaign in raising the money needed to lift the debt was that at least two-thirds of the money was obtained from persons outside the Methodist church and this fact was clearly demonstrated at the mass meeting in the tent. The gathering was a remarkable one, no less than forty ministers of all denominations from the surrounding territory being present to assist in the celebration.

Ill health compelled Dr. Walters to go to California about eight years ago and although now on the retired list he is still active and performs a large amount of work in connection with the Methodist church.

Site for the Creche.

The Associated Charities decided yesterday on a site for the new building for the Creche. The property is that belonging to Mrs. W. H. Kuhn at 807 East Pierce street, containing two acres. The association is to pay $7,000 for the property and with the contribution from Mr. E. L. Shugart has nearly $6,000 in its treasury for this purpose. The site is near the new Jennie Edmundson hospital, being erected by the Woman's Christian association and now nearing completion.

Mrs. M. Wollman was appointed chairman of the "site fund" committee and she outlined a plan for raising the money needed, which met with the approval of the association. It is believed the association will have no difficulty in securing the money needed.

GERMANS ARE TO HAVE BIG TIME

Torchlight Parade to Be Opening Event on Program.

Arrangements for the celebration of German day in this city, Monday and Tuesday, October 1 and 2, are practically complete. The committee in charge has been working hard to make the celebration worthy of the occasion, and the event this year is expected to surpass that of last year, which was most successful in all details.

Advices are to the effect that large crowds will be here from Walnut, Minden, Denison, Manning, Carroll, Charter Oak, Treynor, Manilla, Mineola, Omaha, South Omaha, Papillion, Plattsmouth and other surrounding towns where there are German settlements.

The opening event on Monday evening will be the big torchlight parade. There will be over 1,000 torchbearers and four bands. The Omaha societies have signified their intention to take part in this parade.

Following the parade there will be a meeting in the New theater, when the following program will be carried out:

Selection, Covalt's orchestra; address of welcome, G. F. Scheer of Council Bluffs; address, Mayor D. Macrae; response to mayor's address, A. Becker, editor of the Freie Presse; song, Orpheus society, Omaha; oration, C. Zwanzig, editor LaSalle County Herald, Ottawa, Ill.; violin solo, Prof. Max Baumeister; song, Orpheus Ladies' choir; solo, Miss Irene Van Noye, soprano; solo, Herr Richter, baritone, formerly a member of the Imperial opera at Vienna; song, Omaha Maennerchor; solo, Peter Laux, basso; selection, Covalt's orchestra.

Tuesday morning at 10 o'clock will be the industrial and historical parade. The committee has offered a number of substantial cash prizes, which have been previously announced, for the best displays. There will be a number of floats representing incidents from German history as follows:

Hermann the Cherusker, taking home Roman captives. First century.
Charlemagne and Widukind, the Saxon Eight century.
Friedrich Barbarossa in the Kyffheuser. Twelfth century.
Napoleon III surrenders to William I. Nineteenth century.
Steuben and Washington's German body guard. Eighteenth century.
Germania and Columbia and Columbia united.

In the afternoon the scene of the celebration will be transferred to Lake Manawa, where a program of sport and games will be carried out. The celebration will be brought to a close Tuesday night with a grand ball at the Danish hall, where the smaller room will be reserved for a social gathering of the "old timers."

UTES SHOW NO SIGN OF MOVING

Stockmen Get Uneasy as Redmen's Money Gives Out.

DOUGLAS, Wyo., Sept. 22.—(Special.)—The outlook is constantly becoming more threatening with reference to the seven hundred Ute Indians, who gave so much trouble here a few weeks ago, and who are still camped in this vicinity, notwithstanding their declaration several times that they intended to leave. For six weeks they have been living in their teepees along the river, and it looks as though it was their intention to stay all winter.

Not only are they doing this, but they are sending back to the White Rock agency in Idaho, to tell their brothers that they are having a royal good time, and asking them to come help them eat the dog.

When they came they were provided with these they have sold and traded until now they have nothing left except their fire arms and a considerable amount of ammunition. The bucks are scouring the hills for antelope and other wild game, and it is thought are killing some stock. As their money is giving out, it is probable they will begin to make open slaughter of cattle and sheep before long, and there will then be open warfare between the stockmen and the red men.

It is a remedy without an equal.—Frank C. Walker, Deerfield, Ind.
