More New Dress Goods and Silks for Monday

Here are handsome new dress goods for all tastes, all occasions, all purses, from the pretty new plaids for the little miss to the beautiful chiffon spot proof Broadcloth that all Paris is now delighted with. We single out a few among the many, for brief description.

NEW CHIFFON SPOT PROOF BROADCLOTHS—Brooches for many years have been to woolen stuff what velvets were to silks.

The premiere, the queen. If you can find anything more lovely in dress we should like to see it. Not heavy, cumbersome fabrics, or old. The chiffon finish renders them light in weight, soft, clinging, beautiful, but not spot with water. They surpass anything in beauty we have ever seen. All colors: \$2.50 black, \$2.50, \$2.50 and \$4 a yard.

OMBRE STRIPE BROADCLOTHS—The new ombre stripes—just a suggestion of stripes, here and there—very few—all new autumn colors; \$2.50 a yard.

NEW SILK AND WOOL POPLINES—One of the most beautiful of the family of soft clinging, artistically drawn fabrics of all silk and wool, family, beautiful silvery sheen, and in a wide range of colors for afternoon and evening wear; black, \$1.25, \$1.50 and \$2.50 a yard.

NOTE—Samples mailed to our out-of-town customers on application.

Beautiful New Plaid Silks for Waists and Suits

No two are alike—a fact which will appeal to every woman who likes individuality in her dress. The new Alice blue, reds, green, navy blue, and Persian effects are very beautiful.

The Most Beautiful 50c and 60c Novelty Dress Goods we ever Had, Monday, 25c Yd.

Fine value, because of the superior quality and beautiful styles. Every piece clean, crisp and sparkling with newness; in the new worsted or Spanish suitings which are so popular this season. Pipe sheards checks in two and three colors, here and there fine pin dots of some bright color peeping through the surface, pin stripe novelties, fine broken checks, all in the new, dark, rich autumn colors. All you have to do is just examine them, then you will appreciate the extraordinary value. MONDAY, 8 A. M., 35¢ A YARD.

Ostrom Cannot Tell.

Henry E. Ostrom, secretary of the Omaha Coal Dealers' association, was seen by a reporter for The Bee and asked what he intended to do in the matter of the injunction.

"What injunction?" said Mr. Ostrom. "When told of the injunction, which had been issued, Mr. Ostrom said it was all news to him."

"I can't tell what I will do until I have been served and seen the papers," said Mr. Ostrom. "I don't know what the injunction prohibits and I can't tell what will be done until I see what he could learn."

Mr. Ostrom was offered an opportunity of seeing a copy of the petition and order so that he might be able to express a clearer view, but he said he'd go "out on the streets and see what he could learn."

President S. E. Howell of the exchange could not be seen. At his office it was said he was "out on an ice wagon." He seems to be dead in ice also.

Dealers Struck Dumb.

Believing that silence is golden at a time like this, the coal men were not saying anything unanimous in the matter, which would have any direct bearing on the injunction, either pro or con. Many of the dealers were interviewed Saturday afternoon. One brought out a slate and wrote on the same, "Make signs; I can't talk." Others refused to have anything to say on the subject at all, preferring to comment on the weather and the prospects for a favorable carnival season. The only man who would commit himself at all was a representative of the Coal Hill Coal company. He averred that with the alleged eight dealers in the county there was enough and to spare of competition and the margins of profit on retail coal business were smaller than any other retail business in the country.

Text of Petition.

The vital part of the petition is:

Second.—That said defendants own and control more than 100 coal yards in several cities throughout the state of Nebraska, and are engaged in making, holding, doing at least 50 per cent of the retail and wholesale coal business in said state. Defendants, therefore, by said defendants control at least 50 per cent of the retail and wholesale trade in cement, lime and other building supplies in said cities of Douglas, Omaha, Lincoln, etc.

SUN STROKE

Followed by Partial Starvation.

The effects of sun stroke upon the digestive system are often very severe, as well as upon the nerves.

An Ind. lady had a striking experience: Four years ago I was sun struck, and my stomach so congested it was terribly painful even to swallow liquids, and as nothing would stay on my stomach, I began to fear starvation. I finally became perfectly helpless and was given up by our physician.

"A neighbor told me how much good Grape-Nuts had done. Her husband, who suffered with dyspepsia, and her son with typhoid fever, so I began to use this wonderful food and slowly began to recover, until now I am strong and well again. I can eat anything I want, and think Grape-Nuts one of the greatest blessings that was ever given to suffering humanity."

"When I began to use Grape-Nuts I only weighed 118 pounds. Now I weigh 144, and the past four years have been a blessing almost beyond belief, and if I had not personal experience I could hardly believe what I know is true. My nerves are steady, memory clear and I am, fine condition to Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

"There's a reason."
