optimistic over affairs in Cuba, believing that peace between the government and revolutionary parties in the island is a question of a short time, active work goes on in the War and Navy departments in preparing for eventualities.
General Funston, who undoubtedly will be in charge of the expeditionary forces in Cuba, having a larger knowledge of the topography of the country than any American officer, carried with him a list of officers who would probably be selected to have charge of the several branches of the forces in the field. These officers will be appointed in view of giving satisfaction to the general.

From the following list of quartermasters the chief quartermaster will be chosen: Major Aleahrie, Major Littell, Major Bellinger, Major Hodgson, now stationed at Atlanta; Major Baker, Major Joseph Crabbe and Captain Bull, Major Bellinger, is understood, has asked for a detail as chief quartermaster, but is now en route to San Francisco to relieve Colonel Carroll A. Devol, who is ordered to Washington for duty with the general staff.

In the military department the secretary of war will have the following officers to select from: Lieutenant Colonel Kniskern, now stationed at Chicago; Lieutenant Colonel D. E. Byrnam, at New York; Major F. W. Buchanan, at San Francisco; and Major W. H. Hart stationed here.

Colonel C. H. Whipple will be chief paymaster of the Cuba expedition in event of American intervention, having made the application when the question of intervention was first broached. Major Muhlenberg, stationed at Omaha, also asked for this assignment, but as Colonel Whipple is his senior and having asked the duty first, paymaster General Sniffen undoubtedly will defer to the wishes of the senior officer.

Lieutenant Colonel George C. Sorvino, with station in New York, probably will be in charge of the signal corps in Cuba. As chief surgeon, Major Guy L. Edie is spoken of in preliminary terms. Others who are mentioned are Colonel Phillip F. Harvey, stationed at New York, and Colonel John Van R. Hoff at Omaha.

The military secretary's office in all probability will be represented by Colonel H. O. B. Hainland, now in New York.

MORE FRAUD IN FUEL LANDS
Commissioner Prouty Sees More Evidence Against Union Pacific Coal Co.

WYOMING OIL BUSINESS STRANDED
Witness Says Refusal of Railroad to Publish Tariff Prevents Development of the Field.

SALT LAKE CITY, Sept. 24.—Much evidence tending to show that the Union Pacific Coal company had secured coal lands illegally was produced at the hearing conducted by Charles A. Prouty of the Interstate Commerce commission today.

The government brought out testimony that the coal company has obtained much government land in Wyoming through its employees. Several witnesses confessed that they took up quarters which they never saw, improved or paid for.
Robert S. Spence, an Evanston, Wyo., attorney, testified that the Wyoming oil inquiry had been dormant because the Union Pacific has refused to publish the rates on oil. The witness said forty companies have been organized to develop the oil fields and one company had been willing to spend \$1,000,000 on its property, but was forced to abandon its project because no railway facilities could be obtained.

At the opening hearing Commissioner Prouty explained that the Salt Lake City sessions were to be a continuation of those held last week in Omaha and under the provisions of the Tillman-Clayton act, the provisions of the coal holdings of the Harriman and other railroads and other matters such as discrimination both in rates and supply of shipping facilities. It is considered probable that the testimony will involve the Rio Grande system, as well as the Union Pacific.

JOE KELLY STARTS DISTURBANCE
Prominent Democrat Takes Issue with Candidate Forster.

SIoux CITY, Ia., Sept. 24.—(Special Telegram.)—While Claude B. Forster, democratic nominee for governor, was addressing the Sioux City democrats in a rally held here tonight, Joe Kelly, brother of John Kelly, editor of the Sioux City Tribune and the "boss" of the Eleventh district, attempted to break up the meeting by repeatedly interrupting the speaker. Mr. Kelly refused to be subdued by a policeman and was finally hauled out of the audience by Alderman William Johnson, chairman of the police committee of the city council, and pushed down stairs. An allusion made by Mr. Porter to George D. Perkins, editor of the Sioux City Journal, who was defeated by Governor Cummins for the republican nomination for governor, caused Mr. Kelly to make his demonstration.

United Brethren End Conference.
AMES, Ia., Sept. 24.—(Special.)—The United Brethren conference at this place which Tuesday was closed and the appointments were made today. Bishop Weckley, president of the conference, preached to a crowded house in the Army opera house this morning. The theme of his address was "Love," and he made a strong plea for the little acts and deeds of kindness and of love that show the true man and woman. After his address, Presiding Elder Miller came forward with a request that \$100 be raised by the gathering to finish paying the bishop's salary for the year, and \$5000 immediately raised in dollar and fifty cent gifts. All the churches in the city dismissed their meetings that the conference might have full swing.

Two Boys Thought to Be Drowned.
ALTON, Ia., Sept. 24.—(Special Telegram.)—The shore and clothing of Nick Jonas and Nick Hester, aged 19 and 18 years, respectively, were found this morning on the banks of the Floyd river and it is believed the boys have been drowned. Jonas was the son of a farmer near Alton and Hester lived at David City, Neb.

Friends Allege Murder.
DES MOINES, Ia., Sept. 24.—That Carl Klumb, supposed to have committed suicide, whose body was found near the Geor. and Country club Saturday night, was murdered by the claim of his wealthy relatives, who started an investigation today. Saturday

night the body, badly decomposed, was found hidden in a brush heap, with a bullet near the heart. Relatives claim that he could not possibly have committed suicide, as no gun was found near the remains, and Klumb had no motive for taking his own life. It is believed to have had on his person considerable money, which is missing.

FATHER TRIES HABEAS CORPUS
Frank Vanart Wants His Son Willie Released from Kearney Industrial School.

Alleging his son, Willie, is wrongfully detained at the Kearney Industrial school for boys, Frank Vanart has applied to the district court for a writ of habeas corpus to get possession of the lad. Willie was adjudged incorrigible by Judge Day of the juvenile court September 16, 1905, and sent to Kearney until he became 18, according to the copy of the order attached to the petition. The court then found he was 18 on September 16, 1905. It is alleged by his parents he became 18 early in this month and should be released from the school. The writ is directed to Superintendent B. D. Hayward and is made returnable before Judge Sutton September 29, at 3 p. m.

DEATH RECORD.
Milton S. Bouma.
Milton S. Bouma, an attorney, died Sunday in Colorado while on a trip in the interest of his health. Death ensued from bronchial trouble which Mr. Bouma had been afflicted for some time. Mr. Bouma is survived by a wife, who lives at the family home at Thirty-seventh and Iva streets, and a brother and sister, who live in Iowa and Oklahoma, respectively. Mr. Bouma had office in the Ramage building with C. H. Balliet. The remains will arrive Tuesday afternoon and will be taken to the Leslie undertaking rooms until burial arrangements are decided upon.

PIKE'S PEAK CENTENNIAL

Celebration Opens with Review of Military Organizations.

COLUMN IS TWO MILES IN LENGTH
Cowboys, Indians and Colorado Pioneers Arrive in Reviewing Stand.

COLORADO SPRINGS, Colo., Sept. 24.—With the city gay in the buff and white revolutionary period, the national colors streaming from almost every building and the strains of martial music resounding through the streets from early morning, the Pike centennial celebration, commemorating the discovery of Pike's Peak by a man whose name it bears, opened here today.

The chief feature of the day and the chief military display of the week with the parade of infantry, cavalry and artillery, followed by members of the Grand Army of the Republic, Colorado National Guard, Spanish veterans, high school cadets and other local militia organizations, which moved from the Colorado college campus at 10 a. m. and proceeded through the streets of the city. Cowboys, Indians and Colorado pioneers also held conspicuous positions in the parade, the column being fully two miles in length and requiring an hour to pass the reviewing stand, where Vice President C. W. Fairbanks officially reviewed the parade.

Vice President Fairbanks and Mrs. Fairbanks arrived in the city from the east early in the morning and were escorted to the Antlers hotel by Thomas W. Walter, whose guests they will be during the entire week. Congressman F. E. Brooks and several other prominent citizens also acted as the official reception committee.

Program of the Day.
The spirit of the week opened this afternoon with the first games of the polo tournament on the grounds of the Cheyenne Mountain Country club. Teams from several western cities, including the regular army team from Fort Robinson, Neb., are entered in the tournament.

The principal feature of today's program was the holding of patriotic exercises at the Grand Opera house, beginning this afternoon, under the auspices of the Daughters of the American Revolution and the National Society of Colonial Dames of America.

Conditions for the Pike centennial, at least so far as the first day was concerned, could not have been more favorable had they been made to order. A glorious Colorado sunrise, garbing in red and gold the peak that is the reality the center of attraction for the assembled thousands, ushered the day in.

Two band concerts and a military reception were the attractions for the evening. The Midland band of this city, which during the Philippine campaign played "A Hot Time in the Old Town" and "The Stars and Stripes Forever" at Manila through the war, discoursed music at the North park.

The official reception to Vice President Fairbanks and visiting military officers was held at the Antlers parlors this evening. The military parades of the city, on tomorrow morning Vice President Fairbanks will deliver an address at the Grand Opera house.

WOMEN TO MEET AT HASTINGS
Presbyterian Ministry Society of the Nebraska Synod Convenes This Week.

The thirtieth annual meeting of the Women's Missionary society of the Presbyterian synod of Nebraska will be held at Hastings, September 27 and 28. Mrs. George Tilden of Omaha is president of the organization and will preside during its sessions. An executive committee meeting will precede the convention Thursday afternoon and will be followed by an open conference. Rev. E. Van Dyke Wright, D. D., will preside during the evening session, the features of which will be an address, "The Whispers of the Spirit," by Mrs. D. B. Wells of Chicago, field secretary of the northwest. An address, "Our Nebraska Red Men," illustrated by views from the Winnebago agency, by Rev. L. W. Scudder.

Mrs. W. H. Fuller of Hastings will extend an invitation, greeting to the visiting women. Friday morning, Mrs. George P. Carley will make the response. A roll call by presbyteries and a business hour, including the annual election of officers, will follow.

"Our Work at Home and Abroad" will be presented by Miss Gertrude Granger, missionary correspondent, and a tribute to Miss Mary E. Holmes by Mrs. George P. Carley. Mrs. John P. Elliott, secretary of literature, will speak on "Seed Sowing." A review of the year by Mrs. J. E. La Rue, corresponding secretary, and a talk on "Missionary Study Classes" by Mrs. B. Wells will conclude the morning program. In the afternoon the following program will be given for the young people, Mrs. P. M. Conklin presiding: "The Year That Has Past," secretary; "Bible Work in the Home," Endeavor Bands; Mrs. L. W. Harrington, banner; "What of Our Sabbath Schools?" Rev. John Creighton, synod's chairman, young people's work; "A Personal Question—Are You Alive?" Mrs. D. B. Wells.

PRIZE FIGHT PROVES FATAL
Jack McKenzie Knocked Clear Out by Terry Mahlin.

PORTLAND, Me., Sept. 24.—Jack McKenzie of Philadelphia was fatally injured in a prize fight with Terry Mahlin of Philadelphia at the Portland auditorium tonight. Mahlin, a local hero, won the fight by a knockout in the eighth round. McKenzie died in the hospital this morning.

Sporting Brevelles.
What would the Quakers think of their former champions, St. Louis would crowd them into the second division.
A Chicago man has trained a cocker spaniel to hunt the golf balls. He has given his owner \$500 for the ball.

New York Nationals lost two games Monday and Pittsburgh won two. The winners of the Smoky City team within one game of second place.
A new lot of new material, which will be sure to be heard from next year. He has several youngsters, new to the country, but they have the makings of a signal corps man at Fort Omaha are talking of organizing a football team. The college grounds would make a splendid place to practice.

The White Sox will have a series with the Boston Red Sox, the latter team wrestling with Detroit. The ancient may walk up just at the wrong time to please the roots of the White Sox.

The Lincoln team has made a phenomenal run. A short time ago a question of one game separated Lincoln and Puch from the foot of the ladder, now Lincoln is tied with Omaha for second place.

The possibilities under the new foot ball rules will give a new impetus to the country this week and the press will be able to chronicle some of the advantages of the game as shown by practice rather than theory.

It looked like Ducky Holmes was playing the highest mental authority for its Omaha. What sense there could be in running two teams to Lincoln for a Monday game, it would not get the real news, it is not apparent to the naked eye. A book of some kind, there was a book with his team playing the ball it played Sunday.

SOME MARKET HINTS

There were loads of peaches on the market Monday morning, but notwithstanding their abundance they cost more than they did at the close last week. Nothing finer has been in this year for canning purposes than the Albertas from Colorado and Utah that are selling at \$1.30 a crate. Peas are still up at \$2.50 and \$2.75 a box. The finest kind of blue plums for putting up sold Monday morning at \$1.30 a crate or cents a basket. Grapes have dropped again and are selling at 10 and 12 cents a basket. Ripe tomatoes cost more than they did a few days ago, the best selling at 40 cents a market basket.

There are still a few home grown water-melons in market that sell from 15 to 30 cents, according to size and quality. Rhubarb of fairly good quality sells two bunches for 5 cents. Small cucumber pickles are not abundant by any means and sell for \$1 a market basket. The Midgets, when they are to be had, cost \$1.50 a market basket.

Green corn, selected, sells for 15 cents a dozen ears and nice radishes are still to be had at 5 cents a bunch. Eggs are still at 23 cents a dozen and package creamery butter costs 23 and 30 cents a pound.

The dearth in fruit cans and mason jars that necessitated some home wives letting fruit go by recently, has been relieved and the price has dropped accordingly. Pint mason jars sell now for 50 cents, quarts, 60 cents and half gallon jars 80 cents a dozen. The tin quart cans have not dropped back entirely and sell for 45 cents a dozen instead of 25 cents, the cost before the scarcity.

Timely Recipes.
Portuguese Stuffed Egg Plant—Wash a large egg plant, drop it into boiling salted water, boil for ten minutes, drain and set aside until cold; cut into halves and from each scoop out the center, leaving the walls a little less than an inch thick. Chop the pulp fine and add to it one large green pepper, seeded, chopped fine and cooked for five minutes in one tablespoonful of butter, one medium onion, grated; one cupful of drained tomato pulp, one heaping cupful of dried bread crumbs and one-half of a cupful of chopped cold chicken. Season well with salt; refill each half with the mixture, heating it over the top. Sprinkle with a tablespoonful of melted butter; bake on a flat pan and bake in a quick oven until tender. Serve on a platter and send with it a bowl of tomato sauce.

Farced Cucumbers—Paré short, thick cucumbers; cut off the top from each and scoop out the seeds in such fashion as to make a boat; drop into boiling salted water; boil for ten minutes, then drain. For six cucumbers peel two medium-sized onions, pare and core three sour apples and slice all quite thin. Fry in two tablespoonfuls of butter until tender, but scarcely browned; add one teaspoonful of salt, one-quarter of a teaspoonful of currie powder, one tablespoonful of flour, one-quarter of a cupful of fine bread crumbs and one-half of a cupful of milk. Stir and cook for five minutes; set aside until cold. Fill the cucumbers with the mixture, dip in beaten egg, roll in bread crumbs, arrange on a greased pan and bake for ten minutes in a hot oven. Serve with tomato sauce, poured around them.

Cucumbers and Onion Ragout—For six people thinly slice two large or three small ones. Use two tablespoonfuls of drippings or butter in a frying pan, put in the onions and cook slowly until they begin to color, then draw to one side of the pan; add four cucumbers which have been pared, cut in long thick slices, dried and dipped in beaten egg, roll in bread crumbs, absorb the fat, then gradually add boiling water to make a sauce—about one cupful and a half. Color with a few drops of kitchen bouquet, season with salt, pepper, a spoonful of tomato catsup and a little walnut catsup, then cover and stew slowly for twenty minutes. Serve on toast.

Turnip Croquettes—With a roast of lamb try turnip croquettes. Boil and mash white turnips, pressing as dry as possible. Season highly and for a pint add one small teaspoonful of salt, one teaspoonful of butter, one tablespoonful of chopped parsley and one beaten egg. Stir over the fire until the mixture draws away from the sides of the sauce pan; when cool enough to handle form into croquettes, egg, crumb and fry.

Treaty with Bulgaria.
WASHINGTON, Sept. 24.—Acting Secretary of State Adee today received advice from Minister Jackson in Bulgaria that he had concluded commercial relations agreement with Bulgaria under article 11 of the Dingley tariff act. The agreement was signed on September 15 and will become effective on September 30. The arrangement concluded is similar to that entered into between the United States and Spain.

Admiral Endicot to Retire.
WASHINGTON, D. C., Sept. 24.—Rear Admiral M. T. Endicot, chief of the bureau of yards and docks, Navy department, will retire from the office upon reaching the age of 62 on September 25 next, in order to devote his entire services thereafter to the Isthmian Canal commission, of which he is a member.

If You Read This
It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every drop of the Golden Medical Discovery for the cure of weak stomach, dyspepsia, torpid liver, or biliousness, chronic bowel affections, and all catarrhs of the alimentary tract, whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and the results, as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and croup, but for lingering or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, St. Ignace Mandrake root and Queen's root—all of which are highly praised as remedies for the above mentioned ailments or ailments of a similar nature. You will find the name of all the eminent medical writers and teachers as well as the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is as safe and reliable as a loaf of ordinary bread. It is the best possible guaranty of its verity. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely innocuous and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections.
