NEWS OF INTEREST

COUNCIL BLUFFS

AGREE ON LIGHT CONTRACT at years old and is survived by his wife and

Council, Mayor and President Nash of Light Company at Last Get Together.

ARC LIGHTS TO SHINE ALL NIGHT LONG

ity to Receive Royalty on Electric and Gas Sales and Price of Gas to lvate Consumers to Be Reduced January 1.

The terms of a new lighting contract were finally agreed upon at a meeting yes-terday morning of the committee on fire and light, President Nash of the Citizena Gas and Electric company and Mayor Macrae. The meeting was held in the office of City Solicitor Kimball, who, with Charles M. Harl, counsel for the lighting company, will draw up the contract which is to be presented to the city council at its meeting next Monday night.

The contract calls for an all-night schedule at a rate of \$55 an arc light per year. the present number of lights to be increased to 300. The company is to pay the city a royalty of 8 per cent on its gross carnings on all other electrical business in The cost of 200 lights at \$85 would be \$17,000, or \$3,000 more than the city's lighting fund amounts to. The difference of \$3,000, it is figured, will be met by the royalty of 3 per cent.

The company is to reduce the rate for gas from \$1.45 to \$1.25, if paid for on or before the lath of the month, and \$1.55 if paid after that date. The city is to receive a royalty of 2 cents on every 1,000 cubic feet of gas sold and paid for. The reduced rate on gas will not go into effect until January 1, 1907.

The rates for city lighting under the new contract will take effect October 1, and from this date the royalties on gas, and electric business will begin. The contract

The franchise under which the company is operating requires it to furnish the city 150 sixteen-candle power incandescent lights free of charge for use in the municipal buildings, firehouses, etc. For some time past the city has been using 222 incandescent lights, many of them being of thirty-two-candle power, but no charge has been made by the company, and none will be under the new contract.

It is not unlikely that the whole lighting system of the city will be reorganized. now that the all-night schedule will prevail. As the lights are now located, many in the outskirts of the city are where they are not much needed, while in the thickly populated residence districts many streets are without lights for block. The question of the electric light towers was fully discussed at the conference, but it was finally decided to let the matter rest in abeyance for the present, and the towers will be continued to be used by the company.

It was stated yesterday that the new contract met with approval by all the when it comes up for action at the meeting of the city council next Monday night.

Matters in District Court Divorce suits held the boards yesterday in the district court. In the morning Judge Macy heard the suit of Mrs. Fannie E. Gregory, who, besides wanting a divorce from Charles Gregory, a well known resident of this city, seeks a goodly portion of his wealth as alimony. The only question left practically for the court to decide was the amount of allmony, and Judge Macy continued the case in order to give the parites a chance to arrange this matter, if

possible, out of court. In the afternoon Judge Macy began the hearing in the divorce suit of Mrs. Josephine Jackson against Andrew Jackson. The plaintiff was on the stand nearly the entire afternoon, and her cross-examin ation was not completed when court adjourned for the day. The hurband is making a strong fight against the divorce

Mrs. Mary Ann Jackson was granted a divorce from William Henry Jackson and given the custody of their two children. For the second time in two months Mrs Bessie Knox has begun suit for divorce from J. A. Knox. The first petition was filed August fl and the case withdrawn and dismissed on August 24. Yesterday suit was begun again, and the Burlington rallroad garnished for the defendant's salary. Besides making statutory charges against her husband, Mrs. Knox asserts he deserted her.

In the suit of I. A. Boren against C. H. Boren, a brother, involving the right to use a certain roadway, Judge Macy decided that the plaintiff should be permitted to use the roadway, as his father had for forty years before him, providing he maintains a gate. The court seized the opportunity to give the two brothers a little fatherly advice on the folly of rushing into litigation over-so trivial a matter.

Retail Distribution Expands with the Advancing Eeason.

MANUFACTURING REPORTS FAVORABLE

Textile Conditions Show Improvement and Footwear Factories Are Receiving Liberal Orders for Case Goods.

NEW YORK, Sept. 28.-R. G. Dun's weekly review of trade tomorrow will say: Retail trade expands with the advancing

Retail trade expands with the advancing season and other departments are forwarding goods as rapidly as the shortage of cars and scarcity of labor will permit. Mercantile collections are not as prompt as they would be if more normal rates prevailed in the money market, but there is little embarrassment or complaint. Autumn conditions are most satisfactory and the outlook for winter is bright because of the large crops that are now almost completely secured.

Manufacturing reports continue favorable and there is a conspicuous increase in orders for cotton goods that is due to exhausted stocks in hands of converters and Jobhers, and the belief that the raw material would decline no further. Woolens are still the least active of the leading industries, and unless clothiers order liberally there will soon be much idle machinery. Traffic facilities are still inadequate, yet the railways report an increase of 10.6 per cent in earnings thus far compiled for September as compared with similar returns last year. Foreign commerce at this port for the last week shows a gain of \$1,591,544 in imports and a loss of \$2,207,125 in exports compared with the same week in 1956.

Textile conditions show improvement, a notably better feeling existing in the primary markets for cotton goods, despite the small decline in raw materials. Buyers are more willing to pay full quotations and it is now rather a matter of delivery than price.

tions and it is now rather a matter of de-livery than price.

New England footwear manufacturers are receiving liberal case orders for shoes from eastern jobbers and wholesalers, especially in staple lines. Some supplementary fall business comes forward, but this is about over for the season.

Liabilities of commercial failures thus far reported for September amounted to \$4,042,507, of which \$1,889,707 were in manufacturing, \$1,968,206 in trading and \$184,504 in other commercial lines. Failures this week number 188 in the United States against 240 last year, and 22 in Canada compared with 21 a year ago. east of this place, making surveys for the Burlington's Denver extension of the Frannie-Thermopolis line, which was completed to Basin last August. The company has spent large sums in endeavoring to find a route from the north to the south that would eliminate the big canon, but though the canon route will have to be

BRADSTREET'S REVIEW OF TRADE Factories Busy and Complaint of Backward Deliveries in General.

NEW YORK, Sept. 28.-Bradstreet's toorrow will say:

morrow will-say:

Distributive trade is still of a very large volume, but there is enough irregularity to prevent broad generalization. The close of September finds the usual evidence of subsidence in wholesale trade, but retail trade is better on more seasonable weather, except at the south, where severe storms have stopped cotton picking, checked movement and retarded collections. Ceresi crop reports are rather better, threshing having been resumed at the northwest, where quality has been injured. Corn has definitely passed out of the range of frost damage and the gathering of a record crop of fine quality is now general.

Industry generally was never so active and there is much complaint of backward deliveries, perticularly of iron and steel and dry goods ordered for fall and winter delivery.

Car and engine shortages are a source of annoyance and tend to become more acute as the movement of the later crops is added to the already heavy volume of general traffic offering.

Coal shipments at the west are being interfered with, and some far northwestern markets are reported slightly supplied with winter fuel. Demand for pig iron is

comparatively quiet, supplies for prompt shipment are scarce and higher prices are paid where quick delivery is assured. There is a good inquiry for the first half of 1907 at present asking prices and imports of foundry from are being spoken of. However, the most pressing feature of the general situation is the increasing scarcity of crude steel at the west.

The importing of billets, though not considered as yet, may occur in the near future. While new buying of steel rails may not been active, the railways figure largely in placing orders for steel cars, two leading lines having within the last week awarded contracts for 26,000, which in turn means a heavy demand for plates. At the same time inquiries for a large toninge of steel rails are on the market.

Demand for wire and nails is enormous and prices are up 31 a ton. A premium of 31 a ton prevails for heavy sheets, and some small sales of foreign its plate for use here are reported.

Coke is in good demand at firm prices and the situation as reflards bituminous coal is improving. Copper is higher, being quoted at 20 cents a pound for lake ingots. Supplies are scarce and demand, domestic and foreign, is exceptionally active.

Uncertain as to the outcome of affairs in Cuba causes a tendency toward higher prices for tobacco. Leather and hides are strong. Sole leather tends upwards.

Husiness failures for the week ended September 27 in the United States numbered 37 has week, as against 25 in the like week of 1865, 178 in 1904, 153 in 1902 and 164 in 1802. In Canada the failures numbered 71 hast week, as against 25 in the corresponding week last year.

Wheat, including flour, exports from the United States and Canuals for the week ended September 27 aggregated 4,574,653 bu, has against 4,677,522 last week and 2,084,302 this week last year. kee and Omaha roads, with the regulars, brought in 2.500 people. The corn palace was again packed this afternoon, and was but little difference in the number from yesterday. The visitors are exceedingly well pleased with the attractions, and the unanimous opinion is that Mitchell has put up a better show this year than ever. nature will close tomorrow night.

Corn Growers to Have Show. MITCHELL, S. D., Sept. 28.-(Special Telegram.)-At the close of the corn paince this afternoon 100 corn growers met in a convention in the building and formulated the foundation of the South Dakota Corn Growers' and Corn Show association A. E. Chamberlain of Artesian was elected chairman and H. C. Warner of Forestburg, secretary. Committees to prepare a premiur list, by-laws and program and advertising were appointed. It was decided to have the corn show in Mitchell two days in the week previous to Christmas. Prof. Holden of Iowa will be secured to deliver addresses on the corn question, and the dates will be named after he has accepted. The Commercial league guaranteed \$500 for premlums and to pay the expense of the meet

Big Deal in Dakota Land. Wheat, including flour, exports from the United States and Canada for the week ended September 27 agaregated 4.574,635 bu., na against 4.677,522 last week and 2.084,332 this week last year, 1.182,395 in 1904 and 6.195,749 in 1901. For the chirteen weeks of the fiscal years the exports are 39,578,920 bu., as against 16,008,733 in 1905, 17,42,783 in 1904 and 80,322,864 in 1901.

Corn exports for the week are 465,894 bu. as against 545,751 last week, 1,212,992 a year ago and 709,862 in 1904. For the fiscal year to date the exports are 8,454,382 bu., as against 14,344,029 in 1906 and 7,537,531 in 1904. HURON, S. D., Sept. 28 .- (Special.)-One of the heaviest land deals of recent date in this part of the state, has just been made by R. O. Richards, of this city. The sale is of what is known as the R. O. Richards ranch, and includes 1,800 acres of land near Forestburg, together with all improvements. The ranch is one of the finest in this section of country and the buildings are modern and complete, while the location is exceptionally pretty and attractive. The purchasers are members of the Hutterische

Bruder-Gemeinde society, a German-Russian organization with headquarters at Olivet, Hutchinson county, South Dakota, and the purchase price was \$92,000, which includes stock and other personal prop Important to Ont-of-Town Visitors to Ak-Sar-Ben.
