

BEVERIDGE OPENS CAMPAIGN

Speech on October 4 Will Be the First Gun Fired in Lancaster.

ACTION TO BE LIVELY AFTER THAT DATE

Democrats Seek to Stir Up Strife in the Republican Camp, Hoping Thereby to Elect Portion of the Ticket.

(From a Staff Correspondent.)

LINCOLN, Sept. 29.—(Special.)—The county campaign will open here October 4, at which time Senator Beveridge will speak at the Oliver theater. The county committee, which has the meeting in charge, is advertising extensively and it is expected the speaker will be filled. Immediately after the meeting local candidates will take the stump and every schoolhouse in the county will have at least one meeting. Captain P. J. Cosgrove, at present police judge, will deliver twenty speeches in the county before the election. Judge Cosgrove is recognized as one of the best speakers in the state and will draw a big crowd wherever he talks. He is to be the big gun for the county committee. Two years ago two names were submitted to the national committee from Lincoln as available speakers for the national campaign. Judge Cosgrove was one and H. E. Wilson the other.

The campaign in Lancaster this year is going to be a hot one for the reason the democrats are trying their best to land the county attorney and one, and possibly two, places on the legislative ticket. The democrats are laboring under the belief that considerable scratching is going to be done by the republicans over the trade in the county convention, and just at this time the prohibitionists are causing considerable uneasiness to both parties. All the candidates, or at least a number of them, have been called upon the carpet and asked to pledge themselves to the county option bill. What answers have been made no one on the outside seems to know. Candidates interviewed say they have made no pledges to the prohibitionists. This party has quite an organization in the county this year and is daily receiving pledges to support its members that they will not vote for a candidate who is not pledged to vote for the county option bill.

The democrats also are trying to stir up strife among the republicans and to this end are pointing to the fact that the Evening News, the spokesman for the reformers, has had little or nothing to say in favor of the Burlington machine candidates for the legislature. They are trying to get the machine candidates to bolt the fake reform machine's two candidates in retaliation. Republicans, however, say they will be united and will, as usual, elect all the officers.

Officials Take in Carnival. Auditor Searle and Secretary of State Galusha returned tonight from Omaha, where they looked at the carnival and saw things. Both were greatly disappointed from taking the daily flight and will resign to the show before it is over.

"The carnival this year looks bigger than it ever did to me," said Mr. Searle. "The streets were well filled and the people I saw were not Omaha citizens, but were out in the state. If the weather becomes good I should think the attendance will be a record breaker, as it was at the state fair. I understand the shows on the carnival grounds are the best ever, but owing to the fact that the air ship did not make its trip I did not get on the grounds."

Pierce Goes to Washington. Insurance Deputy Pierce left today for Washington, where he will attend the meeting of the insurance commissioners, at which the report of the committee to draft legislation this winter will be presented. The object is to get uniform insurance laws. Before leaving Mr. Pierce said he was not surprised that Dr. Spinney, head of the Bankers Union of the World, had left Nebraska. Some time ago, it is said, Mr. Pierce received information, which was not verified, that Dr. Spinney had been expelled. The company was not granted a license to do business in Nebraska this year, but it is supposed it operated just the same. The insurance deposit has a number of letters in it from various parts of the country asking questions about the company. Some state that it has failed to pay claims.

SHeldon AND BROWN ON ISSUE

Need of Law Controlling Railroads in Nebraska is Urged.

CANDIDATES SPEAK AT GRAND ISLAND

Attorney General Reviews History of Railroad Assessments and Rides Closes Democratic Claims to Having Supported Roosevelt.

GRAND ISLAND, Neb., Sept. 29.—(Special Telegram.)—The republicans of Hall county had a rousing convention today, nominating E. O. White, a farmer, and A. L. Souder of Doniphan as candidates for representatives and A. C. Mayer, an candidate for county attorney. The convention was later addressed by Hon. George L. Sheldon, who, with Norman Brown and candidates Junkin and Williams.

Mr. Sheldon addressed himself largely to national issues and the relation of material welfare to political policies. He also dwelt on the extortionate profits the railroad corporations took from both the producers and consumers of Nebraska. His facts and figures showing the relative profits of the roads in Iowa and Kansas as compared with Nebraska were a revelation to many in the audience. His exposition of the comparative increases of taxation were likewise subjects, which it was the duty of the delegates, to give careful attention by the delegates, a large number of whom were farmers. He concluded by pleading with the people of Hall county to be freed men in every sense of the word, emphasizing the necessity thereof by stating that Nebraska was the only state in the center west that had no effective law controlling the common carrier corporation.

Hon. Norris Brown addressed himself to the local situation largely and declared that Mr. Thompson was an excellent citizen and would, if elected, diligently enforce the laws of the state. He also stated that he was not in favor of the democratic principles, but able as he was he could not succeed in finding out what these principles really were. The republican platform this year meant a square deal, and he would never plead with his neighbors in Buffalo county to vote for him with the expectation that he would discriminate in rates against any other city in the state. He directed attention to the charge in a Grand Island fusion paper that the republican party was not sincere in its declarations against railroad domination, because it had never attempted to enforce any law. Mr. Brown took up the entire history of the assessment of railroad properties under the new law, and it is said by those who have followed his speeches in other parts of the state that it was the strongest and best and clearest review of the entire negotiation that has yet been made. He also reviewed the efforts of President Roosevelt in securing rate regulation, told how the president was the prime spirit in the great record of the last congress and how he received democratic support only when it became known that the measure would pass without their support. Democrats pleading to republicans of Nebraska today to send democrats to Washington to help Roosevelt out. What they really meant was to help Roosevelt out of power to continue his great loyal service to his country. Did republicans want to do this?

Candidates Williams for commissioner and Junkin for secretary of state also addressed the convention and were heartily received. Candidate Brian for treasurer arrived just as the convention closed, his train being late.

FIORABA, Neb., Sept. 29.—(Special Telegram.)—The republican representative convention for the Twentieth district nominated George W. Saunders of Bazile Mills. A resolution was adopted, deploring the death of Edward Rosewater. M. T. Port's record in the last legislature was endorsed. The platform adopted was general in character.

E. A. Fry addressed the convention, endeavoring to get more definite resolutions passed. He said if the convention was sincere in its opinion of Rosewater it would pledge its candidate to the policies for which he fought and the planks of the platform would also define his position as to Norris Brown's candidacy. Fry reminded the convention that he stood for Rosewater's policies year ago and he demanded that if the convention did not name a man who could be trusted the resolution should be withdrawn. The following officers were nominated: Chairman, E. A. Fry; Secretary, S. S. Krake, late county judge and now a practicing attorney. Both men have a record following and a close vote is expected.

CALOMEL TABLETS KILL CHILD Little One Eats Eagerly Thinking it is Candy and Dies.

GENEVA, Neb., Sept. 29.—(Special.)—Fern, the 4-year-old daughter of Dr. and Mrs. J. W. Puckett, swallowed about forty calomel tablets containing morphine and calomel about 10 o'clock this morning and died at 1 o'clock she was dead. The parents of the child are heartbroken over the loss. Little Fern was one of three small daughters and an unusually sweet child, who will be missed by all who knew her. Friends and neighbors of the family are greatly shocked over the sad affair and the doctor and his wife have the sincere sympathy of every one. The child got her hands on the tablets without the knowledge of either of her parents, and ate them eagerly thinking they were candy. Funeral arrangements are in the hands of the Odd Fellows and the Rebekahs. Burial will take place Sunday afternoon from the house.

News of Nebraska. WAHOHO.—The Saunders county fair closed Friday, after a very successful fair held for three days. DAVID CITY.—The David City High school football team will play a return game with the model team of Garfield at York, October 13. GENEVA.—Next Thursday afternoon W. J. Bryan will speak in Geneva. There will be cheap rates on both roads. PAMPLION.—The jury in the Clement murder case was secured Friday evening and the case is progressing slowly. COLUMBUS.—In Platte county for the last week 101 persons have taken out final papers and become full fledged citizens. FERRIS.—Falling on a scraper with which he was filling a cellar north of town, Ferdinand Seef was seriously injured. DAVID CITY.—J. E. Carlisle, of this city, has sold his stock of merchandise at Garfield to Frank J. Olson of Grand Island. CLAY CENTER.—The Clay county fair closed Friday evening. It was a success in every way and a record-breaker in attendance. DAVID CITY.—The members of the Methodist church tendered their new pastor, Rev. Buckner, a reception Friday evening. COLUMBUS.—Mahlon Clotter has again been nominated by the fusion forces as supervisor of the Fifth district, in and for Platte county. GENEVA.—District court convenes Monday. The docket is light with only one original case, that of William Bruce for selling diseased hogs. DAVID CITY.—Joseph Disney has traded his stock in Willow county for Carlisle's lively business in this city and has taken possession. YOLM.—Merle G. Brown, nephew of Supreme Judge S. E. Sedgewick, has left for Cambridge, Mass., to finish his course in the Harvard law school. COLUMBUS.—The city council has just passed an ordinance against spitting on streets and the fellow that is caught at it will be fined \$5 and costs. COLUMBUS.—Sam Gass, sr. picked his first crop of apples and now is looking for the second for the trees are loaded down

Charcoal Kills Bad Breath

Bad Odor of Indigestion, Smoking, Drinking or Eating Can Be Instantly Stopped.

Other people notice your bad breath where you would not notice it at all. It is nauseating to other people to stand before them and while you are talking give them a whiff of your bad breath. It usually comes from food fermenting on your stomach. Sometimes you have it in the morning that awful sour, bilious, bad breath. You can stop that at once by swallowing one or two Stuart's Charcoal Lozenges, the most powerful gas and odor absorbers ever prepared.

New Engine Economizes Power

Expert in Breeding Corn is Patenting a Rotary Steam Engine. FREMONT, Neb., Sept. 29.—(Special.)—J. M. Maher, a farmer living northwest of this city, has taken out a caveat on an application for a patent for a rotary steam engine, which those interested in such things consider a remarkable piece of machinery. It does away entirely with the rotary cut-off valve, thereby greatly increasing the available power and is simple in its operation. From tests made with the model which he has built Mr. Maher claims to get 10 per cent of the expansive force of the steam is available for furnishing power, while in the ordinary steam engine on account of the valve and cut-off connections only 15 per cent can be so used, making it the most economical form of engine that has been made. Mr. Maher has spent much time for many years in breeding different varieties of corn and small grain, his work in that line having received much attention from the federal government and the agricultural and horticultural experts, but he says he has also been fighting on some plan to overcome the waste of power in steam engines and thinks he has solved the problem with his new invention.

Women's Gold Medal Contest

Mrs. S. K. Daily of University Place is Declared Winner. ALBION, Neb., Sept. 29.—(Special Telegram.)—The thirty-second annual convention of the Woman's Christian Temperance union came to a close last night with a woman's gold medal contest conducted by Mrs. M. J. Nichols of Beatrice. All the sections showed that considerable care and thought had been given by each individual. There were eight contestants. Mrs. S. K. Daily of University Place won the gold medal. The reports from all over the state were encouraging and Omaha's report was particularly interesting and many reports were made for their plan of work. The next convention will be held in Lincoln.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, heartburn, belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms, you are suffering from biliousness, torpid liver with indigestion, and Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.
