CELEBRATION OF GERMAN DAY

City Will Be Practically in Possession of Friendly Invading Army.

HISTORICAL PARADE TUESDAY MORNING

Torchlight Procession This Evening Will Be Followed by Formal Program at the New Theater.

Today and Tuesday Council Bluffs will be practically in possession of a friendly invading army of German-American citina from southwestern Iowa and eastern Nebraska, the occasion being the second annual celebration of German day. ications are that the invading army will be several thousand strong, and the celebration promises to excel anything of the ort ever held in this section of the country. With bands of music playing the familiar tunes of the old fatherland, the Germania, Turner, Maennerchors, Vereins and other German societies will come to Council Bluffs from all parts of southwestern Iowa and eastern Nebraska prepared to camp here until the close of the festivities late Tuesday night. "Hoch der Caiser" will be the pass word, and the well known expression, "Prosit," will un-doubtedly be heard at frequent intervals throughout the two days of merry mak-

ANNUAL CATFISH BAKE OF EAGLES

Large Crowd Attends Picnic at Union

Driving Park. The annual catfish bake and picnic of the Council Bluffs aerie of Eagles attracted a big crowd to the Union Driving park yesterday afternoon. Four hundred pounds of fish were cooked under the supervision of James W. Mitchell, republican nominee for county treasurer, who is said, if anything, to surpass the noted Augustine in his skill in cooking the Missouri river catfish. It is figured by Mr. Mitchell's friends that every pound of fish cooked by him yesterday afternoon nailed a vote for him and if this is the case it will be 400 votes to his credit next November.

During the afternoon there was a pro gram of foot, bleycle and motor cycle races. The championship ball game between the Council Bluffs and South Omaha aeries resulted in a victory for the home team and consequently it will keep the big silver cup for another year at least.

About 10:30 o'clock last night, after the crowds had left the park, the grandstand was found to be on fire. The old wooden structure, as dry as tinder, made a great blaze, illuminating the sky for miles. Some one notified the police and they in turn called the fire department. As far as could be learned last night, the cause of the fire was unknown. The entire structure was practically destroyed.

FRATERNAL INSURANCE LAW

COMMISSION RECOMMENDS MAXIMUM RATE

Strong Pressure Will Be Brought to Bear on Legislature Against Propased Action-Protest from Modern Woodmen.

(From a Staff Correspondent.) DES MOINES, Ia., Sept. 20.—(Special.)— Active preparations are being made by the fraternal insurance men of the state to ight the raising of the assessment by operation of law as is likely to be recommended by the insurance investigation commission now at work on a report to the legisla-When A. R. Talbot of Lincoln, Neb., head consul of the Modern Woodmen of America, C. W. Hawes of Rock Island. head clerk of the same order and some other insurance men were in the city recently to appear before the commission in opposition to any Igislation on the subject the matter was talked over by them after they had appeared before the commission. and it was agreed then so it is learned now that at whatever costs, the proposed legislation should be defeated.

It is pretty well settled that the commission will recommend the passage of a law fixing a minimum rate for fraternal and mutual assessment companies. On this supposition the fraternal men propose to carry on a campaign and declare that they will have a resolution from every fraternal camp in the state of Iowa opposed to the proposed law. In addition to securing the esolutions they propose to bring pressure to bear on the legislators through the local lodges in the county where the legislator

As showing the determination of the fra ternal men to defeat the proposed legisla tion, one of the head officials of one of the biggest companies in the country is quoted as having said while in this city that his company would bring every one of its head officers to the state at the next session of the legislature to lobby against the proposed measure, rather than to allow such

a bill to pass. There is no attempt on the part of the better informed fraternal officers in any of the companies to deny but that the rates must be increased before long. Head Clerk C. W. Hawes and Director A. R. Talbott of the Woodmen and many others have admitted this readily on the witness stand before the commission during the past summer. But they claim that it would never do to fix the higher rates by law, partly because of the fact that in other states there would be no such law and partly because they claim the higher rates are not now needed and further that the members of the orders will be better served if delay is had until they are educated to making the increases themselves.

Bills for the Legislature. Two companion bills to the law for the aspection of the accounts of cities will be ntroduced at the coming session of the legslature. One will be the bill to inspect the accounts of county treasurers and supervisors and the other will be a bill for the inspection o fthe accounts of public service corporations. The latter is the idea of some of the officials and leading spirits in the Iowa League of Municipaliies. It is claimed now by these officials that they are unable to get a fair accounting from the public service corporations and in granting franchises the public does so with its eyes shut for the reason that no one has an adequate idea as to how nuch profit there is in the public service corporations. An investigation and examnation of their accounts by inspectors from the state auditor's office would dis-

by the State Board of Educational examiners. On October 24, 25 and 26 the first examination will be held under the new law. This examination will be held in every county seat in the state on questions furnished by the State Board. The county superintendents will preside at the time of the examination, but will have no further duties than that and passing on the character of the applicant. The papers will be examined under direction of the board. State Superintendent Riggs said today:

State Superintendent Riggs said today:

It is the purpose of the board of examiners to select for this work, the ablest talent that can be secured from among the teachers of lowa. It is believed that many of the leading teachers and superintendents will offer their services, not so much for the pecuniary rewards, as through their interest in seeing the new law inaugurated under the most favorable conditions.

Persons who can qualify as readers and are willing to accept the appointment as such should write to the superintendent of public instruction for blanks on which to make formal application.

In selecting the readers the board will give preference to those who have specialized in the subject to be read, to the holders of life diplomas and state certificates, and to persons actively engaged in school work, either as teachers or graduate students. Readers will be paid not less than forty cents nor more than fifty cents per hour.

Appeal Soldiers' Preference Law.

Appeal Soldiers' Preference Law. The city council of Marshalltown has decided to appeal to the supreme court of the United States the soldiers' preference law case from that city, which was tested in the state supreme court, resulting in favor of the constitutionality of the law. No writ of error, however, has yet been filed with the clerk of the supreme court that are fully tested and we guarantee you of Iowa. It is understood, however, that the attorneys for the city are working on the writ now. It is oldimed by lawyers that the United States supreme court has never passed upon the constitutionality of such a law. Kansas and New York also have similar laws which give the old soldier preference in public positions of employment, and protects him in the positions after he secures them. Since the case from Marshalltown was tested in the Iowa supreme court cases have been before justices and in the district court all over the state. "Luxus" Beer is brewed especially to satisfy the present-day American taste. The modern demand is for a light beer—a lighter beer than any yet produced—a beer with all the goodness and purity of the best beers now known, but without any of the "comebacks" usually associated with beer drinking. A beer without that "sticky" heaviness—that oppressive bloating—that unpleasant "next-morning" experience after an evening of good cheer. A beer that you like, and can drink as much as you like. And that beer—which it remained for us to study out and perfect—the very highest attainment of the brewer's art, is

Fight on Searlet Fever. MEETEETSE, Wyo., Sept. 30.—(Special.)—As a result of an order issued by the Board of Health the marshal of this town is patrolling the streets armed with a shotgun and killing every dog and cat he can reach outside of the yards. Since the scarlet fever has broken out here numerous complaints have been made that vagrant cats and dogs would assist in spreading the contagion and the Health board finally issued the order. Thus far only two cases of scarlet fever have been reported, but the results of the wholesale exposure mentioned in yesterday's dispatches cannot be determined for several

days yet.
