When the new Brandets building was thrown open to the public Monday morning Worth gowns, Duchesse laces and bijouan epoch was marked in the retail business of Omaha. The immense throngs which waited in front of the, building for the mening of the doors, expected to see something beautiful. They looked on fairy land. From the show windows, through the new aliding; into the Courtney grocery store; through the arcade into the old building; a master hand had arranged the decorations; a master hand had displayed the goods for sale; a master hand had looked after the smallest details of the opening; everything had been done to make a display in keeping with the reputation for progressiveness of this enterprising firm and to leave a lasting impression upon the thousands who crowded through the doors.

In the rear of this small room was an oil painting of the merchandise prince, a ploneer of Omaha, who twenty-five years ago laid the foundation for this grand opening. Surrounding the picture were numerous floral pleces contributed by friends of the late head of the firm and of the living sons. In the rush of busiess the sons had not forgot the grand man, who had with their assistance builded so well. Many of the floral pieces were sent from New York and Chicago by business friends of the Brandels. company is in its new home in the recently completed Webster-Sunderland building and the new Brandeis building has had its opening, it is noted that many other buildings are progressing rapidly. The Young Men's Christian association building has been under roof for several weeks and Secretary Wade expects to get into the offices by the middle of October, though other portions will not be upled until weeks later.

On the Byrne & Hammer Dry Gouds company's new home at Ninth and Howard streets interior work is being done thirty to sixty days.

The roof is being put on the Parlin, Orendorff & Martin warehouse at Tenth and Leavenworth streets and Manager Euclid Martin expects to be in full possession of the offices and sample rooms

by the time of the implement dealers' convention in November. Two stories and basement have been

completed on the south one of M. E. Smith & Co.'s two mammoth structures on Ninth street, between Farnam and Douglas, and one story has been finished on the other. One building is to be completed by April and the other by May 1. The United States Supply company's building at Ninth and Farnam streets has

reached the third story. The basement was completed and work begun Monday on the first story of the Carpenter Paper company's eight-story house at Ninth and Harney streets.

At Seventeenth and Jackson streets grading is under way for the new home of the Omaha Daily News.

Bricklaying was begun Monday on the first story of the Rome hotel. This is to be under roof by January 1.

Mrs. Dufrene's building on the block west of the city hall has reached the third story.

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is-Syrup of Figs-and for the same reason it is the only laxative which should be used by fathers and mothers.

Syrup of Figs is the only remedy which acts gently, pleasantly and naturally without griping, irritating, or nauseating and which cleanses the system effectually, without producing that constipated habit which results from the use of the oldtime cathartics and modern imitations, and against which the children should be so carefully guarded. If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines, when medicines are not needed, and when nature needs assistance in the way of a laxative, give them only the simple, pleasant and gentle-Syrup of Figs.

Its quality is due not only to the excellence of the combination of the laxative principles of plants with pleasant aromatic syrups and juices, but also to our original method of manufacture and as you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. Please to remember, the full name of the Company-CALIFORNIA FIG SYRUP CO .- is printed on the front of every package. In

order to get its beneficial effects it is always necessary to buy the genuine only. For sale by all reliable druggists.
