Organization Epit Sixteen Years Ago Over
Political Action.

UNION IS ON NONPARTISAN PLATFORM

Vice President Fairbanks to Speak
at Waterloo October 13—Dates for
Other Republican Meetings
in State.

(From a Staff Correspondent.)
DES MOINES, Oct. 3.—(Special.)—The Women's Christian Temperance Union in this state, which sixteen years ago split into two organizations over the question of supporting the prohibition party, united today on a non-partisan platform which reads: "The organization in relation to work for enactment and enforcement of laws shall give its endorsement to men and measures only, the rights of all members being preserved." The union of the two organizations was effected this afternoon at a meeting at the Central Christian church. To bring it about a large number of details had to be worked out. The non-partisan platform, in which the older members, in point of years, have continued to work, owns property including Benedict Home in this city which is free from debt and has, furthermore, \$10,000 in assets in the way of bequests and endowments, some already on hand and others to come. This organization has but 1,800 members in the state. Mrs. Florence Miller of this city has for years been its president. The partisan faction, which sixteen years ago gave its support to the prohibition party, has a membership of 3,500 and an indebtedness of \$700 or more. It has agreed to wipe out this indebtedness among its own members. This afternoon the two organizations met together in the Central Christian church in this city, adopted a constitution and elected officers and the two old organizations are no more. In reality, however, the partisan organization of the larger membership has come back to the fold of the old organization. There will be from this on but one Women's Christian Temperance Union in Iowa and that is the organization that is affiliated with the Friends Willard union of national society. The white ribbon is the symbol of the organization and the "T" designation the Temple wing of the party, which was the emblem of the partisan organization, is dropped. Every effort to induce Mrs. Dunham to withdraw her candidacy as president of the consolidated organization failed. It was argued by those who opposed her candidacy that as Mrs. Miller, president of the organization, had recently died and as Mrs. Dunham was identified with the factional fight, it would be better for the society to elect a younger member as president and select one not identified with either faction of the society. The matter, however, was allowed to go to the delegates for them to decide. The union of the two organizations this afternoon was somewhat spectacular and affecting. Women carried up, on their heads, a band of white ribbon, held high in the air, in the hands of delegates encircled the room and the delegates marched about the aisles singing temperance hymns. It was some minutes before the real business of adopting the constitution and electing officers could be taken up.

FAIRBANKS AT WATERLOO

Dates have been arranged for Vice President Fairbanks to speak in this state at Waterloo, Saturday, October 13, and with him on the platform will appear Governor Cummins and other prominent politicians. Mr. Fairbanks leaves today in the afternoon and Governor Cummins will speak both afternoon and evening. It is the intention to make the meeting a district rally and gather in the republicans from all that part of the state. At the republican state headquarters here today campaign were announced for prominent campaign speakers, as follows:

SHOOTING IN NEW YORK

NEW YORK, Oct. 3.—Herbert Partridge was shot three times today in the apartments of his sister, with whom he made his home, and will probably die. The shooting was done by Charles John, a stenographer, whose attentions to Mrs. Jennie Smith, Partridge's widowed sister, were of a nature which she resented. The struggle between the two ended today when Partridge drew a revolver and shot John three times, each bullet entering Partridge's body. John disappeared after the shooting and Partridge was taken to a hospital, where his case was said to be critical.

Physician Disappears.
Dr. W. J. Latta, for many years a physician in this city, has disappeared completely and all efforts of his friends to find him have failed. An investigation has been instituted. Dr. Latta was married at one time, but for some years has lived separate from his family. He left Des Moines, moving his office furniture from the Century building, and told some friends that he was going to Colfax, Ia. It was supposed that he was there, but it is now discovered that he has never been there and all trace of where his office furniture was sent is lost.

MAGOON LIKES THE JAMAICANS

Governor of Philippines Says that
Negroes Are Good Workmen
When Organized.

WASHINGTON, D. C., Oct. 3.—Former Governor Charles B. Magoon of the Panama canal, who has spent a great deal of time on the isthmus, has considerable confidence in the Jamaican negro as a laborer on the canal. He has organized a police force of these men and says they are very efficient. Much of the complaint that has been made about them as laborers, he thinks, is because they do not thoroughly understand American terms and the names of articles in common usage. He says that upon the whole they are intelligent and can read and write, are prolific letter writers as he can testify by the many communications received from them. They all begin their letters in the same way: "Your excellency; I have the honor to acknowledge the receipt of your letter of the 24th of September, etc." Judge Magoon says that they are all proud of being subjects of Great Britain.

ENGLISH WOMAN IS MURDERED

Daughter of Army Officer Strangled
and Beaten to Death
in France.

ESSEN, France, Oct. 3.—A great sensation has been caused here by the murder of Miss Madeline Lake, daughter of an English army officer, whose body, terribly mutilated, was found Monday evening in the city park. Up to the present the police have been unable to throw any light on the mystery. Both her temples were beaten in, her throat was lacerated by the hands of her murderer, who evidently strangled her in addition to beating her terribly about the head, and her arms and body were severely bruised. The excitement caused by this horrible crime has been increased by the fact that the inquiries of the authorities have not as yet been satisfactorily established. The fact that Miss Lake was related, distantly, to the British royal family, the brother of her grandmother, it is stated, having married a daughter of Caroline Amelia Elizabeth of Brunswick, the divorced wife of George IV of England.
