NO RELIEF IN GLITTERING GENERALITIES

Republican Platform and Candidates Pledged to the Performance of Specific Acts Which Will Furnish Belief.

NELIGH, Neb., Oct. 10 .- (Special Telegram.)-The republicans held a rousing meeting here tonight, the court house hall being totally inadequate to hold the crowd. Judge N. D. Jackson presided.

George L. Sheldon was greeted with great applause as he came forward. Mr. Sheldon spoke at length upon the 3-cent passenger fare, the maximum freight rate law and discriminations in freight rates in Nebraska. He pointed out strongly the difference between the democratic policy, which offers no definite method of correcting the evils of unjust rates and discriminations, and the republican policy which stands for the enactment of laws which can be enforced to correct the abuses and does not stand for the enforcement of obsolete laws which everyone knows cannot

be enforced. Mr. Sheldon said in part: "It is generally conceded that freight and passenger rates in Nebraska are unreasonably high: I believe they are. The rate on wheat from Neligh to Omaha is 15.5 cents per 100 pounds. The distance is 158 miles. The rate on wheat in Minnesota for 160 miles is 10 cents per 100 pounds and in Iowa 9,163 cents. It costs 5.87 cents more to move 100 pounds of wheat from Neligh to Omaha than it does to move a like amount the same distance in Iowa. I want the railroads to explain why it is that it is necessary to charge 60 per cent more to move a carload of wheat in Nebraska than in Iowa." Taking up the freight rates on corn he showed that at present it takes eighteen acres out of every 100 to pay the freight on corn from Neligh to Omaha.

Railroad Rates at Par. In closing, Mr. Sheldon sald Nebraska cannot regulate rates outside of the state. but it can fix reasonable rates within the state, and it certainly should do it. At present there is no law in force and none that can be enforced that gives the citizen of this state any relief from outrageous charges. It is the duty of the state to pro-

vide a remedy so that when its citizens are imposed upon they can get relief. What we want in Nebraska is railroad rates at par. The republican party is pledged all along the line to carry out the principle of the state exercising the right which it has to guarantee to its citizens reasonable railroad rates, fares and charges.

Edward W. Magi made a brief speech, saying that two years ago he supported George W. Berge, but that this year he was supporting George L. Sheldon, because he was still a believer in the same principles he advocated two years ago and that he ewed more to principle than he did to any party organization for the specific purpose of a political party victory. Senator Burkett, who closed the pro-

gram, was received with great enthusiasm. He spoke on national questions in the main, but urged the election of the entire state and national ticket in order that the principles of Roosevelt and the republican party might be carried out. He referred to George L. Sheldon in a very complimentary manner, citing his of a definite policy in the correction of existing abuses.

MAN FOUND DEAD IN CORNFIELD

Not Known Whether It is a Case of Murder or Suicide. SCHUYLER, Neb., Oct. 10 .- (Special.)-While Rural Mail Carrier A. Koza was making his trip Saturcay morning he saw a man undressing beside a corn field about fifteen miles from Schuyler, but thinking he was changing clothes thought nothing of it till Monday morning, when passing the same place he noticed the clothes lying on the ground, but being alone he did nothing until getting home, when he told a doctor. The doctor, thinking there was something wrong, made the trip with Mr. Koza Tuesday morning and coming to this place stopped to investigate. Looknig at the clothes they found blood on them. They then followed the clue into the corn field, and between the sixteenth and seventeenth rows of corn found the man which the mail carrier had seen Saturday morning naked, with a gash cut through his neck from ear to ear.

Whether it was a case of suicide or murder nobody knows. He was a stranger to both men who found him. Coroner Allen was notified and the body was taken to Clarkson, the nearest town, for inquest Nothing was found in his clothing to identify him, so nothing further will be known until after the inquest.
