COMMITTEE REVISES DATES FOR SHELTON

Attorney General to Decide Whether Dr. Alden is Legally Entitled to Salary After He Was Ordered to Vacate.

(From a Staff Correspondent.)

LINCOLN, Oct. 12.—(Special.)—Honk chariot, better known as automobiles, are cutting a considerable figure in the present state campaign. Their use is made necessary by poor railroad connections.

Several automobile trips have already been laid out by Chairman Despain of the republican speakers' bureau for Senator Sheldon.

As originally planned, Sheldon was to have visited Broken Bow and Arcadia on the same day, but as he could not get to the latter place in time it has been omitted from the schedule.

Information received by the republican speakers' bureau is that Congressman Walter L. Smith of Council Bluffs cannot possibly come to Nebraska this year.

The meeting at the University Memorial hall Saturday evening, which will be addressed by Robert Cowell of Omaha, candidate for railroad commissioner, and two of Lancaster county's nominees for the legislature, J. C. F. McKesson and Ned Brown, will be open to students and their friends.

Anti-Saloon League Active.

The Nebraska Anti-Saloon league cut loose in the legislative campaign with a notice to both the stronger political parties that it purposes to prove to the public that it is still alive and kicking.

Lancaster county, apparently, is the scene of the league's most active work here, up from the county seat.

Home Mission Convention.

The first session today of the national convention of the Methodist Episcopal Woman's Home Mission society was chiefly devoted to financial affairs, and funds were pledged to cover the expenditures for the work in the south, in Utah and Porto Rico.

SHELTON TALKS AT PIERCE

Tells People that Legislative Ticket Must Be Supported to Insure Republican Senator.

PIERCE, Neb., Oct. 12.—(Special Telegram.)—George L. Sheldon made the principal speech at the republican meeting here today and in his usual convincing manner explained conditions in Nebraska and told what the republican party intended to do about it.

Senator Sheldon made an earnest plea for the rights of the people as against the domination of corporations. He called attention to the fact that a republican attorney general had been the first one who ever held the office in Nebraska to bring a suit of any magnitude against a corporation and win it; that he won it because he was indefatigable enough to do his duty and had intelligence enough to prepare his case properly and put it before the court in a proper manner.

Mr. Sheldon also took up the question of freight discriminations in Nebraska and the 5-cent passenger question, showing the absolute necessity of having a railroad commission to fix passenger fares in accordance with the earnings of the roads, in order that the law might not be contested and declared unconstitutional, thus falling in any relief whatever.

O. J. Frost, candidate for the legislature, and Edward G. Maggi also made brief addresses.

Killed by Runaway Team

HUMBOLDT, Neb., Oct. 12.—(Special.)—Another shocking accident, the second in as many weeks, occurred here yesterday and resulted in the death of an aged and respected citizen of the city, William Lee, who made his home with his daughter, Mrs. Mattie Mosemuth, of West First street.

TOWN OF POOLE BADLY SCORCHED

Fire Starts from the Explosion of a Gasoline Stove.

KEARNEY, Neb., Oct. 12.—(Special Telegram.)—Fire starting from the explosion of a gasoline stove destroyed fully half of this business portion of the town at Poole, Neb., this morning. The fire broke out between 8 and 9 o'clock, and it was soon before it had spent its fury and placed under control. The buildings destroyed were the Meats grocery and dry goods store; the new Alex. Young building, containing the Poole State bank; the postoffice, town hall, the harness shop belonging to Mr. Tisdale, and restaurant run by the Misses Robinson. The jewelry store was also destroyed and the loss is estimated at between \$6,000 and \$8,000, only a portion of the buildings and stock being covered by insurance.

Killed by a Live Wire.

FREMONT, Neb., Oct. 12.—(Special.)—Charles Holesworth, engineer in the employ of the Fremont Ice company at its plant west of town, was killed at his home on North Broad street this morning by contact with a live electric light wire. Shortly after 6 o'clock he went down cellar to fix the furnace. He did not come back and after ten or fifteen minutes his wife went down to see what he was doing. She found him standing on the cellar bottom with one hand grasped around the lamp and socket. The hand and arm were badly charred and there were other burns on the body. Mrs. Holesworth was almost overcome by the affair, but managed to notify one of the neighbors. The lamp was attached to the usual long cord and had never been out of order so far as known.

Hunters Have a Close Call.

YORK, Neb., Oct. 12.—(Special.)—Verne Goble, Milton Lloyd and Robert Lloyd have returned from a hunting trip in the sand hills, northwest of Burwell, where they had an experience in which they lost by fire part of their clothing, guns and fishing tackle. They had moved into a cabin in which was a stove, and Milton Lloyd, who started the fire early in the morning before the others were awake, had left the front door of the stove open. Sparks flew out, falling through cracks, igniting dry grass and rubbish, and burning the cabin in a few minutes. Verne Goble and John Lloyd were asleep and barely escaped with their lives.

Sheldon's Record Clear.

Republican campaign managers were apprised today of another democratic attempt to manufacture thunder by circulating the report that Senator George L. Sheldon cast his vote in the legislature of 1906 against the railway commission constitutional amendment that is to be submitted at the coming election.

Ak-Sar-Ben Carpet Sale

THIS, Saturday, morning we will place on sale over 4,500 yards of carpet, used one night only at the Den.

Hundreds have been waiting for this sale. Now is your opportunity to secure extraordinary carpet and matting bargains.

Each year we furnish the Den for the annual Ak-Sar-Ben ball, and this year we used a much better grade of carpet than ever before, the entire main floor being covered with fine Axminsters and Velvets, in this fall's newest and most beautiful patterns and colorings; as much as 400 yards of some patterns.

The richness of designs, the high grade of the fabric itself and the astonishingly low prices combine to make this unquestionably the greatest carpet event of the season.

The prices quoted are for goods that are practically perfect. Some slightly damaged goods go at still greater reductions.

Axminsters, Velvets, Brussels, Ingrains and Mattings in great quantities. All at prices too small to be overlooked.

A considerable saving on each yard makes a mighty bargain of a room-size carpet.

Salute commences Saturday morning, 8 o'clock. Follow the crowd and you'll come to our second floor. Bring measure of your rooms.
