DOCTORS FOR MEN

THE RELIABLE SPECIALISTS

BLIGHTING EFFECTS OF WEAKNESS

There are thousands of men whose minds are weak and impaired and whose bodies are unsound and diseased. They suffer from the follies and excesses of youth, which weaken their physical, mental and sexual powers. They are weak, nervous, tired, dizzy, languid, despondent and absent-minded; have weak, aching back, palpitation of the heart, capricious appetite, frightful dreams, a constant fear of impending danger, night losses and day drains, which unfit them for work, study, business or marriage. Others are suffering from private diseases, such as Gonorrhoea, Gleet, Stricture, Varicocele, Enlarged Prostate or Blood Poison (Syphilis).

Are you one of these men? Are you staggering under the burden of a secret weakness, which is a slow but sure drain on your strength and vitality? In your present condition are you fit to hold a responsible position? Can anybody rely on you or can you rely on yourself? Is your body almost wrecked and your brain in a whirl? It is terrible to be in this condition, but it is still worse to allow the trouble to progress and become more aggravated, for it may then fill your whole life with failure, misery and woe. There are thousands of ruined and cheerless homes, filled with discontent and unhappiness, lacking in love and companionship, through the sexual weakness and physical impairment of men whose years do not justify such a condition. We have gladdened the hearts of thousands of young and middle-aged men who were plunging toward the grave, restoring them to specimens of physical manhood, full of vim, vigor and vitality.

We cure safely and thoroughly.

Stricture, Varicocele, Emissions, Nervo-Sexual Debility, Impotency, Blood Poison (Syphilis), Rectal, Kidney and Urinary Diseases,

and all diseases and weaknesses of men due to evil habits, self-abuse, excesses or the result of specific or private diseases.

COUNTY CAN NOW PAY CASH

Improved Financial Condition Enables Warrants to Be Redeemed.

OLD DEFICIT IS ENTIRELY PAID OFF

Republicans Point to Fiscal Affairs as Evidence of Economy in Conduct of County Business.

For the first time in many years it will be unnecessary for Douglas county to register general fund warrants this fall. The condition of county finances, according to an announcement made by County Treasurer Fink Friday, is such that all of the warrants allowed by the county board from now on can be taken care of out of county funds. This will mean a big saving to the taxpayers, as several thousands of dollars a year in interest on registered warrants has heretofore been paid.

Republicans are pointing with considerable pride to the fact that since the county affairs passed into the hands of republican commissioners and a republican treasurer registered warrants to the amount of over $215,000, left over from the former administration, have been paid without the issuance of bonds and the county put on practically a cash basis, with prospects that hereafter all bills can be paid as fast as claims are filed. This not only enables the county to buy goods cheaper, but it also saves the interest on registered warrants.

Bad Conditions in 1904

In 1904, when Mr. Fink entered the treasurer's office, the county board by October 9 had exhausted the 85 per cent of the general fund levy against which they were allowed to draw and were forced to register $215,886.48 of general fund warrants. By October, 1905, the amount of registered warrants had been reduced to $177,852.42 and this year the condition of county finances has improved so that not only will no warrants be registered, but only 61 per cent of the 85 per cent of the general fund levy has been drawn against. County Treasurer Fink has invested $38,000, the balance in the sinking fund, in general fund warrants, saving the county the interest.

Mr. Fink's ascribes this change in the county's condition to three things: First, greater economy and scrutiny of bills by the county board; second, increased personal tax collections, and, third, the increased revenues due to the scavenger tax law.

Mr. Fink takes considerable pride in the fact that in the last two years he has collected 98 per cent of the personal taxes of the county. This is a record that has never been equalled before. The collections for the city have not been as large, amounting in 1906 to 87.27 per cent, in 1905 to 90.48 per cent, 1904 to 92.17 per cent and 1903 to 72.77 per cent. The low collections for 1903 are due to the fact the railroad terminals were assessed by the city and the taxes are still held up in court suits.

Interest on Bank Deposits.

Another source of increased revenue for the county is the interest on current funds deposited in banks. County Treasurer Fink has turned in for the first three quarters of the year 1906 $4,181.34, while for the four years his predecessor was in office the interest turned in amounted to only $1,782.49. In 1904 it amounted to $3,899.92 and in 1905 to $4,530.43. This year it is estimated it will run up to over $5,000. The increase is due in part to the fact the county now has more funds drawing interest than it had in previous years.

It is reported that democratic politicians are using as a campaign argument in the fight against Commissioner Kennard the fact that the board transferred money from the bridge and road rund to the general fund. The republicans meet this argument by declaring it was done to pay up a deficit in the general fund inherited from the democratic administration and point to the improved financial condition of the county as evidence of the economy of the republican administration of affairs.

NEW TRACK FOR THE KAISER

Plan of Construction Devised by Nebraskan for Emperor of Germany.

Francis M. Price of Lincoln has devised a new form of railroad track construction which is to be submitted to the German government for experimental use on one of the fast lines. Its object is to do away with wooden ties, substituting concrete piers and steel rods to keep the rails at proper distance apart. The rail is double, the lower part is to remain permanently imbedded in the piers, while the upper part or wearing surface can be renewed as often as necessary. The device is not patented, as the cost is enormous, and it will be some time before its general use will be taken.

ITCHING PAINFUL SORES ON HANDS

Suffered for a Long Time Without Relief—Had Three Doctors and Derived No Benefit—One Doctor Was Afraid to Touch Them—Soreness Disappeared and Hands Now Smooth After Application of

CUTICURA SOAP AND CUTICURA OINTMENT

"For a long time I suffered with sores on the hands which were itching, painful, and disagreeable. I had three doctors and derived no benefit from any of them. One doctor said he was afraid to touch my hands, so you must know how bad they were; another said I never could be cured; and the third said the sores were caused by the dipping of my hands in water in the dye-house where I work. I saw in the papers about the wonderful cures of the Cuticura Remedies and procured some of the Cuticura Soap and Cuticura Ointment. In three days after the application of the Cuticura Ointment my hands began to peel and were better. The soreness disappeared, and they are now smooth and clean, and I am still working in the dye-house.

"I strongly recommend Cuticura Soap and Cuticura Ointment to any one with sore hands, and I hope that this letter will be the means of helping other sufferers. Very truly yours, Mrs. A. E. Maurer, 2340 State St., Chicago, Ill., July 1, 1905."

MOTHERS! MOTHERS!

To know that a warm bath with Cuticura Soap and a single anointing with Cuticura, the great Skin Cure, and purest and sweetest of emollients, will afford instant relief and refreshing sleep to skin-tortured babies, and rest for tired and worn-out mothers.

Sold throughout the world. Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 50c. per vial of 60). Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, "How to Cure Eczema" and "All About the Skin, Scalp, Hair, and Hands."

WOMAN ALMOST AN ANGEL

Mrs. L. H. Apperman Takes Carbolic Acid and Has Narrow Escape of Death.

Mrs. L. H. Opperman, who has been temporarily residing at 1018 Harney street, came as nearly wearing a pair of wings Friday morning as she probably will ever get. She attempted to leave the troubles of this terrestrial world via the carbolic acid route, and for several hours the attending physicians thought her efforts would be a howling success. In fact some excited person telephoned the coroner and the police at the city jail that she was dead. The coroner made preparations for removing the body to his office and the police had prepared their report of the accident for Chief Donahue, when another telephone message was received containing the information that the woman had suddenly revived, due to the strenuous efforts of Police Surgeon Harris.

Mrs. Opperman, who has been going under the name of Grace Williams at the Harney street house, imbibed too freely Friday night and instead of becoming hilarious the stimulant had an opposite effect. She was married to Mr. Opperman in 1903, but recently they agreed to disagree and separated, and despondency over her marital affairs, coupled with too many injections of alcoholic libations, were the reasons assigned for her deed. She obtained two ounces of carbolic acid and drank the potion about 3:30 Friday morning in the presence of her friends at the Harney street house, who immediately sent for Police Surgeon Harris. The doctor worked with her until 9 a. m., when she was sufficiently recovered to enable her removal to St. Joseph's hospital, where she now lies in a very precarious condition, although it is believed she will eventually recover considerably the worse for wear.

Some time ago she threatened to commit suicide in the same manner, but was deterred owing to the lachrymose attentions of her friends. She is about 21 years of age and has a mother and father living in Florence.

LOBECK AND NOT THE SYSTEM

Comptroller Is the Object of Criticism by Expert Accountant Gilchrist.

Comes again one John M. Gilchrist, expert accountant, with a reply to Comptroller Lobeck's reply to Gilchrist's charges against the conduct of the comptroller's office. Mr. Gilchrist now raises six points. He says:

OMAHA, Neb., Oct. 9, 1906.—Hon. Mayor and Council, City of Omaha.—Gentlemen: In commenting on my report, Mr. Lobeck is quoted as saying that a special accountant of the American Bonding company stated that the accounting system in connection with the city treasurer's office was the best in the country. I happen to know of this examination, which consumed something less than a day. I agree with this accountant and Mr. Lobeck and so state in my report using the term "excellent system." Mr. Lobeck, however, ignores my point. I do not criticise the system; I criticise his failure to maintain and carry out the system. I raise six points in my report. The council can easily determine the facts by briefly propounding six questions:

First—Do the tax ledgers he keeps show the balance of uncollected taxes as per the tax lists in the treasurer's office, and, if not, are the accounts properly audited?

Second—Have the tax lists been compared since January last, and, if not, can he tell whether any false credits are on the treasurer's tax lists, and are all the entries proper and correct?

Third—Has the proportion of the city tax collected and paid under the scavenger law ever been audited; if not, is this part of the city attorney's business, as stated by Mr. Lobeck?

Fourth—Has the city's part of the docket fee been paid since January?

Fifth—In ordering the unexpected balances turned into the sinking fund, which figures were used, 90 per cent of the levy or the amount collected? Which is correct?

Sixth—Has any interest on tax been rebated without authority of the council?

These questions are simply put and can be easily answered.

JOHN M. GILCHRIST.

SUNDAY SCHOOL TEACHERS

Workers Meet at First Methodist Church and Are Addressed by New Pastor.

Sunday school teachers and others interested in the work met Thursday evening in the parlors of the First Methodist church for a social and intellectual hour. The chief object of the meeting was a rekindling of interest in Sunday school work and to exchange ideas which are being promulgated from time to time. After refreshments were served by a committee of women T. H. Weirich, toastmaster, introduced G. G. Wallace, superintendent of the Central United Presbyterian Sunday school. Mr. Wallace gave a helpful talk on "The Teacher's Part in the Government of the Sunday School." The speaker contended that child study should not be lost sight of in Sunday school work.

Rev. F. L. Loveland, D. D., pastor of the church, spoke on "The Teacher's Opportunities." He urged the conversion of boys and girls in the Sunday school. Mr. Scranton spoke on "Looking Forward." Musical selections were offered by Estelle Brown, Elmore Unstead, Miss Hazel Loveland and Dr. Loveland.

SUBURBAN PROPERTY ACTIVE

Another Chance for People with Small Amounts to Invest in Real Estate.

Active interest in suburban real estate is revived again after a few quiet days during the Ak-Sar-Ben festivities, and Hastings & Heyden, together with Garvin Bros., are to put on the market the rest of the tract known as Military addition.

This property was named "Military addition" because of its proximity to Military avenue, that beautiful paved street along which the car line runs to Benson. The lots in this addition are practically all on high ground, commanding a wide view of the surrounding country, and, when coupled with the prices and terms asked, will undoubtedly make some quick sales for the firms handling them. The sale begins October 13.

MEASLES TABOOED ON TRAIN

Two Children Afflicted Cause Ejection of Mother and Family by the Officials.

On account of the lack of an emergency hospital it became necessary to use the matrons' department at the city jail as a temporary detention camp Thursday afternoon. An Italian woman, Mrs. Guiseppe Ferrar, was on her way to Rock Springs, Wyo., where her husband works in a coal mine and shortly before her arrival in Omaha it was discovered that her two small children were suffering with measles and the party was ejected from the train in this city and the railroad officials then refused to transport her children when suffering with a contagious disease. Dr. Jensen and Dr. Connell of the city health department attended the woman and her children at the station and then had them removed to the city jail until a place could be found to house them during the illness of the children. Dr. Connell said that he and his assistants had been up all night, but had not succeeded in finding a place for their detention. He particularly emphasized the need of a detention hospital as there are numerous cases like the present dilemma which they are facing and that no matter how much money they had at their disposal it is next to impossible to find shelter for a patient suffering with a contagious disease.

Opening of New Hall.

Druid Camp No. 24, Woodmen of the World, celebrated the opening of its new hall at Twenty-fourth and Lake streets Thursday evening with program of music, speechmaking and refreshments. The affair brought together about 300 Woodmen and their friends and a good time was had. The quartet from the sovereign camp, office furnished some of the music. George Greene gave a xylophone solo, Carl Reiter did a monologue stunt and addresses were delivered by A. H. Schule, J. T. Yates, B. W. Jewell, Dr. A. D. Cloyd, and a tenor solo was sung by William Host.

AN OLD and WELL-TRIED REMEDY.
