Bids for New City Hall Received by the City Council. LOWEST OVER FORTY-THREE THOUSAND

Delegates to Odd Fellows' Grand Lodge Arriving and Local Committees Kept Busy Caring for Them.

The most important business of the city council last night was the consideration of bids for the city hall. Two legal bids were received. The first, by McDonald & Block, offered to construct the building according to the plans of the city engineer for \$41,770.

The building inspector gave notice that he was about to close up the building of Mrs. Pivonka on the alley between Twenty-fifth and Twenty-sixth on N. being in an unsafe condition.

The city treasurer gave notice that \$2,073.28 was due at the fiscal agency in New York November 1, the same being annual interest on bonds and matured obligations of the city.

A petition was received for the change of grade in the alley to block 81, South Omaha. Another asked the extension of the water main on Twenty-second street from W. to W. and for a hydrant at W. and Twenty-second.

Be Sure to Get What You Ask For. HERE is a Reason—Why the Good People of America buy Cascarets as Fast as the Clock Ticks.

Every second some one, somewhere, is buying a little Ten-Cent Box of Cascarets. 1, 2, 3, 4, 5, 6—60 times to the Minute, 60 Minutes to the Hour, 3600 Boxes an Hour, 36,000 Boxes a Day of Ten Hours, 1,080,000 Boxes a Month, and then some.

Over Five Millions of Dollars have been Spent to make the merits of Cascarets known, and every cent of it would be lost, did not sound merit claim and hold the constant, continued friendship, Patronage and Endorsement of well-pleased people year after year.

There is also a Reason—Why there are Parasites who attach themselves to the Healthy Body of Cascarets' success—Imitators, Counterfeiters, Substitutors.

They are Trade Thieves who would rob Cascarets of the "Good Will" of the people, and sneak unearned profits, earned and paid for by Cascarets.

Cascarets are made only by the Sterling Remedy Company, and put up in metal box with the "long-tailed C" on the cover. They are never sold in bulk.

SPORTS OF A DAY.

AMES EXPECTS A VICTORY Farmers Hope to Have Easy Work at Auction.

IOWA CITY, Ia., Oct. 15.—(Special.)—All of the college teams in the state, with the exception of Coach Chalmers' Hawkeyes, have played their final game of the season.

The Ames college game was perhaps the most interesting contest in the state. The preceding week Cole had held Ames to forty-five points. He was believed to have the game in a pocket, and the Ames boys were confident that they would not be won until the last half.

The Ames boys were confident that they would not be won until the last half. The game showed, however, that the teams were evenly matched, and the Ames boys rolled up against De Moines college being accounted for by the fact that the Ames boys were suffering from a lack of material, two such men as these should have been in the Ames line.

The officials for the Iowa college games are up against a hard job. The year on account of the fact that nearly all the players in the state in games played thus far, can be considered as being in the hands of the officials. The men are being called upon to referee in a large number of games, and the officials are being called upon to referee in a large number of games.

It's Fuel that's Expensive—Not the Stove

A Cheap, putty-jointed stove will waste more than its Original Cost in Fuel every winter. As you know, fully one-half the carbon available for heat in soft coal is gas—the entire gas supply used for fuel and illumination in many cities and towns being made from common soft coal.

Cole's Original Hot Blast

Saves the Dollars and makes a ton of common \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal. Your old stove and imitation Hot Blast are not air-tight, do not save the escaping gases and do not give you a warm house at night, because they are made with putty joints.

OUR GUARANTEE 1—We guarantee a saving of one-third in fuel over any lower draft stove of the same size with soft coal or lignite. 2—We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any like burner made with similar construction.

For Hard Coal—Saves Half The extent of unburned gases in hard coal is shown by opening the magnetic cover of a base burner which the extra oxygen supplied fills the entire stove with flaming gas.

Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove? That is what you do when you buy a cheaply constructed, putty jointed, showy made imitation stove. Like all successful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them.

City golfers tried to rival the hospitality of the Field club and provided a splendid entertainment for each night the visitors were here. The first night was the country and city, the next a smoker, the next a banquet and then a box party to see the city golfers.

Champion Byers and Many Former Title Holders Take Part. HAMILTON, N. Y., Oct. 15.—A picked field of golfers, including Eben M. Byers of Pittsburg, the present national amateur champion, Walter J. Travis of Garden City, a former national as well as British champion, H. J. Whigham, the title holder in 1895 and 1897, and McDonald, the champion in this country, and many other players of national reputation made the invitation to the Myopia Hunt club one of the most interesting events in the golfing world.
