COURT ACQUITS BY ERROR

Township Trustees Not Allowed to Take Contracts with Township.

SUPREME COURT HONORS JUDGE KINNE

Five Tickets to Be Placed on Official Ballot. Populists Being Permitted to Make Amendment to Their Petition.

DES MOINES, Oct. 16.—(Special.)—A decision of the supreme court today settles the question that township trustees must obey the law against being interested in any contracts for labor or material or anything in which the township is interested, though A. P. York and William Lindington, trustees of Colfax township, in Dallas county, will go unscathed. The two trustees furnished men and teams to the road superintendent with which to work the roads of the township. There is a statute which forbids them from being interested in any such contracts, though the statute fails to define such a crime and fails to fix any penalty. The two trustees were indicted by the Dallas county grand jury and their attorneys demurred to the indictment on the ground that as the legislature failed to define the offense and fix a penalty it was not indictable and was not a crime against the state. In the district court the decision was in favor of the trustees and the state appealed in order to get a ruling of the supreme court on the points of law. The supreme court today holds that since there is a general statute which provides that township officers for which no penalty has been provided shall be considered misdemeanors and punishable by not more than a year's imprisonment or a fine of \$500, or both, the offense is a misdemeanor and is indictable. The ruling being cleared once cannot be tried again and the effect of the decision of the court is only to establish the principle of law that the offense is indictable and punishable by not to exceed a year in the county jail or a fine of \$500, or both.

Memorial to Judge Kinne. At the opening of the second period of the September term of the supreme court today after the reading of the docket the court listened to the reading of resolutions in memory of Judge J. G. Kinne, late a member of the supreme bench, and at the time of his death a member of the Board of Control. The resolutions were introduced on behalf of the Polk County Bar association by Attorney E. E. Clark of this city. In support of the resolutions Mr. Clark read a paper, in which he elaborated more fully on the important points Judge Kinne had filled in the state, immediately following the reading of the resolutions, and was followed by an attorney of Chicago, and formerly an attorney of Newton, Ia., and a life long friend and acquaintance of Judge Kinne, arose and stated that the reading of the resolutions was his first information of his death. He spoke quite feelingly of him, J. C. Home, his friend, Judge Deemer and Judge Bishop, who were on the supreme bench with him, and Judge Robinson, who was on the supreme bench and also on the Board of Control with him, all spoke in eulogy.

Five Tickets on the Ballot. There will be five tickets on the ballot at the November election, representing the republican, democratic, prohibition, populist and socialist, and a sixth column for the independents. The populist ticket, which was at first excluded because the names to the petition were all signed in the same handwriting, was afterwards admitted to the ballot when the names were corrected on the ground that it was merely a change and correction, the date of filing the first petition holding. The new petition with sufficient names and signed by the owners of the names reached the secretary of the board yesterday and the tickets are being certified out to the county auditors today.

Crematories Must Keep Clean. State Dairy and Food Commissioner H. R. Wright is sending circulars to all the crematories of the state to the effect that they must be kept clean and milk will be rigidly enforced. The law provides a punishment for both offenders and the purpose of the law is to prohibit crematories manufacturing sour cream into butter. Commissioner Wright has laid down the following rules to govern the cleanliness of the crematories: Hand separators must be cleaned immediately after using. Cream must be cooled before mixing with cold cream. Cream must be held at a low temperature in cold water both summer and winter. Cans in which cream is delivered must be clean and free from rust. Cream must be delivered at least every second day in summer and every third day in winter, and be delivered clean and wholesome, as required by statute.

Admits Fighting Co-operatives. Secretary of the Well of the Iowa Grain Dealers' association admitted today that his association is fighting certain co-operative grain elevator companies, as was brought out in the investigation of Interstate Commerce commission at Chicago yesterday. He explained that the class of co-operatives they are fighting is the class that is organized to fight the "regular" elevators. Mr. Wells does not believe the commission will come to Des Moines for any investigation further than that made some weeks ago. State Railroad Commissioner N. S. Kellogg, who is unwilling to discuss the matter fully today, said there were facts brought out at the Chicago investigation that would do a great deal of good to the business in this state. He asserted the situation was as the witnesses represented it.

Officials Are Overpaid. ATLANTIC, Ia., Oct. 16.—(Special.)—The city of Atlantic is one of the best governed cities of its class in the state of Iowa, despite the fact that the municipal fund is so far overdrawn as to stop payment of warrants drawn on that fund. The city councilmen have been drawing from \$10 to \$15 per year more money for their services than the law allows, and several other minor discrepancies have been shown by the report of George Pennell, of the state auditor's department, who has just filed his report of the examination of the books of the city officers with the city clerk. The total indebtedness of the city is but a trifle over \$25,000.

New Paper for Sioux City. SIOUX CITY, Ia., Oct. 16.—(Special Telegram.)—A third evening newspaper will be published in Sioux City by the syndicate which publishes the Des Moines News, the Omaha News, the St. Paul News and the Minneapolis News. The new paper of the company which publishes the Des Moines News, made this announcement today. The Evening Journal and the Tribune are the other evening papers in Sioux City.

Iowa News Notes. DUBUQUE—John Drenel, the farmer who had his neck broken by being thrown from his wagon a week ago, is still alive.

MERCANTILE—Harley L. Wilkins of Hatch Ridge township left home Saturday morning to look after business interests and has not been seen since. It is believed that he is on his way to Chicago. He is 37 years old, six feet tall, walks with an awkward gait and has shoulder's stoop.

ATLANTIC—E. L. Emery or Griswold, who was fined \$500 and costs at the April term of court for keeping a liquor nuisance in connection with his hotel business, is threatened with prosecution under the habitual criminal act if he does not cease his business. He left town this year before the grand jury met, but returned yesterday afternoon as soon as the grand jury met. He pleaded guilty to the second offense and was fined \$500 and costs today before Judge Thornell.

OMAHA AUNTS TO GET CHILD. South Dakota Authorities to Investigate Before Sending Boy to This City. SIOUX FALLS, S. D., Oct. 16.—(Special.)—The expected legal battle for possession of Willie Gatewood, the 12-year-old Black Hills boy, is an inmate of the South Dakota Children's home in this city, and not materialize.

The information was widely published that the father of the boy, who resides at Winnipeg, and two sons, Mrs. Mabel Lewis and Miss Hazel Riley of Omaha, were racing to Sioux Falls for the purpose of securing possession of the lad. Neither of the opposing claimants for possession of the boy have appeared in Sioux Falls, nor will they come here. The authorities of the children's home announce that the claims of the father will be completely ignored, as they have investigated the matter sufficiently to satisfy themselves that he is not a fit person to have custody of the boy.

The suggestion of County Judge Bennett of Deadwood, who committed the child to the children's home, that the lad be turned over to his Omaha aunts will be statute which provides that any and female guardian of the children's home satisfies himself that they are proper persons to have control of the lad.

The matter has been referred to a representative of the Children's Home society in Nebraska, who will make an investigation of the aunts and determine whether suitable persons to have custody of the boy he will be turned over to them.

Domestic Also at Premium. Conditions are the same with regard to domestic labor, cooks and house girls being offered all the way from \$2 to \$5 a week, according to the ability and the size of the house they are to serve. Because of the big demand these girls are so independent they refuse to do washing, ironing and scrubbing. Cooks are offered all the way from \$2 to \$5 a week. The majority absolutely refuse to do anything but cooking. That American-born girls will not do housework if they can find anything else to do is the universal observation of the employment agents. Even though housework nets the uneducated and unskilled working girl more money than anything else she can do, she is not inclined to work. There is a good demand for girls in the factories, packing houses, laundries and restaurants at \$1 a day or more, and most girls prefer this to \$5 a week board and room, at housework.

Seal Poaching Was Planned. Account at Victoria Refutes All Stories of Japanese Sailors Regarding Incident. VICTORIA, B. C., Oct. 16.—(Clear evidence is forthcoming by advices received today by the steamer Empress of Japan that the raid on St. Paul Island by Japanese sealers was premeditated and the statement that the Japanese landed for water and were treacherously fired upon by the Americans, as reported to the Japanese government by directors of the raiding schooner, is shown to be untrue.

Hunters of the raiding schooner, Tove No. 2, which appeared off St. Paul Island last night, were fired upon by the Americans, and no one in the party was killed. The sealers being satisfied they could have escaped, but another raid was decided upon, the boats going in the second time at 4 a. m. At 6 o'clock the fog lifted and those on board the schooner sighted the guard cutter. Warning shots were fired, but the raiders were too busy skinning seals to notice, and only when the guards came close did they sight the natives. Then they succeeded in getting only one boat out, in which four men sought to get to the vessel. One, Mendy, was shot through the chest and breast and two others were wounded. The body of the dead man was taken in salt to Japan and landed without the knowledge of the authorities.

Children Burn to Death. SIOUX FALLS, S. D., Oct. 16.—Three children of Anthony Hughes of Flandreau were burned to death last night in a fire which destroyed a barn in which they were sleeping.

COMMON LABOR IN DEMAND

Corn Huskers and Street Tilters Get as High as Two-Fifty a Day.

HOUSE HELP SCARCE AND COMES HIGH

Man Who Holds Dignified Position and Works for Salary Gets Long Hours and Same Pay.

Corn huskers wanted for Nebraska and Iowa crops at 25 cents per bushel and board and room, in corn running forth to seventy-five bushels to the acre, listed and standing up.

OMAHA AUNTS TO GET CHILD

South Dakota Authorities to Investigate Before Sending Boy to This City. SIOUX FALLS, S. D., Oct. 16.—(Special.)—The expected legal battle for possession of Willie Gatewood, the 12-year-old Black Hills boy, is an inmate of the South Dakota Children's home in this city, and not materialize.

The information was widely published that the father of the boy, who resides at Winnipeg, and two sons, Mrs. Mabel Lewis and Miss Hazel Riley of Omaha, were racing to Sioux Falls for the purpose of securing possession of the lad. DRAKE COMMISSION IS OUT

Ohio Supreme Court Decides Legislative Probers Have No Power According to Law.

DOCTOR CURED OF ECZEMA

Maryland Physician Cures Himself of Eczema with Cuticura Remedies. Prescribes Them and Has Cured Many Cases Where Other Formulas Have Failed—Dr. Fisher Says!

CUTICURA REMEDIES

POSSESS TRUE MERIT

"My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies, and was entirely cured. I am a practicing physician and very often prescribe Cuticura Resolvent and Cuticura Soap in cases of eczema, and they have cured where other formulas have failed. I am not in the habit of endorsing patent medicines, but when I find remedies possessing true merit, such as the Cuticura Remedies do, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for sixteen years, and must say I find your Remedies A No. 1. You are at liberty to publish this letter, or any part of it. I remain, very truly yours, G. M. Fisher, M. D., Big Pool, Md., May 24, 1906."

CINCINNATI, Oct. 16.—The Drake commission during its investigations brought out the personal collection by county treasurers of interest on public funds deposited in banks. Because of the criticism aroused half a dozen former treasurers paid voluntarily into the county treasury a total of \$24,000, which they estimated they had thus received from the county.

The case which was carried to the supreme court was a dispute over rent, but it followed favorable action on the refusal of Cashier Davis of the First National bank to disclose what he considered to be the confidential business matters of depositors. His arrest and removal from the city followed at once by his release on a writ of habeas corpus served in a Springfield hotel at 2 o'clock in the morning. Very sensational incidents in the investigation and the legal fight which followed it.

STATEMENT BY MR. SHAW

Secretary Denies Report that Committee Asked Him to Discuss State Issues in Pittsburgh.

LANCASTER, Pa., Oct. 16.—Secretary Shaw addressed a republican mass meeting in the court house tonight. Upon his arrival in the city the secretary issued the following statement: My attention has been called to the statements published in some of the opposition papers that I was requested by the republican committee at Pittsburgh to discuss state issues. One of the papers went so far as to say that after I had declined to comply with the committee's request a letter was prepared by the organization and handed out to the newspapers as the latest file special. It is not likely that any man on the paper, devil of editor, would make such a statement on the street, for I have known the organization for many years and nothing could be further from the truth. Any man with the rudiments of good sense would know that the organization's cabinet would not discuss state issues elsewhere than in his own state, and no one in Pennsylvania has asked me so much as to even refer thereto. To the best of my ability, I am teaching the principles of the republican party and that is my only mission.

THE CLEANEST BEER!

Pabst Blue Ribbon Beer is deemed because it is not fermented in open vats, but in special Pabst hermetically sealed tanks into which no air except pure, filtered air ever enters.

is cleanest because it is not cooled in rooms where men walk in and out, but in specially constructed sealed coolers where no breath of foul air can taint it. It is stored in hermetically sealed storage tanks until perfect in age, purity and strength, the cleanest beer brewed.

PABST BREWING CO. Phone Doug. 79. 1307 Leavenworth Street, Omaha, Neb.

May depend upon your savings account being your friend in the hour of need. The saving habit is best encouraged by opening an account here and keeping it daily on the increase by saving the pennies, nickels and dimes and let them grow to dollars. Savings accounts earn six per cent per annum dividends and will be opened any time. We also make monthly payment loans on homesteads, reasonable rates. Further information furnished at the new location, S. E. Cor. 16th and Dodge Sts.

Old Dutch Cleanser is invaluable in every case where heavy cleaning is to be done on painted surfaces where water can be used. It has all the quick cleansing properties of sand or pumice, but will not scratch. It's soapine qualities are natural to the mineral substance from which it is made. Contains no lye or caustic, and will not roughen the hands. Cleans thoroughly with little water, and leaves no grease behind it.

OLD DUTCH CLEANSER is unsurpassed for cleaning windows, sinks, bath-tubs, marble, tiled porcelain, stone, wood floors, etc.
