RECORDS OF REPUBLICANS

County Attorney Slabaugh Gives Voters Facts to Ponder Over.

HALF MILLION DEMOCRATIC DEBTS PAID

Congressman Kennedy Tells What Party in Nation Has Done to Earn Its Continuance in Control of Country.

The fact Douglas county under a democratic administration of affairs had \$500,000 of unpaid debts hanging over it and after two years of republican administration is practically on a cash basis, was pointed to as a reason for the election of the republican ticket, by speakers at an enthusiastic meeting under the auspices of the Sixth Ward Republican club at Twenty-fourth and Burdette streets last night. The list of speakers included Congressman Kennedy, County Attorney Slabaugh, Nelson C. Pratt, John P. Braken and a number of candidates for office on the republican ticket. Ed Morarty presided and the room was filled.

County Attorney Slabaugh referred in his speech particularly to local affairs in the county. He urged the election of every man on the ticket.

"Do you know," he said, "that for the first time in years this county has been placed on a cash basis, so you can get your money right away? Do you know that this has been done by a republican administration? Do you like it? If you do, put back these men who have done it. This is the first time we have had to pay filing fees in our courts in advance and I see that the district clerk has paid in \$5,000 in excess fees and the county judge over \$2,000. Now that we are on a cash basis keep Mr. Kennard on the board, because he worked to put us there.

Leaves from the Records.

"Is there any reason why you should vote against John L. Kennedy for congressman if you do vote against him it will be because of the magnificent record of the last congress. If you do it will be because of the record of our great president. The democrats say we have stolen their child. If we have, we have made a man of it. The man who has been elected to the Theodore Roosevelt is a pretty good man to send to congress or to the county offices or the school board.

"Allow me to tell you a few of the things I have done while in office. Twice the usual number of criminals have been convicted in a year and a half. There has not been a dollar spent for special counsel, though the county formerly paid money for such assistance.

"The inheritance tax law has been on the statute books since 1861 and provided for the payment of taxes by the estate of wealthy men. But not a cent had been paid into the treasury under it until I instituted a suit in my own name to enforce it. The result of that suit is that \$25,000 is now being in the county treasury waiting to be expended on permanent roads. I won the water company suit, in which it enjoined \$2,000 in taxes and the assessment this year was on the increased basis."

Deafening applause greeted Congressman Kennedy when he was introduced by the chairman. He referred to the work of the last congress and declared for honest and intelligent service. He had no apologies to make to the voters. He referred to a number of reform measures that had been passed by that body.

"Some of these," he said, "were passed by a nonpartisan vote, but every one of them was a republican measure. They say Providence has helped the republican party to bring presently to the nation 'Providence' in 1906. But even providence could not help us out with the democratic party in power.

"There never was a time when the man of limited means had a better show than now. No man, no matter how high or how rich he may be, can hold himself above the law and I hope no man can ever sink so low as to be below the protection of the law. The way to help people is to help them help themselves."

Mr. Kennedy referred to some length to the postal savings bank, declaring the duty of the government not only to make it possible for men to earn a living, but also to provide a safe place for them to keep their money. He pointed out postal savings banks established in the Philippines and he said the system would be extended as rapidly as possible.

The enthusiasm of the meeting was roused by addresses from F. S. Tucker, S. C. Barnes, Ed. Leeder, James Walsh, W. C. Christie, John P. Green, N. C. Pratt and others.

DEMOCRATS FAIL TO ENTHUSE

With Only Three Kegs of Refreshment Oratory Proves to Be Ineffective.

With only three kegs of liquid refreshment on tap, the brand of oratory exhibited at the meeting of the Republican Democracy last night was not of the highly explosive sort. Dan Butler's voice was not in its old-time form. Louis J. Platt was short-winded and only the fervid and ever-ready John E. Reagan saved the occasion with a real speech. It cannot be said that the enthusiasm was rampant, for the presentation before the gathering by Mr. Reagan, in his most dramatic manner, of a picture of Candidate Shallenberger failed to elicit any applause.

Mr. Reagan talked about voting the democratic ticket and putting the railroads out of politics in Nebraska; about the eight-hour day; about the double shift for firemen; and about the treachery of the legislature in Douglas county to Norris Brown. He said that all the redeeming features of the republican platform had been stolen from the democratic platform.

J. P. Butler promised if he was sent to the legislature very little legislation would be done until a provision for home rule was made in the Omaha charter.

Louis J. Platt appealed for votes for the democratic ticket on the ground that its election would insure home rule and a continued liberal construction of the St. Joseph law in Omaha.

John A. Rice echoed the home rule keynote. C. S. Montgomery and George E. Bertrand spoke briefly.

Mayor Dahlgren was not present at the meeting. The announcement was made that a democratic supper would be given in a hall at Benson one day next week.

cluding washing. This letter is given of my own free will and that it may, if desirable, be used publicly, that other sufferers may learn of my wonderful cure. I am a lifelong resident of Milwaukee and the mother of five children.—MRS. ANNA HENKE, Milwaukee, Wis., April 12, '06.

Mrs. Henke, known as the handsomest woman in Milwaukee, states that after physicians had failed to give her any permanent relief from that dread disease, consumption, she tried Duffy's Pure Malt Whiskey and has been entirely cured.

Mrs. Henke thankfully writes: "For six years I have been ailing with lung trouble, which kept growing worse until my case became serious. I employed four different local physicians, giving each a fair trial, but with very little success. During this period I was troubled with dizziness, cold sweats, cold hands and cold feet, coughing, chills and hemorrhages, which clearly indicated consumption. My physicians suggested that I move to a different climate. I tried several widely advertised medicines, but with no good results; then I tried Duffy's Pure Malt Whiskey. After using one bottle my condition began to improve. I continued to use this remedy for two years and am now in excellent condition. I used to be so weak that I could hardly stand up. I am now able to do all my household work, including washing. This letter is given of my own free will and that it may, if desirable, be used publicly, that other sufferers may learn of my wonderful cure. I am a lifelong resident of Milwaukee and the mother of five children.—MRS. ANNA HENKE, Milwaukee, Wis., April 12, '06.

Duffy's Pure Malt Whiskey

If you wish to keep strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions, and take no other medicine. It is dangerous to fill your system with drugs; they poison the body and depress the heart, while Duffy's Pure Malt Whiskey tones up and strengthens the heart action and purifies the entire system. It is the only whiskey recognized as a medicine, and contains no fusel oil. This is a guarantee. Duffy's Pure Malt Whiskey has stood severe tests for fifty years and has always been found absolutely pure and to contain great medicinal properties.

CAUTION—When you ask your druggist or grocer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the one absolutely pure medicinal whiskey and is sold only in sealed bottles; never in bulk. Look for the trade-mark, the "Old Chemist," on the label and make sure the seal over the cork is unbroken. Price, \$1.00. Medical booklet and doctor's advice free. CHICAGO MEN ARE INDICTED

Pat King, Policy Chief, and Other Land Promoters Caught in Net.

GRAND JURY RETURNS BILL AGAINST THEM

Fraud and Conspiracy in Seeking to Obtain Title to Fifty Thousand Acres of Nebraska Land is Charge.

"Pat" King, the policy king of Chicago, Lawrence King and W. J. Baird, promoter of the Chicago Ranch scheme in Sheridan county, Nebraska, were indicted by the federal grand jury at Lincoln Wednesday on the charge of fraud and conspiracy in seeking to obtain title to 50,000 acres of land in Sheridan county by fraud.

The "Chicago Ranch" scheme was a new one to the land officials and was a pretty sharp piece of practice, nipped just in time. The company originally consisted of fourteen or fifteen stragglers, who filed on whole sections of land and then organized themselves into a company known as the Chicago Ranch. These parties were all Chicago people and each put in from \$50 to \$250 cash and became stockholders. Some of the proceeds of this cash stock was devoted to fencing the entire tract of 50,000 acres and buying live stock, the whole number of live stock consisting of one cow and five or six horses. An assessment of \$2.50 per month was made on all the stockholders and things were moving along fine.

MAN UP FOR STEALING HORSE

Fellow with Two Names Accused of Selling Animal and Spending the Money.

Detective Ferris arrested Claude Bridges, alias Otto Bell, of Courtland Beach, Thursday morning on the charge of stealing a horse Wednesday afternoon from his former employer, Mrs. Clawson, who resides at Fifth and Locust streets in East Omaha. Mrs. Clawson left her home Wednesday afternoon and upon her return found that Bell had decamped with her horse and had sold it to J. Richards, 115 South Sixth street, for \$40. Bell was given a check for the amount, but preferred to accept \$10 in cash as part payment, which he thoroughly dissipated Wednesday night, as only 15 cents was found on his person when he was arrested by the detective Thursday morning.

Building permits issued: Cox Realty company, Twenty-fourth and Dodge, \$500 brick dwelling; Elizabeth W. Wright, Twenty-sixth and Lake, \$2,500 dwelling; Arthur Redgewick, 2912 Shirley, \$2,500 brick flat.

BABY LEFT IN FRONT HALL

Mrs. Thomas Stuart of 1503 Corby Street Decides to Keep the Little One.

"Please take good care of this little baby and give it a good home. From a broken-hearted mother."

With this note pinned to the clothing covering its little body, a two-weeks-old girl was found lying peacefully asleep in a basket just inside the front door of her home by Mrs. Thomas M. Stuart, 1503 Corby street, early Wednesday evening, when she went to investigate a noise which she thought she heard in the front hall.

Her heart touched by the helplessness of the infant, Mrs. Stuart cared for it all evening and then made up her mind she could not part with it. She then called up the police station and told of the mysterious visit and she said she would keep the child.

There was nothing about the clothing or basket to give any clue as to the parents or their circumstances, but whoever left the child evidently knew Mrs. Stuart would be apt to keep it. The person acting in the capacity of the long-billed bird carefully opened the front door of the Stuart home and set the basket with its burden inside. Mrs. Stuart, however, heard something of what was going on and went to investigate. It was then she made the unusual find. No trace of the messenger could be seen outside.

More Beer,--Less

Strong Drink

Temperance Workers See Signs of Progress in Increased Sale of Beer.

Active temperance workers say the greatly increased consumption of beer in this country is a good sign of progress toward real temperance. It shows that beer, a healthful beverage, is fast taking the place of strong alcoholic drinks.

Superintendent Williamson of the Anti-Saloon League, one of the best known temperance workers, says the great increase in the consumption of beer does not show any falling off in temperance sentiment. Indeed, it is proof of more real temperance sentiment than ever before existed in this country. Interviewed by a Cleveland newspaper, Superintendent Williamson said:

"It is doubtless true that there have been 100,000 more gallons of beer consumed during the past year than ever before. There is a steady decrease in the consumption of spirituous liquors, such as brandy, whiskey and wine, and a tendency to drink more malt liquors, such as beer. The decrease is doubtless as marked in the one as in the increase in the other. Never before has temperance sentiment had such a strong grip on the people. I do not think there is any cause for worry because the beer consumption has jumped."

DR. BROUWER IS ACQUITTED

New Jersey Man Found Not Guilty of Wife Murder After Sensational Trial.

TOMS RIVER, N. J., Oct. 11.—After a trial lasting about ten days, Dr. Frank L. Brouwer, indicted for the murder of his wife by poison, was acquitted today. The evidence was all in yesterday and today the arguments were made, followed by the judge's charges. The jury brought in a verdict of "not guilty" inside of an hour.

Dr. Brouwer himself, Nanette Comstock Hendrickson ascended the bench to hear the finding.

Dr. Brouwer was brought in looking pale, but showing little signs of nervousness. The jury then filed into the box and the foreman was asked if they had agreed on a verdict. He promptly replied: "We find a verdict of not guilty."

Instantly the court room was in an uproar. Men and women cheered and applauded in spite of the rapping for order and the court officers had difficulty in suppressing the noise. Finally when quiet was restored Dr. Brouwer was formally discharged.

DETROIT PLANT IN OMAHA

Trussed Concrete Steel Company Opens Office in Metropolis of Nebraska.

Further evidence of building activity in Omaha is afforded this week by the fact that the Trussed Concrete Steel company of Detroit, Michigan, has established a branch engineering and business office here in the Range building, Fifteenth and Harney streets. This is a million-dollar corporation that makes a specialty of modern fire proof buildings, erected according to the Kahn system of reinforced concrete that has revolutionized building methods of the east. This method is being used in the new fireproof building for the Carpenter Paper company, Ninth and Harney streets, and is being watched closely by all persons interested in building apparatus. R. A. Laidlaw of Detroit is to take charge of the Omaha office.
