POLITICS IN FIRST WARD

Republicans Hold Enthusiastic Meeting at Sixth and Pierce streets. HITCHCOCK'S CLAIMS NOT WELL FOUNDED Patent on Postal Savings Banks Expired Long Before Democratic Nominee Was Injected into Public Life.

Introduced into congress providing for it long before Mr. Hitchcock or I had opened our mouths about it. Mr. Hitchcock went to congress and no one heard of any postal savings bank bill until the last day of the first session when he introduced it. I introduced my bill January 27 and after I was turned down by the committee on post-offices and post roads, put through a resolution calling on the foreign representatives of the government to gather and report information regarding the workings of the banks in other countries.

Democratic Leaders Silent. "The democratic campaign book is silent on the subject and the republican campaign book gives the postal savings bank bill as one of the beneficent measures now pending before congress."

Cleveland is Well. PRINCETON, N. J., Oct. 20.—At the home of former President Cleveland it was announced that Mr. Cleveland is not ill. He had been suffering during the last few days from a heavy cold, from which he was said to have entirely recovered.

NEW SUBURBAN LINE OPEN

First Car on Omaha-Bellevue-Port Crook Tracks Makes Successful Trip. REGULAR SERVICE WILL START MONDAY Officials of Street Railway and Council Make the Initial Run, Taking on College and Army People.

which will make the round trip from either Port Crook or Bellevue to Omaha and return every 25 cents. Port Crook is little known to most of the people of Omaha who will use the new line to go down evenings to witness the dress parades and the band concerts Sunday morning at 10 o'clock. The car will be run all day today, making what trips it can and Monday will be put on a regular schedule.

ELECTRIC CARS TO HASTINGS Line Will Be Open by January, 1908. Electric cars will be running between Omaha and Hastings by January 1, 1908, according to J. C. Baker of Hastings, who is in the city in the interests of the Omaha & Nebraska Central railway. Mr. Baker says the preliminary work has all been done and is ready to be turned over to eastern financiers who are back of the proposition.

REPUBLICANS OF THE FIRST WARD HELD AN ENTHUSIASTIC MEETING LAST NIGHT WITH CONGRESSMAN JOHN L. KENNEDY, COUNTY ATTORNEY SLAUBAUGH, T. A. HOLLISTER AND LOUIS BERKA AS THE PRINCIPAL SPEAKERS.

Republicans of the First ward held an enthusiastic meeting at Sixth and Pierce streets last night with Congressman John L. Kennedy, County Attorney Slaubaugh, T. A. Hollister and Louis Berka as the principal speakers. The hall was filled and the addresses were punctuated with frequent applause. Congressman Kennedy replied briefly to the assertion of G. M. Hitchcock at the democratic meeting Thursday night that he was the original postal savings bank man. "My opponent last night laid claim to the proprietorship of the postal savings bank idea," said Congressman Kennedy, "and asserted that I have appropriated it. The people of this country do not care which one of us, or whether either of us, originated it, but they do want to know which one can put it through to a finish. As a matter of fact the postal savings bank was established in Great Britain when I was 7 years old and Mr. Hitchcock was still younger. Neither one of us has a patent on it. Members of the cabinet had taken an interest in it and bills had been

introduced into congress providing for it long before Mr. Hitchcock or I had opened our mouths about it. Mr. Hitchcock went to congress and no one heard of any postal savings bank bill until the last day of the first session when he introduced it. I introduced my bill January 27 and after I was turned down by the committee on post-offices and post roads, put through a resolution calling on the foreign representatives of the government to gather and report information regarding the workings of the banks in other countries. Democratic Leaders Silent. "The democratic campaign book is silent on the subject and the republican campaign book gives the postal savings bank bill as one of the beneficent measures now pending before congress."

Omaha, South Omaha, Bellevue and Port Crook joined in celebrating the opening of the Omaha & Southern Interurban line between Albright and Port Crook Friday. The new car, which will be the equipment of the road for the present, was suited from Fifteenth and Parman streets Friday afternoon in charge of Conductor George Childs and Motorman Ed. Burrows, who will be the crew of the train. Accompanying the car were General Manager Smith, Secretary R. A. Leussler, Claim Agent R. W. Cross, Master Mechanic H. B. Noyes, Director W. V. Morse, Assistant Superintendent Louis G. Nash, members of the city council, prominent citizens and newspaper men. Without a mishap the car was hauled to Albright, where the new line opens out on its own right-of-way. The "Scenic Route" it has been well named, for no prettier view can be had from anywhere in this section of the country than the view of the river as it stretches out below Bellevue. That is where the town got its name, from the French word meaning beautiful view. The track had been resurfaced and the car was able to spin along at a lively clip and ran with no stop to Fort Crook, where residents of the fort were on hand to welcome the car on its initial trip. When the car returned to Bellevue the college folk turned out en masse to give welcome. College cheers resounded through the valley and the band played. Pictures were taken and the young women of the college were taken for a ride to Fort Crook and back. On the return trip to Omaha the car was filled with teachers from Bellevue on invitation from Mr. Smith, and all pronounced the first trip an immense success. President Wadsworth is enthusiastic over the new service.

Plenty of Current. Although Fort Crook is quite a way from the power house, still the feeders which run nearby to the fort supplied plenty of current. The track was in fair shape, but high in the air, as it is the intention to haul cinders all winter to ballast it and to have a perfect roadbed in the spring. Car No. 1 is a beauty and was built in the Omaha shops of the Omaha & Council Bluffs Street Railway company. It is a large car, similar to those used on the Twenty-fourth street line and is equipped with modern heating apparatus and power brakes. With the completion of the car shops of the street railway company other similar cars will be built under the supervision of Master Mechanic Noyes. The schedule of prices adopted on the new line is 10 cents from Albright to Bellevue and 15 cents to Port Crook. The company will sell commutation tickets twenty for \$1.50, which will be good from Albright either to Bellevue or Port Crook and

Boarder Threatens to Burn Up Furniture and House for Amusement. Joe McDermott, who lives in a boarding house conducted by Mrs. McGree at 1230 South Eighth street, discovered a novel method for obtaining a temporary residence at the city jail. McDermott had been on a protracted spree, according to the statements of the arresting officers, and Friday night piled all the furniture in the parlor of his home in the center of the room and then threatened to set fire to the same for the amusement of himself and the frightened landlady. Mrs. McGree called an officer, who took McDermott to the station, and he was fined \$5 and costs for his escapade in police court Saturday morning. Here is another citizen on whose system the chair of life has a benevolent effect

inspector has been advised of the robbery, but none have yet arrived on the scene to look into the matter. In addition to the \$12 in stamps a small quantity of pennies was taken and it is thought that some letters were also taken. The entrance was effected by the breaking out of a window. There was no safe in the office.

MOVE FOR TWO-CENT FARE Mass Meeting to Be Held Under Auspices of Traveling Men of Omaha. The traveling men of the city, including the combined membership of Post A, Travelers' Protective association, and Omaha Council, United Commercial Travelers, will hold a meeting on the evening of October 27 to talk over the question of 2-cent railroad fare. All the Douglas county nominees, irrespective of party, are to be invited to be present and address the travelers. The meeting will be held at 8 o'clock at Myrtle hall, in the Continental building, Fifteenth and Douglas streets. Do You Want Ada Produce Results.

A CUP OF GOOD COFFEE LIKE MOTHER USED TO MAKE. Fresh Roasted Coffee?—bah! Mother didn't use fresh roasted coffee, she had Arbuckles. The way to get a good cup of coffee that tastes like Coffee with all the delicious flavor and aroma intact, is to buy a package of the old original Arbuckles' ARIOSA Coffee, and grind it as you want to use it, first warming it a little to develop the flavor and make the grinding easy. Coffee loses its identity as Coffee after being ground or exposed to the air and is easily contaminated by handling. Sold only in packages, sealed for the consumer's protection, containing one pound full weight. Sales for 37 years exceed the combined sales of all the other packaged coffees. The best coffee for you to drink, and save you money besides. Trade old line, same old coffee. If your dealer won't supply, write to ARBUCKLE BROS., New York City.

THIEVES GET IN POSTOFFICE Rob Fort Crook Station and Get Twelve Dollars in Stamps and Pennies. The postoffice at Port Crook was broken into and robbed about 10 o'clock Friday night and about \$12 in stamps secured by the thieves. The office was broken into from the rear and the stamp desk rifled. The robbery is being investigated by the postal authorities, but no clue has yet been obtained of the thief. The postoffice
