EARL OF ROSEBERY POKES FUN

At a Meeting of Archaeological Society He Becomes Humorous Over Spelling Reform.

LONDON, Oct. 21.—(Special Cablegram to The Bee.)—The Earl of Rosebery was one of the principal guests at a banquet held in Hawick town hall the other night, in celebration of the jubilee of the Hawick Archaeological society, of which Dr. James A. H. Murray, the editor of the "Oxford New English Dictionary," is president and one of the original members.

Rising at 11 o'clock to respond to the toast of "Kindred Societies," Lord Rosebery, who was received with great enthusiasm, said that when he came there he knew that he should hear a great deal that would interest him. In that he had not been disappointed, but he came to hear one thing fall from Dr. Murray's lips, and that had not fallen. He wanted particularly to know—and he was worth coming some sixty miles in a motor car to the legal rate of speed—and under all the moral and legal obligations laid down in an act of Parliament to hear it—what was Dr. Murray's opinion of President Roosevelt. Might he offer one observation with regard to the controversy, and it was this: that the blow struck at the recognition of the spelling of the English race was a blow struck at morality itself. As a well known statesman said on a famous occasion, he heard a smile. But he thought he could prove his case. Who was it who was hampered by the laws of spelling? It was only the conscientious and the virtuous. The unscrupulous and intrepid spelled ahead according to phonetic rules of their own and produced a result full of acceptance to themselves and sometimes understood by others. But the man of conscience paused over his spelling, and he was not at all sure that our archaic rules of spelling, laid down strictly as they were from tradition and as stereotyped by dictionaries, had not filled half the lunatic asylums of the country. The unscrupulous man spelled ahead, but the conscientious man pondered until his brain got addled; tried the word on paper in half a dozen different forms before he ventured to commit it to his final manuscript, and in that way his intelligence cooled. Things of the words that were spelled "believe" and "conceive," and these analogous words—what miseries had

MILAN, Oct. 21.—(Special Cablegram to The Bee.)—On account perhaps of the long-continued fine weather, the number of travelers through Italy increased to such an extent that the railway service became much disorganized. This has been the case particularly since the service has been under state management.

FRUIT CROPS ARE ENORMOUS

Farmers in Southeast South Dakota Have a Prosperous Year.

ELK POINT, S. D., Oct. 21.—(Special.)—This has been one of the most profitable seasons ever experienced by the farmers in this part of South Dakota. The harvest of fruits especially has been wonderful. On the Riverview farm, leased by Wesley McNeil, the gathering of strawberries consisted of 11,000 quarts. They were among the largest ever produced in this section of the country. His harvest of blackberries amounted to 2,600 quarts, and his cherries consisted of 1,600 quarts, and apples some 40 bushels of the Wealthy and Duchess varieties.

SHELDON TAKES DAY TO REST

Conditions Over the State Look Good to the Republican Candidate.

NO USE ANSWERING FUSION FALSEHOODS

University Students Are Weak at Present, but the High School Boys Are on the Warpath and Refuse to Be Good.

(From a Staff Correspondent.)

LINCOLN, Oct. 21.—(Special.)—George L. Sheldon and Mrs. Sheldon spent the day in Lincoln at the Lindell hotel. Many visitors called during the day and late in the afternoon the two went calling upon friends. This is about the last day of rest Mr. Sheldon will get until election, as he is booked up for meetings every day. His election he will spend three days in Omaha.

"We have been having good meetings," said Mr. Sheldon, "and I am well satisfied. The people have come out in good numbers and I appreciate the courteous treatment I have received. During the last week most of my time has been spent in the Third district and I believe Judge Boyd will be elected with the usual majority. He is strong with the people."

Mr. Sheldon has just tried to answer the false statements in the democratic press concerning him. At the meeting in Newmar, Neb., he made the statement he had received a pass from the Burlington railroad and had given it in person to Mr. Ager, the political agent of the Burlington, without using it. "The democratic papers reported him saying the railroad had been handed back to him by Mr. Ager. 'What I said was reported in the Liee correctly, after that meeting,'" said Mr. Sheldon, "but about three days later the World-Herald printed a deliberate falsehood about it."

"I expect to spend three days in Douglas county before election and get acquainted with more of the people of the metropolis. In the meantime, however, I am expecting a good vote there."

BERLIN PRESS CRITICISED

Colonial Agitator Inflames that Congo Government Has Bribed Newspapers of Germany.

BERLIN, Oct. 21.—(Special Cablegram to The Bee.)—The Berlin press, which has attained considerable notoriety throughout Germany by its criticism of colonial office irregularities, stated the other day that too much importance need not be attached to those newspapers which attack him in return, and alluded to the venality of certain press organs in colonial affairs.

Herr Erberger's statement created some sensation, as it was an impeachment of the purity of the German Press. Urged to name the newspapers which he accused of receiving bribes, he now states that if any one cannot wait until he thinks the time opportune to name two Berlin journals he recommends that application be made to the Congo government, which can supply full information. Herr Erberger's original statement, therefore, means, not that the colonial office has bribed the Berlin Press, but that the Congo government has done so, presumably to defend against British and French criticism.

INSULT TO JAPANESE OFFICIAL

Refused Accommodation at Hotel in Harbin

MUKDEN, Oct. 21.—Although the coming of a Japanese Consul General Hagiwara was announced in advance, the hotels of Harbin refused him accommodation. Consul General Hagiwara went to Harbin to demand an explanation of the expulsion of the Japanese officials from the Russian sphere in Manchuria, which merchants were admitted. The Russian authorities apologized for the lack of courtesy shown Consul General Hagiwara and explained that the Japanese officials were refused entrance into the Russian sphere owing to a mistake as to the date of demarcation. The Japanese railway terminus lies within five miles of that of the Russian. The Russian consul and traders of Mukden are negotiating with a view of linking the two together.

BURTON STARTS FOR PRISON

Former Senator, Accompanied by Family, Leaves His Kansas Home.

FRIENDS AT DEPOT TO BID HIM GOOD BYE

Family Will Reside at Ironton, Mo., While Burton is Serving Out His Six Months' Sentence in the Jail at That Place.

ABILENE, Kan., Oct. 21.—Joseph Ralph Burton, former United States senator from Kansas, whose sentence to six months in the county jail at Ironton, Mo., recently was upheld by the United States supreme court, left his home here today for St. Louis, where on Monday morning he will surrender to the district court prepared to go to prison. He was accompanied by Mrs. Burton and their adopted daughter, who will take up their residence in Ironton during Mr. Burton's incarceration.

Last evening numerous townsmen called upon Mr. Burton at his residence here to bid him adieu. He seemed thoroughly cheerful and laughingly said:

"I've paid my laundry bill and looked after some other small matters, but I don't suppose that would interest the public."

Today when Mr. Burton and his family departed for St. Louis a number of friends were at the station to see them off.

KANSAS CITY, Oct. 21.—Former Senator Joseph B. Burton, on route to St. Louis, stopped in Kansas City a few minutes before train this evening. He was met at the station by numerous friends, whom he greeted in a cheerful manner.

Mr. Burton declined to talk of the case, except to former senators and friends, but he would not appeal to the president for a pardon. When asked if his friends would ask for executive clemency for him he said: "They know better than to do that." Mr. Burton said that he would not now nor at any time give out a statement in answer to the charges of his enemies against him.

MYSTERY SURROUNDS DEATH

Wealthy Bachelor Found Dead in Old Abandoned Family Residence.

NORFOLK, Va., Oct. 21.—After having been missing for eleven days, E. W. Richmond, a member of clubs of Norfolk, Richmond and Baltimore, was found dead in a room of the old James mansion here today. Death occurred over a week ago and was due to asphyxiation.

The police are investigation his death. Mr. Richmond was a member of the Virginia club here, the Westmoreland in Richmond and a prominent Baltimore organization. He lived alternately at the three places. No one has slept in the old mansion at No. 62 Fenwick street, the heart of the old aristocratic section of Norfolk, for about ten years. The room in which he was found had been used by James for a decade as an office while he was in Norfolk keeping his rental accounts. His habits were queer, according to Joe Wright, a negro, who has lived in a house in the rear of the mansion for fifteen years and covered by a window the dead body of his employer in a sitting posture in a chair at his desk. The police found a gas jet in the room wide open. James was a bachelor.

FIRE RECORD.

MILL AT SIOUX FALLS.

SIOUX FALLS, S. D., Oct. 21.—(Special Telegram.)—Shortly before 4 o'clock this morning fire was discovered in the factory of the Pullman-Milling company, situated in the heart of Sioux Falls. Efforts to save the building were unavailing and the structure and its contents were completely destroyed, entailing an estimated loss of \$70,000.

The fire is believed to have been caused by the ignition of a gas jet in the mill. A fierce northwest wind was blowing, and had it not been for the fact that a heavy rain was falling, it would have been a difficult task preventing the flames from being communicated to other buildings by flying embers.

DEATH RECORD.

Funeral of Captain Bowen.

SIDNEY, Ia., Oct. 21.—(Special.)—The funeral services of Captain Henry Bowen were held Sunday at the Presbyterian church in this city. He was one of the old and most prominent citizens of Fremont county, where he had lived for almost fifty years. He served in the civil war as captain of Company E, Twenty-ninth Iowa Volunteer Infantry. He had held the office of sheriff, supervisor and assessor of this county. He was a Mason, Old Fellow and a prominent member of the Grand Army of the Republic.

William Gaede.

AUBURN, Neb., Oct. 21.—(Special.)—William Gaede, cashier of the Nemaha County bank of this place, died yesterday morning at Lincoln, where he had gone a week ago for treatment at the sanitarium. Mr. Gaede had suffered for years from stomach trouble and was subject to acute gastric attacks, but it was not known that his trouble was as serious as it proved.

Edward James Sanderson.

ARMAUGH, Ireland, Oct. 21.—Edward James Sanderson, unionist member of Parliament for Armagh, who was held in captivity in the county jail at Castle Sanderson, died today. He was 29 years of age.

High School Teachers.

The high school students every day follow the principal and teachers out on two or three big blue-coated policemen. They are there to protect him. The boys charge he broke up their football team, and they really had a team. The newspapers in Lincoln are calling the boys all kinds of names. They are getting more space than the university crowd, and in its palmy days. They are after Sanders with a will. Notwithstanding the presence of the policemen, they have succeeded in balancing a few potatoes and such things on his on one or two occasions. Five of them have been arrested and will be tried in police court tomorrow. They were up a week ago, but they didn't go to the station alone. Not much. Over 100 fellow students went down with them. Mr. Sanders was there, too, but he had policemen to look after him and the high school boys have most of the town against them. Several parents have telephoned the police they will not help the boys out of their troubles. No one has heard any of them asking for help, though. It was Chief Cooper himself who went for a lawyer to win their case by brute strength and awkwardness. Certainly a new era has dawned upon school life in Lincoln. And the high school is waiting its pace.

Liquors Are Admitted.

At last, man is absolutely up against it. The microbes which infest the food he eats are without an enemy. While awaiting the enforcement of the pure food law, poor man has been murdering microbes with a little "snort" over the bar. Now this is denied him. State Chemist Redfern has discovered the microbes. Just as impure as the food he eats. The same kind of adulterations found in his glass of brandy are found in the blackberry jam and pure jellies he likes so well. The ordinary jam smeared on bread will do him just as much good as the drink of blackberry wine—neither ever was blackberry, and both are colored with the same kind of dyes, the blackberry wine having a little licorice in it to make it look darker. In purified Lincoln Mr. Redfern examined and tested, not in the good old way, but with chemicals, an even dozen samples of drink stuffs. He found eleven of these samples contained barely a little alcohol, but lots of coal tar dye, saccharine and other stuff not supposed to be in the real life-giving intoxicants.

Program for Teachers.

The executive committee of the State Teachers' association has issued a preliminary announcement of the program of the meeting, to be held in Lincoln, December 25, at the Hotel Lincoln. The program is, president officiating of the executive committee. The other committees are W. H. Gardner of Fremont, A. L. Caviness of Fairbury and G. H. Thomas of McCook.

President Charles McKenney of the Milwaukee state normal, an educator of marked power and originality, will address the Child Study association, the teachers of history and the general session.

Dr. S. H. Clark of the University of Chicago, author of "How to Teach Reading," will address on "The Psychology of Reading." He will read "Lysias" or "King Lear."

Prof. T. C. Hildesley, head of the department of English in the State Agricultural school of Michigan, will address the teachers of English and the general session.

Dr. J. W. Post Halleck will deliver three addresses on "The Psychology of Reading," one before the high school section and the third before the general session.

When Baron Kaneko, while representing the Mikado at the Portsmouth peace conference, was asked to give one of his countrymen to lecture on Japan he said "Give Toyokichi Lengenya. Lengenya will give an illustrated lecture on the "Land and Sea of the Mikado's Empire."

Captain Hobson is a forceful and impressive speaker. His lecture is "The American Navy—its History and its Glorious Future." The teachers will be the thrilling story of the Merrimack from the hero's own lips.

Senator Beveridge of Indiana will address the teachers upon the theme, "The School and the Nation." He is one of America's most brilliant and finished orators.

The services of the university club which have been secured.
