Reports have reached Omaha from New York that Alex Millar, secretary of the Harriman lines, with his office at 120 Broadway, New York, is soon to resign

Hanseom Park Methodist church yesterday morning by Rev. Benjamin S. Hay wood, who is at the head of the Methodis mission work in the island. Dr. Haywood is a former Nebraskan and at one time in educational work in the western part of the state. Since entering the min

was in educational work in the western part of the state. Since entering the ministry his progress has been rapid. He was at one time a presiding elder in Mexico and was transferred from there to Porto Rico.
"For 400 years," he st.d. "Spain and the Koman church had absolute sway in Porto Rico, and they fed the people upon the husks. They taught the Bible was a dangerous boos for the people to have. Nine years ago we broke the bonds and we gave the Bible to the people. After 400 years of vue Spain turned over to the United States from 31.600 per annum. Two engineer draftsmen (male), 31.600 per annum, in the super substance of the people to have 125 when engineer draftsmen (male), 31.600 per annum, in the super interest of the supple schools of the faland and over every school house floats the American flag. Today we have 125 Methodist congregations organized. But in spite of this advance almost 200,000 children of school age cannot gain admission to the pople are so great we cannot keep up with them. Young boys have come to me personally and berged for a chance to learn to read and write, but I was unable to fands."
Dr. Haywood displayed pleces of fancy and heedlework done by young girls, and showing great latent power, which he devert work only how to be raised. Persons who have end and weak have to be there will be read and write, but have to be added work done by young girls, and showing great latent power, which he devert in the philip.

showing great latent power, which he declared would only have to be developed in order to make the Porto Ricans a prosperous people. Some of the incidents he rewere amusing. Not long ago he performed the marriage ceremony for a grandfather, son and grandson at the same sorbitant marriage fees exacted by gy, he said, had led to a disregard various marriage ceremony, and three- of the time. Exorbitant marriage fees exacted by the clergy, he said, had led to a disregard of the fourths of the children are born out of wedlock. Since American occupation people who have been living together for years as receive. husband and wife are flocking to the ministers to be legally married.

We are entering upon the first real Christian century since Christ died," he said in his sermion. "We are learning that Christianity is a principle within and not an fron-clad set of principles from without. are under great obligations to the Greeks and to the men who think and who compel nature to give up her secrets to our use. But Paul says we also owe a debt to the barbarian, to the. Hottentot to the men who do not know how to think. It has been God's way from the beginning to touch the man at the bottom by the power of the man at the top. We are not

Enter California in September Over Harriman Lines.

Records at Union Pacific headquarters show the average number of colonists per day going into California over the lines of the Southern Pacific during September was 442. The total number was 14,147. Of these 10,363 went by the Ogden gateway

and most of them have settled in central California. The opening of cheaper farm ing land in the Sacramento and San Joaquin valleys has taken many to this section of the country.

"San Francisco is receiving large num bers of men daily and they are of the better class of mechanics," says an official report. "This shows that the high rate of wages that has been established is proving a strong inducement for carpenters and those following the building trades to make their homes here."

TAFT MAY SPEAK IN OMAHA Secretary of War Likely to Come for Address Last Day of Month.

Secretary of War Taft may speak in Omaha on the night of October 31. A telegram was received yesterday from Mr. Taft's private secretary saying it is probable the secretary can be secured for that date. Republicans have been anxious to arrange for an engagement with him. The secretary's recent visit to Cuba and the enormous work involved in the situation there have imposed unusual tasks upon him, but he has expressed a desire to come to Omeha this fall and will do so if it is possible. Definite information

will be received in a day or two. FUNSTON GOING TO COAST

General Falls to Pass Through Omaha, Possibly Stopping

at St. Louis.

The expected arrival of Brigadier General Funston in Omaha Sunday did not materialize. It is thought at army headquarters he may have stopped over at Si. Louis for a conference with General Greely relative to the establishment of the military headquarters of the Southwest Milltary division in that city when General Funston assumes command of that division. General Funston is en route to San Francisco to turn over the command of the Department of California to his successor preparatory to taking command of

Quinsy, Sprains and Swellings Cured. "In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Baim and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings.

Foot Ball in the Mud.

The Bellmonts played its second game and won its second victory by defeating the Tribunes, 2 to 0, on the Tribune grounds. The heavy field greatly inter-fered with the play. The only score was made after a punt, Jankins of the Bell-monts throwing the opposing quarterback over the goal after he caught the ball withing striking distance of the goal, but the field and mud helped the losers from laving several touchdowns scored on them.

The reason given for his resignation if exacting duties in connection with his advanced age. He has been in the service of the Pacific lines for thirty years. Asked if he could add any information to the report. Vice President Mohler of the Union Pacific last night said:

Complete Lane Cut-Off.

Chief Engineer Huntley of the Union Pacific has set October 25 as the day for the completion of the double tracking of that road between Lane and Valley. This work was more than the mere laving of another track beside the old one, for the whole line has been changed, and this has required the raising of the truck several feet in some places and the lowering in others. The bridge at Waterloo was raised three feet and made to carry a double track. The whole work is of the most expensive kind.
