A majority of the teachers throughout the county hold certificates which have not yet expired. They will not have to take the examination until the January session. The examination will last over Friday afternoon.

POLL MAKES GOOD SHOWING

Republican County Chairman Smith is pleased with the Outlook. STRONG TICKET FROM TOP TO BOTTOM

POLL MAKES GOOD SHOWING

Democrats are working an active campaign and Chairman Cassidy says he regards chances of victory as fine.

POLL MAKES GOOD SHOWING

The poll of the county which is being taken under the supervision of Chairman Elmer Smith of the republican county committee indicates increased majorities for the candidates on the republican county ticket this year.

POLL MAKES GOOD SHOWING

The republican county ticket, for instance, Sheriff Canning, County Auditor Hess, County Auditor Cheyne and H. V. Bates, clerk of the district court. Where could you get better men for the office than they have held the last two years?

POLL MAKES GOOD SHOWING

They are capable men of integrity, and have conducted the affairs of their respective offices in a business like manner. Mr. Canning, it is generally conceded, is one of the best sheriffs Pottawattamie county ever had.

POLL MAKES GOOD SHOWING

John Canning and J. T. Hamilton of the law firm of Canning, Hamilton & Co., are the only candidates seeking re-election this fall. There is no reason why they should not have the support of the republican party and I feel assured they will.

POLL MAKES GOOD SHOWING

Mr. Mitchell's Campaign. It is very gratifying to note the favor with which the candidacy of James W. Mitchell, the nominee for county treasurer, has been received throughout the county.

BALLOON TESTS AT OMAHA

Fresh Devices of Signal Corps to Be Tested at Nebraska Post. HYDROGEN GENERATOR MAY BE BUILT

BALLOON TESTS AT OMAHA

Fort Omaha to be scene of interesting experiments by Army Officers Within Next Few Months.

WASHINGTON, Oct. 24.—Fort Omaha, Neb., is to be the scene of many interesting balloon experiments within the next few months. French manufacturers have shipped to the signal corps of the army a special silk balloon, which will be thoroughly tested at the Nebraska post.

A large quantity of hydrolic, from which hydrogen is generated by contact with water, has been purchased and a generating plant will probably be built at Fort Omaha, which will enable the signal corps to produce hydrogen very easily. At present hydrogen for experimental work is shipped in metal tanks.

Practically all the experiments of the signal corps are made with captive balloons. Major Samuel Reber and Captain Charles De F. Chandler, who made a balloon trip on October 23 with the Aero club, have reported to the signal corps that the aerial travel from Pittsfield, Mass., to Birmingham, Va., was highly successful and will later make a report on the trip, which it is expected will be of considerable value to officers interested in ballooning.

ATLANTIC.—The city council has accepted the work on the city sewerage collected by the city engineer, J. H. Corey & Briggs, paid the contractors the city's part of the amount charged and ordered the city engineer to have the sewerage system put in place.

ATLANTIC.—E. A. Lewis, a photographer of the city, has been arrested for the past several years on a sensational printing press, which he had used to produce photographs of the city.

ATLANTIC.—The citizens of Elk Horn have already pledged \$300 for the work of the city engineer, J. H. Corey & Briggs, in the construction of a sewerage system for the city.

OUR LETTER BOX

Appeal for City Mission. OMAHA, Oct. 24.—To the Editor of The Bee: An earnest appeal is made by the board of trustees of the Omaha city mission for funds for the maintenance and for extra expenses during this coming year.

Stockholders of Traders' Company. Alleged that His Policy increases Their Liability.

CHICAGO, Oct. 24.—Expressions of discontent with the management of the state of the Traders' Insurance company by the receiver appointed some months ago are contained in a report filed in the Cook county circuit court today in behalf of 200 nonresident policyholders who claim against the defunct company represent nearly \$2,000,000.

The board, after looking over the field, finds it necessary to raise the sum of \$2,000 for its work in the future.

Let us, for a moment, run over the history of this mission. In the first place it is the only mission that is situated in the lowest part of the city. Its work is wide and varied. Its doors are open morning, noon and night, and willing, ready and true Christian mission women are there to answer the calls of the needy or listen to the cries of the one in distress.
