WAR ON THE BILLBOARDS

Civic Association to Begin Fight on Despoliation of Natural Scenery.

MOVEMENT FOR CLEANER CITIES

Active Campaign in Progress for the Greater Awakening of the Civic Consciousness of American People.

MILWAUKEE, Oct. 24.—The billboards out of existence will be the battle-cry of the American Civic association for the next year as a result of plans decided upon at its annual convention, which opened in Milwaukee today.

Mr. Woodruff referred to the despoliation by billboards of various scenery throughout the country and said that the next great work which the American people must wage is that against the desecration of our landscape.

Next in importance to freeing our landscape of objectionable billboards, said the speaker, is the movement for cleanliness in our American communities.

As a conclusion he said that the national impetus for civic improvement is the beginning of an awakening of a greater civic consciousness, which means the redemption of our American communities from the sordid, the selfish and the base.
