GOVERNOR GRANTS PARDON

Edward County Young Man Released After Three Years' Confinement.

AUTHORITY FOR HIS ACT IS QUESTIONED

Food Commissioner of Opinion the Present Method of Testing Cream Gives Farmer the Worst of It.

(From a Staff Correspondent.)

LINCOLN, Oct. 25.—(Special.)—Governor Mickey this morning again took up his pardon pen and released from the county jail of Edward county William M. Campion, against whom there was a judgment of \$1000 in favor of N. B. Latimer, who sued him on a paternity charge. Campion has been in jail about three years and refused to pay the woman the money set to give bond that it would be paid. He has stoutly maintained his innocence of the charge against him and so convincing was the evidence piled up before the governor by those who sought the young man's freedom that the executive granted Campion a pardon for another man's act.

Campion's father is a very wealthy man and he offered to pay the judgment against his son, so the governor said, but the young man refused to allow him to do so, but insisted that he pay a cent. In the meantime the young woman has married and her lawyers have filed a lien on the judgment against Campion. Governor Mickey has received letters from Rev. Mr. Chapin and Mr. Hanna and others of Edward county urging the pardon and Mr. Hanna said young Campion was the son of a noble woman who testified her downfall occurred. Some Lincoln attorneys doubt the right of the governor to issue a pardon in a case like this as the action brought was a civil action and by permitting the young man to leave jail the rights of the child, they say, are not protected. Numerous supreme court opinions are to this effect.

JAP CHILDREN AN ISSUE

Action of San Francisco in Barring Them from Schools is Discussed.

AMBASSADOR REGRETS THE ACTION

Japanese Representative at Washington Sorry that Friendship of Nations is Followed by Inadvisability to Students.

WASHINGTON, Oct. 25.—(Special.)—The Japanese ambassador, at a conference with Secretary Root at the State department today, made the request on behalf of his government, that the United States see that Japanese subjects in California were accorded their full rights under the treaty of 1854, including the right of children to freely attend the public schools of San Francisco. Secretary Root will take the matter up with the president, and it is likely that representations will be made to the president and the exclusion of Japanese children from San Francisco schools was the chief cause of the criticism of the United States. He was inclined to discount other causes given for the sentiment against this country.

No formal protest was lodged by the ambassador with Mr. Root, but in a friendly way Viscount Aoki discussed the situation with the secretary and expressed regret that Japanese children should be discriminated against.

The friendship between the United States and Japan is too close and of too long standing to justify any formal protest on the part of Japan because of wrongs its citizens may have suffered in some localities in the United States, said Viscount Aoki. "There is much misunderstanding in Japan concerning the true situation. Of course, the Japanese government fully realizes that the action against the Japanese children is local and not general in this country, but all the Japanese people do not understand the conditions in this country, and an unfriendly attitude toward Japan is regarded as a national sentiment."

The action against the Japanese children is regarded as extremely serious by Viscount Aoki and he made no attempt to discount its importance. "After all the years of friendship between the two nations it seems too bad that poor innocent little Japanese school children should be subject to such indignities," said the ambassador. "Such action on the part of local authorities in this country is resented very bitterly by all Japanese."

MAN FOUND DEAD IN JAIL

Thomas Coffey Apparently Committed Suicide at Millard by Hanging Himself in Cell.

MILLARD, Neb., Oct. 25.—(Special Telegram.)—Last night a man named Thomas Coffey, recently employed by Contractor Fitzgerald on the railroad grade, came to the town marshal and asked permission to sleep in the jail. This was granted and the door was left open so he could leave when he was ready. About 10:30 o'clock he came to the marshal and asked that the door be locked, as "they are after me and I'm afraid they'll get me." His request was granted.

This morning when the marshal unlocked the door, the body of Coffey was found hanging from the top of one of the cells, to which it was attached by his suspenders. The top of the cell is so low that he had bent his knees to produce strangulation.

Little is known of the man around here. Mr. Fitzgerald says he has known him casually for twelve or fifteen years and that he was a well educated man, but had been ruined by drink and drugs. He was about 44 years old.

Call for State Warrants.

Treasurer Mortensen has issued a call for warrants to the amount of \$30,000 to be delivered October 25. The call includes warrants numbered 129386 to 129395.

Cream Tests Inaccurate.

Food Commissioner Redfern is of the opinion the farmers are being done in the way cream is tested and because of this he will make a recommendation to the legislature that the test be changed. At this time the cream is tested in a machine which Redfern said was made to test milk, and as cream is much lighter the test is not a good one. He will recommend that cream be tested by weight and the amount of butter fat be measured and then the percentage be applied to the weight. Redfern will make a number of sample tests before making his recommendations.

Moving the Bad Lands.

South Ninth street, which has so long been set apart as a portion of the reservation, is to be cleaned up and the occupants of the houses made to move out. This morning a suit was filed against Rose Kirkwood, who is charged with conducting such a house, against Company T. O. Kirk, on Ninth. The suit was filed by Charles Selfer, who conducts a bicycle store. He alleges in this house occur fights and disturbances every night and that the women who live there conduct themselves in a very unbecoming manner that they go out in the street more or less intoxicated and dressed less. All this, he alleges, has depreciated the value of property in this neighborhood and he wants the house used for other purposes if it is used at all.

YOUNG CONVICT HANGS HIMSELF IN HEBRON JAIL.

HEBRON, Neb., Oct. 25.—(Special Telegram.)—At noon today James Dickson, a young farmer from near Giltad and whose home is in Decatur, Ill., committed suicide in the county jail at this place. Mr. Dickson had been convicted of forgery and was sentenced to two years in the penitentiary. He killed himself by hanging and used an ordinary towel, which was tied around his neck and then to the bars of the side of his cell. His sentence to the penitentiary and his dread of serving the time seemed to have prompted him to commit the deed.

Burket at Tekamah.

TEKAMAH, Neb., Oct. 25.—(Special.)—Senator Burket, addressing a large and enthusiastic audience at the court house last evening. He spoke at length on the national issues and paid his compliments to W. J. Bryan in an amusing and effective way. He reviewed republican policies and explained how and why they would bring about such a result as to the American people. The hard times of '94, '96 and '98 and the discontent so widespread at that time was contrasted with conditions at the present time when everyone is prosperous, contented and happy.

He called attention especially to the necessity of republicans voting a straight ticket and electing a republican legislature who would have the election of United States senator.

Don M. B. Hopewell of Tekamah, candidate for probate judge, also spoke giving attention principally to the state issues. S. C. Wolfe of Craig, candidate for senator from the Seventh senatorial district, and Henry D. Byram of Decatur, republican representative from the Tenth district, also spoke and reported republican sentiment in their localities. Being fully awakened and predict a full vote and the usual republican majority in Bur county.

Child's Leg Broken by Door.

BEATRICE, Neb., Oct. 25.—(Special Telegram.)—The 7-year-old son of A. E. Hand was seriously injured at the cereal mill today by a large door falling on him. He is being treated and he was terribly bruised about the body.

MORPHINE HABIT CAUSES SUICIDE

Kearney Man Feels Insanity as Result of Use of Drug.

KEARNEY, Neb., Oct. 25.—(Special.)—Fearing that he would go insane from the effects of morphine, Benjamin F. Ayers committed suicide by shooting this morning. The bullet, which was from a 22-caliber, long barreled, target pistol, had entered the brain. The cause of the deed was given in a letter addressed to his son, Charles Ayers, which had been written in various times. Heading the letter in the following: "Don't let this be seen. Tell all that I killed myself rather than become a sot and disgrace to myself and family through the vice of morphine."

Mr. Ayers was born in Ashtabula, O., in 1858 and served in the war with Company I, Forty-eighth Indiana infantry. He lost his left arm in battle in 1863, and drew a pension. He settled on a homestead near Amherst in the early days and lived there until a few years ago. Besides his son, Charles, he is survived by two daughters, one of them being Mrs. Moore of Amherst.

Storm Does No Damage.

GORDON, Neb., Oct. 25.—(Special.)—This section of Nebraska was visited by the worst snowstorm that has ever been known to occur here at this time of the year. It began to rain and snow last Friday afternoon and the storm continued to grow worse until Tuesday night, when the wind went down, and Wednesday morning all was lovely again. The snow is from one to two feet deep on the level and in many places is drifted several feet deep. Trains are delayed and telephone wires are down. Up to this writing no serious losses to stockmen are reported. Today the snow is rapidly melting and indications now are that northwest Nebraska will yet have its accustomed eight weeks of sunshine from November 1 to New Years. Nearly all the farmers have their potatoes dug and in the pit and what few are yet undug are said to be unharmed by the snowstorm, as the weather was cold and the ground remains unfrozen under its coat of snow. Many fields of grain are yet in the stalk, awaiting their turn in threshing. The frequent heavy rains of September caused farmers to be from two to three weeks behind in their fall work.

News of Nebraska.

VALLEY.—The village board has just purchased a bell to be used in the town hall and used as a fire alarm bell.

BEATRICE.—Several cases of diphtheria are reported by the physician in this city. The diphtheria situation in this city is being watched.

PAPILLION.—The school board is improving the school grounds with cement walks and a large amount of shrubbery. The improvements will cost \$500.

BEATRICE.—The Rock Island railroad, under the management of J. J. P. Felt, has been operating since last week. The road is being operated by J. J. P. Felt, who has been operating it since last week. The road is being operated by J. J. P. Felt, who has been operating it since last week.

Absentees at Shallenbergs Meeting.

The democrats of Lincoln pulled off a big victory here tonight, when A. E. Hand, candidate for governor, the drawing card, in a mighty effort to tear down the stone wall of republicanism which encloses Lancaster county. The affair was held in the Oliver theater, and the Havelock band, with the big "B. M." sign, significant at least in this instance, painted on the band drum, was a pleasing feature of the affair. In the audience were a number of republicans, including officials of the republican state committee, who had been invited from the stage of George W. Bee and the absence from the audience of populists was conspicuous enough to attract notice. The democratic candidate was given an enthusiastic reception when he was introduced with the big "B. M." sign significant at least in this instance, painted on the band drum, was a pleasing feature of the affair. Japanese View of Situation.

TOKIO, Oct. 25.—It is believed here that the anti-Japanese feeling in America is confined to the labor element. The tone of the Japanese press is sobering down. Thoughtful Japanese believe that if the country allowed itself to be carried away by a momentary excitement against America this would only play into the hands of those who are anxious to attract foreign sympathies from Japan. It is believed that the friendship between America and Japan is too deeply rooted to be sacrificed through trivial antipathies.

California Tax Reform.

SAN FRANCISCO, Oct. 25.—According to the report of the state tax commission it will recommend to the legislature that corporations be assessed on their gross receipts and not on their net earnings, and that the assessment of real property be based on the actual value of the property in question. The commission also favors a low tax rate.

BEATRICE.—The body of Miss Carrie McIntire, who died at Wellington, T. N., Tuesday, was brought here today for interment. Deceased resided in Gage county for many years before her death at Wellington.

TEKAMAH.—The sun came out this morning for the first time for six days. A drizzling rain has been falling almost continuously all that time, putting a damper on sowing, picking, which had just got nicely started. The sun was seen in the morning, but in the barber business here for the last fifteen years, yesterday sold his shop to J. J. P. Felt, who has been operating it since last week. The road is being operated by J. J. P. Felt, who has been operating it since last week.

PLATTSMOUTH.—The home of Colonel M. A. Bates, who writes heavy editorial columns, was destroyed by fire during the small hours of the night by prying up a window, but the colonel was unharmed. Thus far only the homes of democrats have been razed by the prowlers, since the city administration at the present time is democratic.

PLATTSMOUTH.—Judge Paul Jessen has been holding district court in this city this week and among the many cases discussed was a decree of divorce granted by Lydia F. Wrenn from her husband, Edgar L. Wrenn, on the ground of extreme cruelty. The case was argued and decided this afternoon and Judge Jessen returned to Nebraska City.

ALBION.—The democratic rally here last evening drew a crowd of about 100, in which all parties were represented. Mr. Shallenberger was the speaker of the evening and gave his hearers a regular fusion talk. Judge Graves, candidate for congress in this district, was expected to speak, but on account of the lateness of the train he did not arrive in time. Mr. Bryan is expected to be here on November 1.
