General Greely Reports Them Willing to Listen to the Army Officers.

CAPTAINS JOHNSON AND PAXTON SEE THEM

Interior Department Asked to Send Inspector and Some Sioux Indians.

THOUGHT THESE CAN INFLUENCE UTES

Troops Have Been Sent from Different Posts to Head Them Off.

ORDERS TO AVOID FIGHT IF POSSIBLE

Utes Must Be Taken to Fort Meade, However, Peaceably if Possible, but Forcefully if that is Only Way.

(From a Staff Correspondent.)

WASHINGTON, Oct. 26.—(Special Telegram.)—Official information from Omaha was received today from Major General A. W. Greely, commanding the northern division, stating that the Ute Indians now off their reservation and surrounded by troops are in a mood to listen to arguments. General Greely has asked the secretary of war to request the secretary of the interior to order an inspector to accompany Women's Troop from Pine Ridge and American Horse of the Cheyenne river reservation to Gillette, Wyo., accompanied by the way some interpreters who can be had, in order that there may be a full and free conference between the Indians and soldiers pending their return to the United States reservation. These two Indians are looked upon as the cleverest of their people and Chief Appah desires to have them present at the council with the white men. Yesterday General Greely, writing to the military secretary from Omaha relative to the Wyoming situation and runaway Utes, said: "Captains Johnson and Paxton, Tenth cavalry, striking Ute trail on 22d, reached their camp on Spring creek and Little Powder river forty miles from Gillette, where a council was held with Chief Appah's band on the morning of the 25th. It would appear that the band camped with Appah consisted of about 20, with few women and children in sight, and about 200 fighting men. They are fully armed, have their belts full of ammunition, and have from 500 to 600 good ponies, 10,000 pounds of flour, purchased in Gillette, and a large amount of supplies. The band's disposition is mostly tramping, with a few old wagons.

POPE SEES GERMAN OFFICIAL

Secretary Von Tschirsky Talks of Affairs with Head of Catholic Church.

ROME, Oct. 26.—The pope today received the German foreign secretary, Herr von Tschirsky, and Frau von Tschirsky, who were accompanied by the Prussian minister to the Vatican, Baron von Rotenhan. In the papal ante-chamber Herr von Tschirsky met Cardinal Agilardi, vice-chancellor of the Holy Roman church, who formerly was papal nuncio at Munich, and conversed with him thoroughly. Cardinal Agilardi had a brief conversation with Herr von Tschirsky, after which the latter was admitted to the papal library, the pope meeting him, his wife and Baron von Rotenhan at the door and bidding them to rise when they knelt to kiss his hand. The pontiff then asked his visitors to take seats and entered into a cordial conversation with them, which lasted half an hour. Herr von Tschirsky conveyed to the pope Emperor William's best wishes, and the pontiff in return sent his majesty his warmest greetings. It was observed that Herr von Tschirsky followed the president of Emperor William of going to the Vatican. He first went to the Prussian legation to the Holy See, where he left the carriage belonging to the German embassy to the Italian government, and took the carriage of Baron von Rotenhan, in which he drove to the Vatican.

SHOEMAKER IS A ROBBER

German Hired as Army Officer and Caused Soldiers to Help Him.

BERLIN, Oct. 26.—The pretended captain of grenadiers of the guard who on October 18 on a forged order took command of a company of twelve men, which he led on the streets in this city and proceeded to Copenhagen, arrested the burgomaster and the treasurer and took possession of the cash, amounting to about \$1,000, turns out to have been a shoemaker of this named Wilhelm Voigt. He was arrested by four commissaries of police at his lodging place in a quiet, respectable quarter of Berlin. Voigt, although working at the trade of a shoemaker, has committed a long series of felonies, principally robberies by means of forged documents. He has served five terms in prison, finishing a seven-year sentence in February, and is nearly 40 years old.

SUBSIDY FOR MAIL SHIPS

New Zealand Renewed Contracts Under Conditions with Lines to America and Canada.

WELLINGTON, N. Z., Oct. 26.—The house of representatives today approved the renewal of the San Francisco subsidy for three years with the proviso that new steamships shall be provided within two years, in default of which the postmaster general is empowered to give six months' notice of the withdrawal of the subsidy. The house also authorized the making of a contract with the Vancouver service, giving \$2,000 to steamers making the trip in eight days, the maximum subsidy to be \$20,000.

Change in French Diplomatics.

PARIS, Oct. 26.—There has been quite a change in the personnel of the Foreign office as a result of the appointment of M. Poincaré to the foreign minister. M. Thebaud, formerly first secretary of the French legation at Washington and recently chief of the cabinet of the minister of foreign affairs, retire from that position and becomes minister of France at Buenos Ayres.

RULE ON FRENCH CHURCHES

New Cabinet Takes Radical Stand on Enforcement of Laws.

PARIS, Oct. 26.—The cabinet has reached a decision regarding the application of the law providing for the separation of church and state, by which the revenues of churches, in the event of the death of the church themselves will remain in the parish worship under the law of assembly of 1801 during the ensuing year before the law goes finally into effect. In the meantime, should the clergy refuse to yield, a ministerial declaration will be issued, indicating very clearly the intention of the cabinet to ask Parliament for special legislation to meet the situation. The nature of the measures contemplated, however, will not be disclosed, although it is announced that they have been agreed upon. Some of the newspapers declare that the council of state, after consideration of the question of the constitution of a legal association under the law, is prepared to render a decision that only associations formed with the consent of the former church wardens and parish priests are legally entitled to take over church property, those formed by outsiders having no legal status. It is also stated that the council of state, being irregular, will be reconstituted in December. If this proves to be correct, the decision will give an impetus to schism, as of all the associations thus far constituted but two have the concurrence of both the parish priest and church wardens, and these have been formally interdicted by the bishops.

BORDEAUX, France, Oct. 26.—Cardinal Leoit, archbishop of Bordeaux, has issued an appeal to the faithful not to join "false Catholics" and had posters in the way of association to take over church property, and warns the parishioners who do obey his injunction that they will lose the right to confess and receive the sacrament and, notified the priests that they will be prohibited from preaching and administering the sacraments to those who wrongfully acquire church property who will not only die in a state of sin, but the obligation will rest upon their posterity so long as the memory of the robbery endures.

A complimentary reference was made to the work of President Roosevelt.

Nebraska Democrats in League with the Railroads

Democratic Editors Speak Out. Special Dispatch to the World-Herald.

GRAND ISLAND, Neb., Oct. 26.—At the meeting of the Democratic Editorial association this evening resolutions were unanimously adopted endorsing House Bill 171 and also the revenue measure, now before the Nebraska legislature. A special committee, headed by C. J. Rosby, editor of the Omaha World-Herald, and composed of the Omaha Democrat and C. D. Casper, editor of the Daily City Press, was secretary, reported the following: "We denounce the attempt of the railroad lobby to deceive the public with respect to House Bill 171, now pending before the Nebraska legislature, the same being a bill designed to require railroad companies to bear their just proportion of taxation in cities of the metropolitan class. This attempt on the part of the railroad lobby to make it appear through editorials, admittedly written by the lobby and paid for by the railroads, that this measure, if enacted into law, would affect taxes to be paid by the railroads for state, county and school purposes, is indefensible and deserves prompt and vigorous rebuke at the hands of all who believe that the truth should be known with respect to every public measure and who object to the escape of taxation by the railroads for state, county, city or school purposes. We believe it to be the duty of every democratic member of the legislature to vote for House Bill 171 and register his protest in an effective way against the attempt of the railroads to deceive the people, and through such deception escape their proportion of taxation. This resolution was thoroughly discussed and was adopted by a unanimous vote of the association.
