Without more than half the meat consumed in London in two months coming from Argentina and only 5 per cent from the United States, it would seem that the attack on American meat trade is more noisy than effective.

SUCCESS OF SHAW'S PLAN. It has been already made certain that the \$15,000,000 of national bank notes will be taken out under Secretary Shaw's plan, and probable that much more than that amount will be asked for, since within three days of its announcement banks of New York city alone applied for over one-third of the authorized total.

The fatalities in a Kansas City lodging house fire would suggest that the building inspector make a thorough investigation of all buildings in Omaha being used for sleeping quarters for any large number of people, with a special view to ascertaining their safety in the event of conflagration.

When Candidate Hitchcock was in congress he told constituents who applied to him to help them out that as a member of the minority under a republican administration he was powerless to do anything for them. Now that he is out of congress and wants to get back, he is laying claim to becoming modestly to credit for everything the republican administration did for this district while he drew pay as a congressman.

It is in accord with the eternal fitness of things for Candidate Hitchcock's paper to take the side of the indicted coal dealers and to attempt to impugn the good faith of County Attorney Slabaugh.

A Pointed Warning. Baltimore News. In reference to the rumors that a foreign beef trust is forming that will comprise all the present companies in this country, Secretary of Agriculture Wilson remarks that "we have pedestrians in the country."
