

VOTE AGAINST

..THE..

Independent Telephone Franchise

Two Telephone Systems Mean

Divided Service
Increased Expense
Two Bills, Two Bells, Two Books

If two are a good thing, why wouldn't six or eight be better?

Thirty thousand Independent Telephone Subscribers now reach Omaha over the Nebraska Telephone Co. lines. Any others wishing connections can get them on any fair basis.

Oakland, Cal., received \$100,000.00 in cash for a telephone franchise; WHY SHOULD OMAHA GIVE ONE AWAY?

Why should the Independent Telephone Co. be given rights on the boulevards and in the parks?

Why did they cut the purchase clause out of their franchise at the last minute so that THE CITY CANNOT NOW BUY THEIR PLANT IF THEY EVER WISH TO DO SO? Why should you give them the right to mortgage their franchise if they pay nothing for it?

Would Heim come here from Kansas City just to help you? No, he wants your money!

They will float millions of watered stock and worthless bonds on the franchise they want you to give them!

Read This Franchise Over Carefully
and YOU WON'T VOTE FOR IT

VOTE NO! NO! NO! NO!
