Good Demand for Wheat by Shorts Comes at Opening.

PRICES STRONGER AND HOLD TO CLOSE

Receipts at Northwest Points Much Lighter for Week Than Year Ago-Corn Firm, Despite Good Weather Predictions.

OMAHA, Oct. 27, 1906. OMAHA. Oct. 7, 1988.

The bulk of the wheat trade came off at the opening: Prices started higher, with offerings rather limited. Shorts were made the any by the strength lu cables, based on the light selipments to Laverpoel. The same facts rendered holders more confident. The northwest sold at intervals, but prices held up well. Beceipts at Winnipeg, Minneapolls and Dufuth were freatly 5,000 cars for the last week, which is 1,800 cars less than for the corresponding period a year can for the corresponding period a year

spoils and Dublish were frearly 8,000 cars for the last week, which is 1,600 cars loss than for the corresponding period a year ago.

Higher cables, considerable rain through the west, particularly in lowa, and light receipts gave the corn market its epening impetus. Later, when the forecast for several days of fine weather became known, an easier trend developed, but persistent buying of the May prevented any material decline. Reports were again circulated of dry rot, but are confined to a strip in Himols and western lindiams, where the crop has never been first-class. Advices from other sections are flattering.

Phoris covered under the influences of other grains, giving the oats market a firm tone. Trade was light and there seems little possibility of any material gain. Purchases in the country are quite liberal and there undoubtedly abundant supplies in stations to come forward.

Primary wheat receipts were \$55,000 bushes its and shipments \$72.000 bushes and shipments \$72.000 bushes and shipments \$72.000 bushes and shipments of \$65,000 bushes of corn.

Liverbool closed and higher on wheat and \$900 bushes and shipments of \$65,000 bushes of corn.

Exporters say bids are tame and business to such a higher on corn.

RICAGO GRAIN AND PROVISIONS Pentures of the Trading and Closing

Prices on Board of Trade. CHICAGO, Oct. 37.—Firm cables and wet weather in the United States cannot atrength today in the local wheat market. At the close wheat for December delivery was up the Corn was a shade higher. Onto were 1511cc higher. Provisions were unsamped to 2455c lower.

Trading in the wheat pit today was more

sative than at any time during the last month and prices showed considerable bluorancy. Local traders who have been hammering prices for several days turned to the other side early in the session and scrambled energetically to cover their show makes. Offerings were few. The hullish ractors were smaller receipts in the north-west, the arrivals today at Minesapolis and Dulith being 288 cars less than for the corresponding day one year ago, and righer prices on the curb at Minneapolis. Foreign murkets were also strong, when righer prices on the curb at Minneapolls. Foreign nurkets were also strong, wheat at Liverpool closing 3d higher, while at Paris there was a somewhat sensational rise in the price of flour for October sile. Heery, as well as a substantial gains in wheat value. In addition to these juminences weather conditions in the United States were far from ideal for the crop movement, many localities in the west and northwest reporting heavy rain. During movement, many localities in the west and northwest reporting heavy rain. During the last hour of trading prices fell off somewhat because of realizing sales, but the close was farm, becember opened 45 fac to 75% of the close was farm, becamber opened 45 fac to 75% of the corresponding day one year ago, Minneapoles, Duluth and Chicago reported receipts of 55 cars, against 75 cars last week and 88 cars one year ago.

luth and Chicago reported receipts of 351 cars, against 391 cars last week and 884 cars one year ago.

Sentiment in the coyn pit was bullish and the volume of trading was quite large. Shorts and commission houses were active bidders, but offerings were not large. Firm cables, small local receipts, wet weather throughout the corn belt and the strength of whent were the chief reasons for the firmness. Late in the day realising sales lowered the market somewhat, but the chief was steady. December opened 124% chigher at 83% to 43%, sold off to 43%, and closed at the low point. Local receipts were 182 cars with 183 cars of contract grade.

Oats were quiet into firm. Wet weather and the strength of whost and corn were the main incentives to histers. Cach houses were the principal bidders. December oats opened ladder higher at 23%, sold up to 23%, and closed at 35%. Local receipts were 234 cars.

Provisions were firm at the opening because of a 5c advance in the miles of lice lanuary pork was a shade lower at 11.13%. Lard was unchanged at 18.17%. Ribs were 35,000 had.
