

## MAYOR MUST CALL ON CRIER

Final Decision of Council Regarding Thirty-Four Hundred Dollars Shortage.

## REPORT OF COMPTROLLER DISCUSSED

Winnam Opposes Dahlman's Plan for Experts Accountant to Re-check Record of Lohbeck, Who is City's Bookkeeper.

Comptroller Lohbeck's report on the accounts of Lee Grier, former clerk of the police court, was the chief matter brought up yesterday afternoon at a meeting of the city council as a committee of the whole. It was brought up through a communication received from the mayor, suggesting that an expert accountant be engaged to go over the accounts and verify the comptroller's statements as to the alleged shortage.

Commissioner Zimman took the lead in contending that the city comptroller was the city's duly accredited accountant and that no further auditing should be necessary, particularly in view of the fact that the comptroller is under a large bond to cover the correctness of his work. After some discussion it was concluded that the finance committee should wait on the mayor and endeavor to get him to take action in the matter to the extent of calling on Mr. Grier for the alleged shortage of \$3400.

Mayor Dahlman received a report of the Grier matter from the comptroller October 2, and said he intended to have the accounts rechecked by an expert accountant, but the majority of the council is opposed to entailing a further expense of having the comptroller's report rechecked. It was explained that the bonding company can be held if the Grier shortage is sustained by the city legal department.

## As to Lohbeck's Report.

As to the Lohbeck report on the work he did in the treasury department and in which report he took exception to the conduct of the comptroller's office, Chairman Funkhouser of the finance committee reported that Mr. Wentling, who directed the system of accounting now in use in the comptroller's office, is in the city and declared that unnecessary alarm had been caused. The suggestion was offered that the company which bonded the former treasurer be called upon to check up the accounts and render a report without any costs to the city.

It was deemed inexpedient by the committee to add at this time four calls at the city jail, as suggested by the mayor, for the reason that the size of the city jail is not such as to admit of the proposed addition.

The rock pile matter was brought up again and the discussion resulted in a request that the mayor instruct the person in charge of the prisoners placed on city work to march prisoners each day to the paving and sewer plant at Twelfth and Nicholas streets, for the performance of such work as the city may have for the prisoners. Owing to the condition of funds it was decided to expend no money this year for rock pile or work house purposes. City Engineer Rosewater was instructed to draw up a resolution ordering the street commissioner to repair such sidewalks as are in bad condition and of which condition the city has received advice. This action will be followed on account of no funds in the sidewalk repair fund, but surplus in the street commissioner's fund, and the pressing need of repairing sidewalks to relieve the city of prospective damage suits on account of accidents.

## BAXTER SAYS FEES ARE HIS

Former County Judge Denies Claim of County to Money Received by Him.

Former County Judge Irving F. Baxter filed answers Monday afternoon to two of the three suits brought against him by Douglas county to collect fees received by him for performing marriage ceremonies. Judge Baxter served three terms as county judge and the answers filed Monday cover the first two terms, running from January 1, 1891, to January 1, 1893. The county holds these fees should have been turned into the county treasury. He denies it was his duty to perform marriage ceremonies, but admits he had authority to do so, claiming it was only a matter of discretion. He also denies the county judge is authorized, empowered or required by law to charge any fee for performing the ceremony. The fees for one entire term and part of another were collected over ten years ago and he asserts the claim of the county is now barred by the law of limitation. He also asserts the county is estopped from demanding payment now, as the county board, while he was in office, recognized his right to collect the fees and approved his reports, though the board made no mention of marriage fees. By a stipulation with the county attorney he is to answer in the third suit by November 5.

## WOMAN IN CLUB AND CHARITY

The Omaha Woman's club will invite the Nebraska Federation of Women's Clubs to hold its next annual convention in Omaha next October and will ask the other four women's clubs of the city to co-operate in the entertainment.

This was decided at Monday afternoon's meeting of the club, which was one of the most largely attended meetings of the year. A spirited discussion was precipitated by a proposition from Mrs. B. R. Towne that the club co-operate with the students of the high school in a project to place a bronze statue of Lincoln in the school grounds and that a committee be appointed from the club to investigate the plan. While the majority of the women were evidently willing that the club lend its support, there was opposition to committing it to anything until some more definite proposition could be made.

Some of the members were opposed to the club's contributing to anything while it has so many needs of its own, and others suggested that as the project had originated with the students, the club might be infringing upon their privileges. Mrs. Towne explained that she had presented the matter to the club at the request of Principal A. H. Waterhouse of the high school. The matter was tabled for two weeks.

The bylaws of the club were amended to add three new standing committees, civil service reform, forestry and civics. While these branches have been covered by committees in the past, the committees have been special and the work not a permanent branch of the club's effort.

The chairman of the educational committee reminded the women of the approaching election and urged them to do their duty in voting for school board members. She said there is plenty of good material to choose from, but it is not all embodied in one ticket, and urged the women to post themselves regarding the candidates. One new member was announced and the names of four others proposed.

The program of the afternoon was in the hands of the music department, Miss Blanche Sorenson leader. The following program was presented:

## STAND FAST BY GOOD THING

Robert Cowell Points Difference Between Democratic and Republican Times.

## SLABAUGH TELLS OF RECORD IN COUNTY

Congressman Kennedy Brings Good News from the Country, Which, He Says, is Thoroughly Awake Politically.

County Attorney W. W. Slabaugh delivered the principal address at a large and enthusiastic meeting of republicans last night at Thirteenth and Williams streets. Congressman Kennedy was expected, but had been campaigning all day and arrived so late that he contented himself by assuring the voters present that the republican ticket would be elected. Judge Berka presided. He first introduced Robert Cowell, who recalled the troublous times under the last democratic administration and advised a vote for the principles of Theodore Roosevelt.

"The democratic patron saint today," declared Judge Slabaugh, "they try to cling to Billy Bryan, but he's here and there; he's one thing in the north, another in the south; one thing in the west, another in the east. It is the republican party that stands today advocated. Of free trade the democrats try to make an issue. It is anything but an issue with them; they make one, bury it and then resurrect it."

## Ticket Worthy of Support.

Judge Slabaugh spoke for the election of a republican ticket, declaring the ticket of Mr. Hillecock would be a slap at the president. He spoke for the Douglas county legislative ticket as the cleanest and most fairly chosen one that has ever been selected. He asked for the re-election of Commissioner Kennedy, citing as an instance of the economical administration of the present board the fact that two years ago the county owed \$23,000 and had \$35,000 in the treasury with ten months of the year to run, while this fall it owes \$38,000, on which it pays interest to itself, and has \$15,000 in the treasury. With ten months of the year to run, for himself, the speaker said he had brought the county \$35,000 through the operation of the inheritance law; he had taken twelve suits before the supreme court on behalf of the county; had represented the interests of the county in the federal court in two railroad cases and in the waterworks case. None of these things or similar things have ever been done by his predecessor, who is again asking for the office.

## Legislative Candidates Talk.

Ed Leeder talked for two shifts for free men and F. C. Best and A. R. Harvey declared themselves in favor. Mike Lee said if the railroads paid the same taxes on their terminals the citizens pay on their home there would be plenty of money to pay two shifts of free men. James Walsh advocated a larger police force and better, and said if he were a member of the legislature he would inquire carefully what the board of directors of the university wanted to do with \$300,000 before he voted for the appropriation. County Chairman A. J. Donahoe told of the work his committee is doing to get out the republican vote. Mr. Kennedy, to the course of his brief remarks, assured the voters there is no apathy in the country precincts. He said he and Judge Slabaugh went last Saturday night to Elk City and were ushered into a house to see the republican ticket. He heard the same enthusiasm in Washington county, where he spent Monday.

## FIRST CHRISTIAN CHURCH

Job for Building Church is Let to C. W. Partridge by Committee.

The building committee of the First Christian church let the contract Monday afternoon for the construction of a new church building to be erected at Twenty-sixth and Harney streets to Charles W. Partridge for \$35,771. Work will begin this week and the structure is to be completed by October 1, 1907. The building is to be of plain Greek architecture, constructed of concrete, with a steeple. This contract is for the superstructure alone and does not include the interior fitting, plumbing, organ and furniture, which will bring the amount up to approximately \$46,000.

## CONTRACTORS SUE CHURCH

Lundberg Bros. Bring Action Against South Tenth Street Methodist for Work.

Lundberg Bros. have filed suit in district court against the South Tenth Street Methodist church, asking for the foreclosure of a mechanics' lien on the church amounting to \$3,542.06. The plaintiff was one of the contractors that built the church, and claims this amount as a balance due. He wants his lien declared prior to a mortgage held by the church extension society of the denomination.
