## COMMONS DEBATES LABOR BILL

Proposition to Amend Clause Exempting Union Funds from Attachment Is Defeated.

LONDON, Nov. 1.—The resumption of the

debate on the Commons today of the

trades disputes bill, including the

amendment of October 21 to clause 4, plac-

ing union funds beyond the reach of at-

tachment, led to some lively scenes.

Members of the opposition twitted the

ministers with surrendering to the labor

party. Herbert H. Asquith, chancellor of the

exchequer, stated that the question at is-

sue was not one of principle, but of method.

He said he saw nothing dishonorable in

referring to the feelings of those most in-

terested. War Secretary Haldane also ex-

plained that it was not in deference to

James Kelly Hardie, the labor member, that

he had adopted his attitude toward the new

clause, but rather because there was an

enormous preponderance of feeling in favor

of doing things in the simplest way.

After other members of the government

had spoken in a similar strain, Samuel Rob-

erts, conservative, proposed to insert the

original clause. This proposal was de-

feated 32 to 75, amid loud ministerial and

labor cheering.

There was subsequently a further scene

the motion made by a member of the

opposition to omit Ireland from the oper-

ation of the act. In moving this motion

the speaker, Mr. Asquith, stated that the

original clause was a necessary one, and

that it would give absolute immunity

to the union funds. Mr. Asquith then

explained that the Irish members then

voted against the motion, but that the

motion was carried by a large majority.

The motion was rejected, 282 to 25.

UNREST IN CENTRAL CUBA

Interior of Island Unsafe Owing to

Presence of Numerous Bands

of Outlaws.

HAVANA, Nov. 1.—Reports received at

army headquarters from the provinces of

Santiago, Santa Clara and Havana show

continued unrest, although no instances of

actual violence are mentioned. The com-

mand of the marines at Sancti Spiritus

telegraphs that that town is quiet, but

that the adjacent country is unsafe owing

to the presence of outlaws whom the rural

population is apparently unable to suppress.

Similar conditions prevail near Sagua La

Grande and Guanamao, but they are with-

out political significance.

Upon the recommendation of the chief

surgeon, and for the purpose of insuring

sanitary conditions in garrisoned towns

the medical officer attached to each com-

mand has been ordered to act as a member

of the municipal board of health. Governor

Magón, acting upon the recommendation

of the chief of the Department of Agri-

culture, has notified the authorities at

Jamestown to expel from Cuba all who

are unable to participate therein.

Major Eugene F. Ladd, acting as chair-

man of the disarmament committee in Ha-

vana province, reports that 5,000 insurgents

have been disbanded in his territory. Only

29 certificates for the possession of horses

have been issued by the committee.

The cruiser Brooklyn left this afternoon

for Newport News.

WIRELESS TREATY IS READY

Delegates to the Berlin Convention

Will Sign the Document

Saturday.

BERLIN, Nov. 1.—The delegates to the

wireless telegraph conference finished

their work today and expect to sign a con-

vention Saturday. The agreement will be

framed up with the principle of free com-

munication between all systems. Great

Britain and Italy, it was shown, would

join, except for their contracts, which may

it be initiated, be bought off by nego-

tiations with the Marconi company. In the

meantime, until the expiration of the con-

tract, Great Britain would not allow other

companies to put up coast stations.
