BRIGHT FOR REPUBLICANS

Freeman L. Reed Says the Democrate Wil! Not Have a Look In.

HAS JUST COMPLETED A POLL OF THE CITY

Does Not Overlook Fact Democrats Are Making a Big Fight, but Says it Will Not Do Them Any Good.

The poil of the city, taken under the supervision of Freeman Reed, chairman of republican city central committee, which has just been completed, shows the republicans in better condition, possibly, than ever before. "The city pracincts, said Mr. Reed yesterday, "will undoubtedly give the candidates on the county ticket good-sized majorities."

Mr. Reed probably is better qualified than anybody else among the party workers to know the situation, not only in the city, but throughout the county, as before removing to Council Bluffs a number of years ago he was one of the most notive workers in the party in the east end of the county. He is known by and probably is acquainted with almost every voter in the county. In addition to his duties as city chairman, Mr. Reed has been over the entire county during this campaign. and he is thoroughly posted on conditions,

Mr. Beed is fully aware of the work done by the democratic candidates and is not inclined to underestimate it. Asked yesterday as to the prospects for a republican victory in the county, Mr. Reed said: "Everything looks extremely bright for the election of the entire county ticket, including the two candidates for representative. The hardest fight by the democrats, apparently, has been made on county treas-urer, attorney and sheriff. After looking the ground over thoroughly I see no reawhy James Mitchell should not be elected treasurer by at least 800. It would not surprise me if Mr. Mitchell's majority over his opponent on the democratic ticket should reach 1,500. Sheriff Canning is sure of re-election, despite the fact that in the city it is said that the Danes, irrespective of party, intend voting for the democratic mines merely because he happens to be of Danish birth. This, however, is not the case among the Danes throughout the county. Those belonging to our party will vote the republican ticket no matter what the nativity of the candidate may be. At quite a number of Danes who will see the inadvisability of voting for the demoeratic nominee merely because he is a Dane and will vote for their party candidate for sheriff. That Sheriff Canning will receive a number of democratic votes is assured and I would not be surprised if

Mr. Johns is regarded as one of the most progressive farmers of the county and it to conceded that he is in every way well fitted for the office which he sceles and for which the republican party seminated him. The old members of the board who are up for re-election are too well known to need any introduction and there is not the slightest doubt about their re-election. Begarding the members of the Board of Supervisors, Mr. Reed says it is

merely a question of how big a majority. Mr. Reed, while out in the county, took special note of the situation relative to the legislative ticket. Henry C. Brandes, who for ten years served on the Board of Supervisors. Mr. Reed says, has shown increased strength during the last week or so and nothing short of a landslide can prevent his election. "Mr. Brandes is pecultarly fitted for representative. He has served the people of this county for ten years on the Board of Supervisors and his Dr. record there is uninceachable. Pottawattamie will be well represented in the state egislature by Mr. Brandes," said Mr. Reed.
