Flight of Short Duration.

The flight was of short duration, for Creighton braced and Amity was forced to kick. Brome returned the kick on the first down and the ball went over for a touchdown. No more sensational plays occurred in the first half, as it was the same story-the ball always in Amity's territory. Amity would carry it down the field a ways by hard plugging and would then be forced to kick. Brome would return the ball on the first down, and so it went until the half ended, with neither side having scored.

Amity kicked off in the second half and Brome returned the ball to the middle of

line, and Hronek was soon pushed over. with no goal. Score, 11 to 0.

The ball was kicked back and forth in the middle of the field until Brome got away with a quarterback kick, which a Creighton man captured on the ten-yard line, and McKittrick, who had taken Magirl's place, was sent over and a goal was kicked. Score, 17 to 0.

Loftus went out and Stevens took him and Brome kicked the goal, Score, 23 to 0

It was a battle between the fastest and best teams these colleges have ever put on the field. It was a battle royal from start to finish. The speed of the Nebraska squad was not only a surprise, but a sign of what two weeks' practice can do. They were defeated by Amea October 20 as the penalty of slow work. Today they won laurels from the big Gopher team by their lightning-like work. By using their speed to the best advantage and throwing in a few fake plays, the Cornhuskers had the ball in Minnesota's territory within ten minutes after play began. They were not only in dangerous ground, but were within and minutes after play began. They were not only in dangerous ground, but were within the minutes after play began. barely caught by Ittner as he was about to bound over the line. Harvey took the ball to Minnesota's ten-yard line on a smash through Ittner. Then a line play resulted in a three-yard loss for Nebruska. A smash at center failed to gain and Nebraska was penalized fifteen yards, sending the ball back to Minnesota's twentyeight-yard line. Schmidt dropped back to Minnesota's thirty-eight-yard line, but it was a fake and Little lost four yards. Minnesota got the ball on its own forty-eightnesota got the ball on its own forty-eight yard line. Schuckneck went through right tackle for three and four yards and Ittner made two. Ittner again went through for five and Schuckneck failed at right tackle. Nebraska held on its own forty-seven-yard line. So it was all the way through the first half. First one team would work to their opponents goal and seemed sure of a touchdown, when by a trick play or a punt the hall would be forced back to the punt the ball would be forced back to the center of the field. After exchanging punts, Cooke got the ball on a delayed pass on Nebraska's twenty-two-yard line and ran down the field for eighty yards, going around the left end. This was the best

Two Games at Vinton.

There will be two games of foot ball at Vinton Street park Sunday. The first game will be played between the Superiors and the Belmonts, and will be called promptly at 2:30. The main event will be the Shamrocks and Fort Crook. These teams played last year, when the soldiers lost by default in the last half with the ball on the soldiers' ten-yard line in the Shamrocks' possession. Dan Butter will officiate as referee and Captain Weeks of the Thirtieth infantry will umpire. Cars will be run over the new electric line from Fort Crook and the soldiers will bring the Thirtieth infantry band and a vast throng of rooters to sid them to victory. The lineups are as fol-

It's a coincident that the premier pitcher of the White Sox and the Cubs are former coal miners, Ed Walsh and Mordecal Brown. Both these men used to earn their daily bread hundreds of feet under the ground, and be it said they have not you like many of their profession, gone many hundred feet above the earth since taking to the diamond.

Probably on the theory that misery loves company a rumor comes from Johnstown, Pa., of the formation of an outlaw league on the Pacific coast, composed of Tacoma Spokane, Portland, Seattle, Butte and Salt Lake City. This rumor says the league is to be organized not later than Christmas.

S.S. FOR THE BLOOD

The demand for S. S. S. has steadily increased since it was first placed on the market until it is now recognized as the greatest of all blood purifiers. It has won its way to success because IT CURES DISEASE, and there are few homes where "S. S. S. for the blood" is not a household saying. As the blood is the very life of the body, nourishing and supplying strength to every part, disease in some form is sure to follow when it becomes contaminated. Eczema, Acne, Tetter, Boils, Pimples and the various skin affections are due to an over-acid and impure blood-supply. Rheumatism, Catarrh, Scrofula, Chronic Sores and Ulcers, Contagious Blood Poison, etc., are all deep-seated blood diseases and will continue to grow worse and more danger-ous as long as the impurities and poisons which produce them remain in the blood. In all blood disorders S. S. S. has proven itself a perfect remedy, and well earned the right to be called the greatest of all blood purifiers. It goes down into the circulation and forces out all poisons, impurities, humors, and unhealthy matter, and makes this life stream rich, pure and health-sustaining. S. S. S. reaches inherited blood taints and so enriches the circulation that diseases of years standing are permanently cured. It contains no harmful minerals and is nature's real blood purifier.
