

TEN NEW MOTORS ORDERED

Additional Cars to Be Built by Union Pacific at Local Shops.

EACH TO BE TWO-HUNDRED-HORSE POWER

Trailers Also Will Be Made to Go with New Cars—Success of No. 8 a Guarantee.

Orders have been given by the Union Pacific for material for ten new motor cars, which will be constructed at once in the Omaha shops. Since the success of motor car No. 8 is assured, the new cars will be built along the same lines and the engines will be of 200-horse power, the same as No. 8. Trailers will also be built to use with the new cars.

"This means a great deal to Omaha," said a railroad man Saturday, when told of the decision of the Union Pacific to proceed at once with the construction of additional cars. "These cars are most expensive and will require the outlay of large sums of money for skilled labor, all of which will be expended in Omaha. When the first motor cars were built marine engines were bought and changed to suit the requirements of a motor car, but the engine for No. 8 was built in the Union Pacific shops in Omaha from plans designed by W. E. McKee, Jr., superintendent of the motor cars and machinery. Five of the motor cars have been in service on the lines of the Union Pacific for a couple of months and some for a longer time, and during that period have lost less time and never been out of service, which is a record seldom equaled by any five locomotives."

Omaha hopes to profit in another way from the construction of the cars. Mr. Mohler has said he is anxious to put on a night train west from Omaha, but obstacles are in his way at present. He has said that if he had a motor car available he would put that in service, leaving Omaha about midnight. This would give the people of the state a chance to visit Omaha during the day, stay in the theaters and return home that night. With the construction of these ten cars he will surely have one or two available for that service.

Motor car No. 8 has done so well on the Beatrice branch as a relief for No. 5, but the latter is working so well it is not needed and will be put on the Stromberg branch. Mr. Mohler announced some time ago that over \$100,000 worth of machinery had been ordered for new Union Pacific shops which are being built in Omaha. These new cars will not wait for that machinery, but they will be built at once in the present shops and with the machinery which is now at hand.

Movement of Tourists. The movement of tourists at the tail-end of the tourist season to the Pacific coast was unprecedented by anything of its kind in the history of railroading. While the rates were on for a considerable time, still thousands held off until the last minute and many were left in Chicago when the roads could not handle all the available cars of the Pullman company were pressed into service and trains on all the transcontinental lines were run in several sections, and still all the people could not be hauled. Those traveling comprised all classes, including investors, skilled laborers for San Francisco, for gardeners for California, laborers of all classes and settlers who were seeking a location in the west.

The Great Northern and the Northern Pacific have jointly issued a thorough and complete traffic book of the various routes around the world which run in connection with these lines. The routes given are from any part of the United States to any part of the world, and a description and price of the various tours is given. Maps are shown in abundance, together with information on side trips.

OCTOBER GOOD FOR GRAIN

Receipts and Shipments at the Local Market in Excess of Last Year.

October was a good month for the grain trade in Omaha, receipts and shipments at the local market being far in excess of the same month last year. Total receipts of all grains were 5,289,900 bushels and shipments 4,122,000 bushels, as compared with receipts a year ago of 3,474,500 bushels and shipments of 2,820,700 bushels. This year to November 1 about 3,000,000 bushels more grain have been received than for the same period of 1905. Receipts at Omaha were 3,422,400 bushels and shipments 2,548,400 bushels this year, while for the first ten months of last year receipts were 3,463,500 bushels and shipments 2,787,000 bushels.

BOB FINK GETS RESULTS

Sends Out Nearly Twenty Thousand Notices and Taxpayers Flock to His Office.

City and County Treasurer Fink is busy just now receiving county personal taxes for this year. The notices sent 12,700 and postal cards throughout the county, and the result is the treasury has the appearance of a land office on an opening day. County 1906 personal taxes will begin to draw interest December 1.

HUGHES PLANS FOR BANKERS

Secretary of Association of Busy Men Making Preparations for the State Convention.

Secretary Hughes of the Nebraska Bankers association is a very busy man these days preparing for the meeting of the association, which will be held in Omaha November 14. A splendid program has been prepared for each afternoon and evening of the meeting. The association is being worked up over recent robberies. In a circular Secretary Hughes says:

"The 'rogue' or tramp safe blowers are getting busy. This office has received reports of blowup at Akeley, Minn., by which robbers secured \$5,000 on the night of September 10. On September 12, two banks at Underwood, N. D., were robbed, but we are not advised how much cash was secured. We have just finished issuing a circular to all the banks and trust companies in Nebraska, asking them to be on their guard against the prevalence of this kind of lawlessness. If there is any way in which you can give your bank the protection of a safe, it would be better to do so, for this is the season of the year when the most trouble is to be expected. These robbers in Minnesota and North Dakota may try Nebraska next."

CONDUCTOR CAUSES LAW SUIT

Street Car Employee Throws Passengers and Provisions Off and Company is Sued.

Suit has been brought by Harris Greenburg in the justice of the peace court of W. A. Foster against the Omaha & Council Bluffs Street Railway company for damages in the sum of \$100. In his petition Greenburg alleges that August 25 he boarded a Harney street car, encumbered with two baskets of eggs and provisions and five small children. The petition does not allege that the eggs were fresh or otherwise. Greenburg placed the children in the car and the baskets on the rear platform, when the conductor insisted that the baskets be removed, and upon Greenburg's refusal the conductor threw the baskets into the street.

To complete a job well started the conductor then ejected Greenburg and the five terrified youngsters from the car, necessitating their walking home. Damages of \$100 are asked to alleviate the lacerated feelings of the complainant and family and \$10 for the lacerated feelings of the eggs when they hit the pavement.

STEALS WHILE UNDER BOND

Man Commits One Theft While Accused of Another and Bondsman Wants Relief.

While at liberty under bonds of \$1,000 on the charge of the burglary of the store of C. O. Hennings about two months ago, Henry Gilliam, 245 Burdette street, who seems to be a chronic thief, was arrested Friday night when he was caught in the act of stealing some harness and blankets from the stable of George Moore, 322 Grace street.

Gilliam had carried the articles from the stable when he was seen by Mr. Moore, dropped the harness and blankets and fled, but was captured. It is reported his bondsmen on the burglary charge, Thomas Hart, wishes to be released from the responsibility of being accountable for the appearance of Gilliam to answer to the burglary indictment and intends to turn Gilliam over to the authorities.

OMAHA TO HAVE A REAL ZOO

All Hazards Called in His Shows for the Winter to Quarter Here.

Omaha is to assume metropolitan airs and have a real "zoo," in which curios will be displayed in abundance and a wild animal show will be given. Al Barnes, who owned the animal show at the Ak-Sar-Ben carnival this fall, has called in his other animal shows which have been on the road with various carnival companies and united them with the other shows for the winter and has installed all in the building at 1207 Douglas street, where an immense zoo will be opened. The first performance will be given November 15, when the lion will ride horseback, the girl will dance in the den of wild African lions and all the other features of the united shows will be given.

MAN PROMISES TO DO DUTY

Says He Will Turn Over Wages to His Wife and Children Hereafter.

Upon his faithful promise, made to Judge Crawford in police court Saturday morning, that he would turn over all his salary to his wife and children, George W. Rutekin was discharged from custody. Rutekin was arrested Friday afternoon by Officer Woodruff, who found Mrs. Rutekin and four small children in destitute circumstances, owing to the fact that the husband and father spent all his money for liquid refreshments. It is probable that Rutekin's supply of booze money will be considerably curtailed.

Very Low Rates Tuesday.

Every Tuesday, balance of the year, the Chicago Great Western railroad will sell home-seekers' tickets to Minnesota, North Dakota and Canadian northwest at about half rate, to other territory, first and third Tuesdays. Write J. A. Ellis, G. A. 1213 Farnam street. State number in party and when going.
