NEW YORK, Nov. 6 .- According to incomplete returns from all over the state, received up to 19:30 p. m., Charles E. Hughes, the republican candidate, has been elected governor of New York state over William Randolph Hearst, the nomince of the democratic party and the independence league, by approximately a plurality of 40,000. Two years ago Governor Higgins was elected on the republican ticket by 80,560. There was some doubt expressed touight

as to the fate of the democratic and Independence league tickets outside of Mr. Hearst, several of the New York newspapers which have been supporting Mr. Hughes declaring that there was a chance that the subordinate officers of the democratic and independence league combination had been elected.

The latest figures seem to indicate that Mr. Hughes' plurality above the Bronx will exceed 115,000.

To offset this, Mr. Hearst's plurality in Greater New York will probably be from 75,000 to 80,000,

If anyone has the remotest idea that Omaha people were not interested and intensely interested in the outcome of the cleution he might have had that idea quickly austrated by standing for one brief moment to The Ree editorial rooms and listened to the battery of telephones ringing. Extra phones had been put in for the occusion and the entire number was kept in constant use, chiefly by calls from persons wanting to know how the election went. The fact is Omaha was deeply concerned in the returns. Further evidence of this fact was supplied by the thousands of people who stood at Seventeenth and Farnani streets and watched the building displayed by the lanters from The Bee offices against the New York Life building.
