Republicans Elected Governor of New York by About Fifty-Two Thousand Votes. LEUTENANT GOVERNORSHIP IN DOUBT

Result is So Close that Official Count Will Be Necessary to Decide the Result. Hearst Makes Charges of Fraud.

NEW YORK, Nov. 7.—Incomplete returns from thirty-one of the counties in the state of New York make it impossible up to 11 o'clock tonight to give definite figures on the state ticket other than for governor.

For lieutenant governor, Lewis Stuyvesant Chanler, the temperance-independence league candidate, has a lead in the city of Greater New York of 12,000. Up state, M. Tim Brue, republican candidate for lieutenant governor, is running slightly ahead of Mr. Hughes.

It is a victory for sobriety and for decency in the administration of government. But the people will tolerate no reference to public wrongs. They desire neither aggression nor inflammatory appeal on the one hand nor moral sermons on the other.

It is a victory for the people. The election is a rebuke to demagogical methods and it is also a rebuke to the demand for the repeal of the prohibition law.

At the headquarters of the independence league tonight the following statement was made public: Reports from upstate indicate not only that Mr. Hearst was defeated but that the vote for Mr. Hearst was not counted in many counties which will have to be added to the results of Mr. Hearst's vote in order to give the correct Hearst figures.

These figures are being fully investigated. The facts developed today explain the great falling off of the total vote cast yesterday as compared with the total vote cast two years ago.

The Modesty of Women

Naturally makes them shrink from the index question, the obstetric examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread.

Thousands of women who have been cured by Dr. Pierce's Favorite Prescription will write in appreciation of the cure which dispensed with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and general weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrappers.

Dr. Pierce's Medical Adviser is sent free to every woman in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. E. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days fret on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of every country, it makes weak women strong and sick women well.

Cures of Deafness Startle Southern City

Although many remarkable achievements of Dr. T. Cooper and his medicines have been printed from time to time, none are so startlingly wonderful as his cures of deafness. His phenomenal success seems to have taken New Orleans by storm. Every newspaper in the city is devoting columns to the reports of his work.

One man, Mr. E. Ganis, writes from New Orleans, telling me his experience was so remarkable that it was worthy of note. He said: "I have been troubled with deafness, buzzing in the ears for some time and have been unable to find anything that would help me. I was tired of hearing, which was a source of much annoyance and embarrassment.

Dr. T. Cooper is the man who created sensation in the East with his medicines and who, in St. Louis a short time ago, after effecting a number of startling cures, made a personal tour of the slums seeking the worthy poor, among whom he distributed a small fortune in money and several carloads of medicines.
