

Every Niece and Nephew of Uncle Sam

should be deeply interested in what he has said about soda crackers, because they are the one food with which all of them are familiar.

Uncle Sam has given out figures showing that soda crackers are richer in nutriment and body-building elements, properly proportioned, than any food made from flour.

This is saying much for common soda crackers, and much more for **Uneeda Biscuit**, because they are soda crackers of the best quality. They are baked better—more scientifically. They are packed better—more cleanly. The damp, dust and odor proof package retains all the goodness and nutriment of the wheat, all the freshness of the best baking, all the purity of the cleanest bakeries.

Your Uncle Sam has shown what food he thinks best for his people. His people have shown that they think **Uneeda Biscuit** the best of that food, nearly 400,000,000 packages having already been consumed.

TWO MEN SHOT OVER FARE

Passenger Shoots Conductor and Then Attempts to Commit Suicide.

BOTH ARE IN A CRITICAL CONDITION

Carl Kramer of Memphis, Nebraska, and "Stubby" Walters of the Burlington Are the Men Involved.

While en route to Omaha at 8:30 Wed. morning on Burlington train No. 4 between Ashland and Gretna, Carl Kramer of Memphis, Neb., became involved in a dispute over the payment of fare with Conductor "Stubby" Walters and shot the conductor twice with a .38-caliber revolver and then placed the weapon in his mouth and discharged it in an attempt to end his own life.

Conductor Walters was shot in the left shoulder and left side and taken to his home at Lincoln in a very serious condition, while Kramer was brought to Omaha on the train and taken to the Omaha General hospital. It is believed that Kramer has little chance of recovery.

Kramer boarded the train at Memphis, which is on the Schuyler branch, paid his fare to Omaha and received a rebate check as a receipt. He was on his way to Excelsior Springs, Mo., and changed trains at Ashland. When Conductor Walters insisted on the payment of his fare to Omaha from Ashland Kramer refused as he said the proper fare had been paid and the quarrel begun, which ended in the shooting. Kramer was in the smoking car and shortly before the train arrived at Gretna, he went into the car behind, which was filled with passengers, where he renewed the argument with the conductor and without warning pulled the revolver and began firing.

The home of Conductor Walters is at Lincoln, where he was taken after the train arrived at Gretna and was accompanied by one of the physicians of that place. Passengers on the train who witnessed the shooting said Kramer appeared slightly demented, acting very surly and morose to fellow passengers and it is possible he was going to Excelsior Springs for treatment.

When the train arrived at Omaha the police station was notified and Police Surgeon Elmore was sent with the ambulance where Dr. Porter performed the operation and had Kramer taken to the hospital, in removing the bullet, Kramer was unconscious and the wound in the roof of his mouth would in any event have precluded his talking. His identity was established by means of a slip of paper with his name written thereon, which was found among his effects together with over \$100 in bills.

Beware of Frequent Colds.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended as a cure for colds. Mrs. M. White of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Some one told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. I used it for some time and it cured me. Now my throat and lungs are sound and well."

GAMBLERS ARE LOSING OUT

Speculators Are Passing Out of Grain Business, Says Chubbill.

ONLY A MERCHANDISING PROPOSITION

Greater Great Western Official Says Omaha's Position in Grain World is Certain and Substantial.

"The grain business of the west is being put on a straight commercial basis and the gambling element is being snit out," said H. H. Chubbill, formerly general agent of the Chicago Great Western in Omaha and now with the Cottingham Grain company of St. Louis. "The grain-business has become a purely merchandising proposition and option trading and gambling is becoming less a feature of the business every day. The recent failure of some of the speculators in Chicago is the result of natural conditions. The farmers are becoming so prosperous they don't have to gamble or take a chance and you have to buy their goods for profit. The actual stuff is now the only proposition, and it is a good thing."

Omaha is rapidly becoming a strong point and it has a great future. The market situation in the center of the great corn belt of the country is all in its favor. Omaha now has the same rate on grain to Kansas City that St. Louis has. The territory is back of Omaha, Nebraska is coming to the front, and that is Omaha. I am talking to some Chicago grain men Saturday and I put the question to them as to what was the strongest market in the west, and they all answered Omaha.

"Statistics are what talk and not hot air, and Omaha has the figures. It has never taken a backward step since the establishment of the grain market. Every commission concern in St. Louis is flirting with
