IN DIRECT TOUCH WITH CAPITAL

Three Wireless Messages Are Received and One is Expected Every Day—Budgets of News for Executive.

WASHINGTON, Nov. 9.—Advice received in Washington today shows that the president, who is aboard the battleship Louisiana headed for the Isthmus of Panama, is well on his way there. The transfer from the yacht Mayflower on which the start was made from Washington, to the Louisiana took place last night in Chesapeake bay. The ship passed out of the capes to sea early this morning and at noon passed Cape Hatteras. The latest news given out by Secretary Lobb concerning the whereabouts of the vessel was contained in the following dispatch from Captain Couden, commanding the Louisiana:

At noon, the Louisiana passed Cape Hatteras. Secretary Lobb expects but one message from the president unless circumstances intervene which require more frequent communications. Any matter which requires the president's personal attention will be communicated immediately to him by wireless telegraph.

Small budgets of the important news of the day also will be made up in Washington and sent to the president so he may be kept accurately and constantly informed of what is going on in the United States.

The first wireless message received at the Navy department in connection with the president's Panama canal trip came today, as follows:

Louisiana sailed from Pine Point about 11 p. m. last night and was near Cape Henry at 5 a. m. today.

Passing Virginia Capes. NORFOLK, Va., Nov. 9.—President Roosevelt, on board the United States battleship Louisiana, bound for the Isthmus of Panama, passed out of the capes of Virginia exactly at 6:30 o'clock this morning. The Louisiana was followed by the armored cruisers Tennessee and Washington, which are to convoy the battleship on its southern trip.

When some ten miles from Cape Henry the Louisiana raised signals of some kind, which the United States weather observer at the cape was unable to distinguish because of a great amount of smoke being emitted from the funnels of the Louisiana and other vessels at the time. Neither of the warships made any stop, however, and soon passed out of sight to the southeast of Cape Henry.

The transfer last night of the presidential party in upper Chesapeake bay from the yacht Mayflower to the Louisiana was without accident, so far as is known here.

The weather at sea today is charming and the conditions for a delightful trip by the president and his party could not be more promising than at present. Wireless telegraph messages are expected from the president all along the coast. The Louisiana will not leave the coast shore for any great distance and will be in touch by wireless almost during the entire trip.

Wireless telegraphic communication between the battleship Louisiana and the convoying cruiser Tennessee heard yesterday today, told that all was well with President Roosevelt and his party, aboard the Louisiana bound for Panama. The warships were then some distance to the southeast of Cape Henry, passing down the North Carolina coast.

RANGERS FIGHT MEXICANS

Texas Investigating Murder Attacked and One of Their Assassins Are Killed.

HOUSTON, Tex., Nov. 9.—A special to the Chronicle from Laredo, Tex., says four Texas rangers sent to Rio Grande City to quiet turbulent political conditions there and to investigate the assassination of District Judge Welch, which occurred the night before the election, were ambushed by a body of armed Mexicans between Fordyce and Rio Grande City late last night. The rangers were asleep in camp when awakened by a volley of shots from the darkness. A pitched battle ensued and four of the attacking party were killed, one fatally wounded and two captured. The rangers escaped unscathed.

Governor Lanham today ordered a company of cavalry to start today and a special train is now carrying troops on a fast run.

INCENDIARISM IN NEW YORK

Fire Fires in One Neighborhood Arouse People and Women Dies of Shock.

NEW YORK, Nov. 9.—One woman is dead, a man in a hospital suffering from severe burns, 2,000 persons fled from their homes in panic and thousands more passed a sleepless night as a result of a series of incendiary fires in the two blocks bounded by Sixtieth and Sixty-first streets and Columbus and West End avenues early today. Scores of persons whose lives were endangered by the conflagration were rescued by firemen. In all there were five fires, every one of them incendiary, between midnight and 2 o'clock this morning.

The woman who lost her life was Caroline Swain, 70 years old, who resides on one of the buildings which were fired. She died of heart failure, caused by fright.

Adrian Tompkins, in a fight with his hands and feet severely burned as a result of climbing down a rafter escape, is in a serious condition.

The rapidly succeeding fires, the crowds of evicted tenants and the terrifying rumors spread through the neighborhood, with the constant appearance and disappearance of the fire engines and the big squads of police, raised the people throughout the vicinity to a high pitch of excitement, which did not lessen until daylight brought a measure of assurance that the incendiary was stopped for a while. The excitement spread even to Broadway, and in the Marie Antoinette, Ansonia, Empire and other big hotels in the neighborhood of Thirtieth square the guests were aroused by the conflagration. In St. Paul hotel, Sixty-first street, Columbus avenue, the Hotel Hudson, at Sixty-second street, both close to the fires, all the guests were aroused.

All the houses where the fires occurred were flat houses. Three of them were occupied by whites and two by negroes. Most of the tenants were already in bed when the first fire broke out and escaped to the streets in the scantiest clothing.

The first fire was in a five-story tenement house at 106 West Sixtieth street, occupied by five families, all of whom escaped. The second fire was in a tenement house at 37 West Sixtieth street. In a lot of rubbish in the basement. All the tenants escaped.

At the third fire, at 215 West Sixtieth street, there were several narrow escapes and starting runs of the tenants. William Murray, who lived on the third floor, carried out five of his children, and James Smith, a spectator, went into the house and brought the sixth Murray child down to the second floor window and jumped into the arms of the sidewalk.

Another spectator caught them both. The child was unhurt. An aged negro was carried out by other spectators.

An hour later the fourth fire was discovered a block north at 249 West Sixty-first street. It was quickly extinguished. The fifth and worst of the fires was discovered at 110 West Sixty-first street at 2 a. m., while the street was still thronged with frightened and excited people. There were twenty apartments in the building and the escape of the occupants of the top floor, which was long as he was painfully burned while climbing down the fire escape.

In each case the firemen quickly stopped the progress of the flames. The loss was about \$3,000.

Frank Morris of Boston, a vaudeville performer of the firm, was seen setting the fires. The police arrested each of the five tenants reported that when they fled from their apartments Morris was the first person they met.

When Morris, whose home is in Boston, was arrested, he was taken to the police station. He expressed the opinion that he was mentally irresponsible and asked the magistrate to commit the boy to Bellevue hospital for five days for examination. The magistrate, however, refused and held Morris in \$5,000 bail for further examination on Sunday.

CALIFORNIA HOTEL FALLS

Nearly Completed Structure at Long Beach Collapses, Carrying 150 Men.

NINE ARE NOW KNOWN TO BE DEAD

Contractor's Roll Shows One Missing and Nine Are Now Known to Be Dead

LONG BEACH, Cal., Nov. 9.—With no warning save the crash of workmen who fell the floor sag beneath their feet, the new \$1,000,000 Bixby hotel collapsed at 9:35 this morning, carrying nine men to death in the tons of tangled wreckage. About 150 artisans and laborers were scattered through the structure at the moment it fell and of these nearly 100 were carried down in the ruins.

Seven bodies have been recovered from the mass of debris in the basement, and one of the injured died late this afternoon at the Long Beach hospital. The last two victims were found at 8 o'clock this evening and the rescue crews are still at work in the hope of uncovering the body of another man supposed to be buried there.

Injured workmen are being cared for at the hospital, but it is believed that all will recover. All of the men on the contractor's rolls are accounted for save one, supposed to be still in the ruins.

FLANK MORTON, aged 25, carpenter, ALVIN DESHAUER, aged 37, carpenter, ALBERT HARTLE, aged 27, carpenter, R. M. Perkins, aged 28, stripper, Long Beach, CALTON BRASHEAR, aged 30, carpenter, Signal Hill, APTON BRANSON, aged 40, laborer, 834 California avenue, Los Angeles, LEWIS PHILLIPS, aged 22, carpenter, Los Angeles, B. A. Hill, carpenter, 6124 West First street, Long Beach.

Work of Rescue. Immediately after the collapse of the structure hundreds of bystanders lent willing aid in the work of rescue. The Southern Pacific, the Salt Lake & Pacific and the electric railroad sent crews of laborers to the scene and under the direction of City Marshal Young, Mayor Downs and Contractor Spaulding the task of removing the wreckage was begun. Company H, Seventh regiment National Guard, was called out and lines were thrown about the building, all but the rescuers being excluded.

Conflicting causes are assigned for the collapse of the central wing and to investigate the disaster a committee of architects and engineers was appointed. The committee consists of Architects Morgan, Krenple, Albright, Whitley, Osborne and Lewis Parker of Los Angeles; Contractor Carl Leonard of Los Angeles, Captain Price and Captain Ames, United States engineers; President Dausbeger of the Los Angeles Architects' association; Thomas Fellows, assistant building inspector of Los Angeles, and Austin Brown and C. H. Craig, representing the architects and the contractor of the hotel.

Footings Were Insecure. The new hotel is built on the beach and stands facing the ocean. To this fact Contractor A. F. Spaulding attributes the disaster, claiming that the footings were insecure and weakened the structure. John Adams, architect of the firm of Austin & Brown, architects of the building, accuses the contractor of the premature removal of the supports from the concrete work in the flooring, alleging that the cement had been given three instead of six weeks to "set."

Almost without exception the men contend that the building fell from the top, carrying the lower floors with it.

WATCHER AT SICK BED ROBBED Covered with Revolver and Compelled to Give Up Two Valuable Rings.

While sitting up to watch at the bedside of her mother, who is ill, which it is feared will soon expire, Dorothy, the 14-year-old daughter of Thomas H. Rochford, 1904 South Tenth street, was held up at the point of a revolver by a man who entered the house through an unlocked door Friday evening and forced her to give him two valuable rings. It is believed the robber was well acquainted with the family and the house and knew where the rings were kept.

BOARD IS NOT DISCHARGED

Police Commission Intact So Long as it Does Its Official Duty.

MICKEY ON CIVIL FEDERATION CHARGES

Chief of Police Must Enforce Sunday Closing, Board Responsible for Chief, but Execution Question for Court.

The Omaha Board of Fire and Police Commissioners remains in office and the Civil Federation drops its fight to oust it, pending the enforcement of the Sunday closing of the saloons; that law must be enforced, the chief of police is held responsible for its enforcement, the board, of which the mayor is chairman.

Confidence in Chief Donahue. Getting down to carpet facts, the governor declared he would be disappointed if Chief of Police Donahue did not cause every saloon in Omaha to be closed next Sunday. His excellency also closed next Attorney T. Mahoney, for the Civil Federation, expressed a willingness to drop the proceedings and not go into a hearing of evidence in the case if assurance were given that the St. Louis law would be enforced in Omaha. The commissioners agreed willing to carry out the suggestion by the governor, so with that understanding the matter was put in statu quo until such time as the Civil Federation shall decide to withdraw the charges.

Board Can Revoke Licenses. "There should be no compromise between citizens regarding enforcement of the law. The police board can control saloons by revoking or refusing licenses to violators of the law. The statute provides that the board should give instructions to the chief of police and the board should know what the chief is doing, and then the question resolves itself into one of law enforcement. The question as to who shall enforce the law has caused some difference of opinion, and at the recent hearing before me I found eminent counsel on each side, and I can not believe each side was sincere in its conviction," continued the governor.

Saloon Men Should Obey Law. The governor said the saloon keepers expect and receive protection of the law and should in return obey the law. "The city is entitled to a complete enforcement of the law. No liquor license can legally be issued to a violator of the law," he added.

Commissioner Thomas remarked that the board had always been well-intending and unambiguous in its actions. "If you mean to say that a saloon will be refused a license if the proprietor has kept it open on Sundays," asked the governor of Mr. Thomas.

"We recognize the law is mandatory on this matter," replied Mr. Thomas. "To avert a pending controversy between T. J. Mahoney and Dr. Miller the governor said: "I hold the chief of police should, next Sunday, arrest every saloon keeper whose saloon is found open. The mayor may oppose the chief, but he does not appoint the police and has only one vote on the board."

The governor's last remark was: "I have confidence in my board."

BRYAN ON ELECTION RESULTS

Nebraska Leader Says His Part Won a Signal Victory in New York.

LINCOLN, Nov. 9.—Commenting on results of Tuesday's election, W. J. Bryan gets considerable satisfaction in viewing the outcome from a democratic standpoint. The New York City party has a signal victory in spite of the tremendous efforts put forth in behalf of the administration. The republicans had all the close they had whatever influence the administration could wield. The fact that the democratic vote was elected every county excepting the governor shows that in the Empire state the republican party has been re-elected.

Protects the Honor of Grant. One of the most important features of the entire meeting was the unanimous adoption of the report of the committee, consisting of General Oliver O. Howard, Mrs. John A. Logan, General Vespasian Warner and General John C. Black as chairman.

Discussion is Antimated. The report brought forth a warm discussion. General Logan, his voice quivering with emotion, denounced the starchy pronouncement of General Dodge as equally vehement in his denunciation of the statement of the committee.

Democracy Gains in Congress. The democratic gains in congress have not been as great as some had hoped. They have been sufficient to make it possible that the democrats will control congress in the election of 1908.
