GRAIN AND PRODUCE MARKET

Session Passes Off Without Feature in the Wheat Pit.

CLOSING PRICES FRACTIONALL LOWER

Estimate for World's Shipments Much Lower Than Recent Average—Crowd Attempts to Bull May Corn, Without Success.

OMAHA, Nov. 10, 1906.

Wheat was quiet and without feature throughout the session. Liquidation in December is not going forward as rapidly as many anticipated. The estimate for world's shipments at 10,000,000 bushels is much lower than the recent average.

The crowd again attempted to bull the May delivery, without success. Cables came ½@¾d higher and unsettled weather is indicated over a portion of the belt. The government figures this afternoon were considered bearish.

The bullish efforts in oats were entirely local, but failed to advance prices. There seems little basis for strength aside from the December position.

Primary wheat receipts were 837,000 bushels and shipments 406,000 bushels, against receipts last year of 1,199,000 bushels and shipments of 913,000 bushels. Corn receipts were 540,000 bushels and shipments 422,000 bushels, against receipts last year of 469,000 bushels and shipments of 253,000 bushels. Clearances were 39,000 bushels of wheat, 20,000 bushels of corn, 17,000 bushels of oats and flour and wheat equal to 463,000 bushels.

Liverpool closed unchanged to ¼d higher on wheat and ¼@¾d higher on corn.

An Argentina market report reads as follows: "Wheat crop prospects are favorable in the province of Buenos Ayres, which has the largest area. Those of Santa Fe are for a moderate crop only, owing to previous drouth and locust damage. The weather at present is favorable."

Broomhall estimates world's wheat shipments at 10,000,000 bushels, against receipts last week of 11,504,000 bushels and last year of 12,502,000 bushels.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, Nov. 10.—The local wheat market was held steady by the continuance of small receipts in the northwest. At the close wheat for December nearly was on ½c. Corn was down ¼c. Oats were a shade higher. Provisions were a shade to 2½c lower.

Trading in the wheat pit today was quiet and the bulk of business was in the May option. Receipts at Minneapolis and Duluth were again enormously below those for the corresponding day last year and the total primary receipts were about 20 per cent less than for the same date. The total world's shipments and the amount of breadstuff on ocean passage, it was predicted, will each show a decrease for the week. These factors had a steadying influence on prices. An increase in winter wheat acreage, as indicated by the report of a local crop expert, induced some selling by pit traders late in the day and caused a slightly easier feeling. The market, however, closed steady. December opened ¼c higher at 72¾@73c, sold between 72½c and 73¾@73¼c, and closed at 72¾c. Clearances of wheat and flour were equal to 463,000 bushels. Primary receipts were 837,000 bushels, against 1,199,000 bushels for the corresponding day one year ago. Minneapolis, Duluth and Chicago reported receipts of 518 cars, against 514 cars last week and 1,063 cars a year ago.

Selling of the December delivery by cash houses against purchases from the country caused an easy tone in the corn market, although the prices changed but little. Trading in general was light and the close was steady. December opened unchanged to ¼c higher, at 42¾@42¼c, sold off to 42½c and closed at the lowest point. Local receipts were 341 cars, with 87 cars of contract grade.

Oats were firm all day, because of an active demand by commission houses and local bulls. Selling was chiefly by longs, but offerings were not large. Small receipts, a lively shipping demand and an official forecast of unsettled weather in the middle west had a strengthening influence. December opened ¼c higher, at 34¼@34¾c, sold between 34½@34¾c and closed at 34¾c. Local receipts were 159 cars.

The feature of trading in provisions was the purchase of 3,000 barrels of pork for May delivery by a prominent commission house. This had a tendency to hold prices steady early in the day, but later realizing sales caused slight declines. At the close January pork was a shade lower, at $14.12½@14.15. Lard was 2½@5c lower, at $8.45@8.47½. Ribs were 2½c lower, at $7.50.

Estimated receipts for Monday: Wheat, 61 cars; corn, 339 cars; oats, 345 cars; hogs, 34,000 head.

The leading futures ranged as follows:
