COMPERS' ANNUAL ADDRESS

President of American Federation of Labor Talks to Delegates.

SOCIETY IN SESSION IN MINNEAPOLIS

Head of Federation Refers to Several "Live Issues" in Report on Work of the Past Year.

MINNEAPOLIS, Nov. 12.—The feature of the opening session here today of the Twenty-sixth annual convention of the American Federation of Labor was the exhaustive annual report of President Samuel Gompers, in which he detailed the progress of the labor movement throughout the country, laid special stress on the advance of unionism in the political arena and recommending that this course be strictly adhered to. A strong plea was made for the employment of American labor on the Panama canal.

At the conclusion of President Gompers' address the annual report of Secretary Frank Morrison was read, which showed the federation to be in not only splendid financial condition, but also stronger in membership than at any previous time.

There is at the present time \$125,000 in the treasury of the federation. During the year there were 87 strikes, in which there were 51,000 men involved. Of that number 28,122 were benefited and 11,111 not benefited. The total cost of strikes during the year was \$3,250,000.

The convention adjourned until 2 o'clock tomorrow morning. The sessions will continue for two weeks.

In the course of an annual address President Gompers said:

Without detracting one iota from any association, the fact is that the modern labor movement has done, is doing, and will undoubtedly do, more for the human family than all other agencies combined. A strike is not a mere act of force, but a declaration of war, and it is the duty of every citizen to support it. It is the duty of every citizen to support it. LEUPP OPPOSES SUGGESTION

Thinks it Bad Policy to Settle the Utes on the Powder River.

(From a Staff Correspondent)

WASHINGTON, Nov. 12.—(Special Telegram.)—Commissioner of Indian Affairs Leupp was shown a special to The Hon. Charles W. Fox, that a solution of the difficulty which has arisen between the White River Utes and the government could be solved by the purchase of lands in the Powder river valley and give it to them in lieu of lands which were allotted to them by the United States government in 1850. It is represented the Powder river valley is sparsely settled and those who have acquired homesteads there could be induced to sell their holdings at a nominal figure. It is said the Utes covet this Powder river valley because over it roam considerable numbers of antelope, bison and agricultural tribes, but hunters and will not be content to return to the peaceful pursuits of agriculture on lands allotted to them in the Uintah reserve. They appear to desire to get as far away from the abode of the white man as possible and ally their livelihood by hunting and fishing.

"This proposition," said Commissioner Leupp, "does not appeal to me. The policy of the government in administering to the welfare of the Indian is to turn his mind away from the pursuit of game for a living and induce him to settle down to the cultivation of the soil and attempt to make him a self-supporting farmer, rather than a trapper or hunter. Of course, the proposition to purchase lands in the Powder river valley and create there a reservation for the dislocated White River Utes has not been brought to my attention officially. In fact, I heard of it first through the clipping from The Bee. I do not know how the president may take to the suggestion which it is said the chiefs will make to be permitted to exchange their present allotment for government lands in the Powder river valley. I may not be consulted about the matter, but if I am, from such high authority as I have at present regarding the situation, I would be inclined to oppose. If every time a discontented band of Indians were given new locations, we would be in a bad way continuously. Those of the Utes who have accepted their allotments on the Uintah reservation and bucked down to tilling the soil are prospering, but those who refuse to give up the chase are very apt to find there will be very little in the tepee stew kettle."

VILLAREAL TO BE DEPORTED

Alleged Mexican Revolutionist Is Also Accused for Murder in His Native Land.

WASHINGTON, Nov. 12.—Antonio Villareal, who is under arrest at El Paso, Tex., is to be deported to Mexico, where he will face charges of treason brought against him by the Mexican government. He had been appointed as a special commissioner to assist the United States district clerk at a special session of the federal courts in 1879 to draw the jury panels; that he was holding over as an appointee of Judge Dundy since that time and that his appointment as a special commissioner expired with that special term of court in 1879. The United States district attorney, George R. Booth, filed a bill of exceptions to the plea in abatement on the ground of insufficient cause, on the ground of insufficient cause.

The argument of the point. The argument was participated in by Harry B. Hays, U. S. district attorney for Nebraska, and S. R. Bush, attorney for Richards, Comstock, and Elmer Frank, who are attorneys for the government. Bush and Hays held that under the statute the jury commissioner must be of the opposite political faith of the clerk of the court in which he is appointed. The fact that when he was appointed in 1879 he was a democrat, while the then clerk of the district court, Elmer Frank, was a republican. However, in the lapse of thirty years the present district clerk, R. C. Tilden, is a democrat, hence Dr. Tilden was appointed as a democrat. The drawing of the federal jury is now wholly within the hands of two men of the same political faith and has been for the last political party since Mr. Hoyt has been district clerk and for this reason their acts are held to be invalid.

Mr. Bush contended that Dr. Tilden had since changed his political faith and was now a republican, which would make the jury commissioner consist of two men of the opposite political faith. This proposition was rejected by the court and it was held that the plea in abatement was barred from the pleading in the bill of exceptions. After further discussion the court decided to overrule the exceptions filed by the government attorneys to the plea in abatement.
